	<i>Notes:</i> 1. Overview provided by Brad. 2. Construction Funding Concerns <ul style="list-style-type: none">Moss raised a question about construction funding being front-loaded in FY2027 and whether the funds might not be fully spent in that year, potentially rolling over into subsequent years.Achia clarified that the TIP, as adopted, represents the current plan but is subject to change.Moss pointed out that no construction is programmed for FY2028, which seems unusual.Brad explained that construction funding levels naturally fluctuate year to year. 3. Construction Project #2 <ul style="list-style-type: none">Moss asked for clarification on the specific improvements included in Construction Project #2.Brad responded that he would need to review the project details before providing a definitive answer.									

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

4. 143rd Avenue Project (County PDE)

- Moss inquired whether the Project Development and Environment (PDE) study for 143rd Avenue, discussed previously, would fall under planning.
- Achia confirmed that this project is included in the 2027–2031 Strategic Urban (SU) Plan draft. The draft will be presented to the board on July 1 for adoption, pending consensus on the proposed concept.

5. University Lighting Project

- Hall noted that while the PDE was identified, construction funding for the project doesn't appear until FY2029 (refer to Table 15).
- Achia confirmed that construction is programmed for FY2029–2030.
- Hall observed that some funding seemed to be allocated in prior fiscal years.

6. Motion

- A motion to approve the TIP was made by Moss and seconded by Seth.

Next Steps:

- Brad to review and confirm the scope of Construction Project #2.
- Finalization of SU Plan draft and preparation for board adoption on July 1.

VII.B.	Action Item: Long Range Transportation Plan - Needs Plan <i>Motion: Approval of the LRTP Needs Plan for inclusion in the LRTP update to be adopted in August</i>	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input checked="" type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> M <input type="checkbox"/> S <input type="checkbox"/> Y <input type="checkbox"/> N	<input type="checkbox"/> Pass <input type="checkbox"/> Fail <input type="checkbox"/> Unanimous
	Notes: 1. Long Range Transportation Plan <ul style="list-style-type: none"> • . Overview of Transportation Projects 									

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

- Siren provided an overview of the current transportation projects and their status.

2. Clarifications and Questions Regarding Project Scenarios

- Debbie asked whether the highway scenarios are carried over into the next project scenario.
- Siren confirmed that the highway scenarios are indeed carried over.
- Debbie clarified that some agency projects are funded, while others are not. She also mentioned a correction to 39th Avenue, which should be second on the composite list.
- Leei confirmed that the updates would be made
- Wright expressed that the table in the appendix is difficult to interpret due to new streets not being clearly identified. He suggested adding descriptors for better clarity.

3. Connectivity and Scoring Metrics

- Leei explained that the current connectivity measures are limited to direct connections to activity centers or freight hubs. Other connectivity considerations, such as parallel roads or roads with higher connectivity, could also be taken into account if cities or counties have suggestions.
- Siren agreed and mentioned that agency rankings could be incorporated into the scoring.

4. Safety Concerns and Prioritization

- Hal/Cullen raised a concern about prioritizing safety, particularly on context streets around the university. He asked if there is a way to prioritize safety aspects, not just trip needs, in project scoring.
- Siren confirmed that performance measures could include a safety index to quantify safety-related projects. Multimodal projects with sidewalks and bike lanes would also contribute to safety and be highlighted.
- Cullen asked if the safety aspects are already incorporated.
- Siren confirmed that safety is one of the goals, and the criteria are already included in the project scoring.
- Leei emphasized that safety projects are ranked separately from other project categories to avoid competition between them.
- Hal/Cullen asked if the safety measures align with the overall direction of the plan.
- Jeremiah clarified that PTAC is an advisory committee, not one that sets specific direction for this project.
- Cullen emphasized the need to include these considerations in the analysis.

5. Connectivity Priorities and Campus Projects

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

- Jeremiah pointed out that campus connectivity is a priority for the university.
- Moss suggested implementing a more transparent metric to compare safety benefits across projects, rather than breaking them out separately.
- Siren agreed and noted that safety measures are included in multimodal scoring. They will consider adding a column to show safety benefits more clearly.

6. Modifications to E+C Projects

- Debbie referred to Appendix A, noting that agency projects are funded up to a certain degree but not for construction.
- Leei clarified that projects on the E+C network should be excluded if they are not going to be constructed.
- Siren agreed that if a project is up in the air regarding funding, it should be removed from the E+C list.
- Moss expressed that some projects on the list should be removed due to lack of funding or support for construction.
- Debbie noted that some of these projects are aspirational for the future.
- Siren confirmed that such projects can be part of the needs plan, but not included in the committed (E+C) list.
- Moss suggested that if projects are not funded or supported, they should be taken off the E+C list, and many of these projects should be removed from the plan.
- Cullen clarified that projects like 83rd Street (dedicated transit lane) are still on the list despite no support for widening. He suggested these projects be moved to multimodal consideration.

7. Addressing Aspirational Projects and Future Needs

- Moss indicated that several projects on the list, such as Archer Road widening, may not be feasible in the next 5 years and should be removed from the E+C list.
- Debbie pointed out that some of these projects have been identified in previous plans but are no longer county priorities.
- Siren confirmed that projects carried over from previous plans without support could be removed, but some projects are still supported.

8. Discussion of the Cost Feasible Plan (CFP)

- Debbie emphasized that while some projects in the CFP have been completed (e.g., Projects 3 and 5), others are still aspirational and will need reevaluation.

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

- Siren agreed, noting that only one of the cost-feasible projects has been implemented so far and that the plan should focus on projects with ongoing county support.

9. Finalization of the Needs List

- Moss indicated that there are about 20 projects that need to be removed from the E+C list, including:
- NW 83rd Street
- NW 53rd Avenue
- N. Main Street
- NE 16th Avenue
- SW 62nd Avenue
- SW 20th Avenue
- Widening on Interstate
- Project 7 (pg. 12)
- Fort Clarke Blvd.
- Cullen suggested that the county cluster line and urban boundary should be clarified.
- Leei agreed to double-check the urban area boundary and make necessary adjustments.

10. Next Steps and Deadlines

- Brad confirmed that the TAC meeting will take place on July 16. He asked if that timeline will be sufficient for the updates.
- Siren confirmed the updates can be made in time for the June board meeting.
- Debbie suggested forming a working group within the TAC to review the changes before the board meeting.
- Leei noted that updates will be sent out by the end of the week or early next week for review.

11. Motion

- Moss moved to conditionally approve the changes to the E+C list and appoint a subcommittee to meet next week to review the revised list.
- Hall seconded the motion.

V. Item C

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

MAY 28, 2025 – LONG RANGE TRANSPORTATION PLAN - NEEDS PLAN

Meeting: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Meeting

Group: Technical Advisory Committee Working Group

Topic: Long Range Transportation Plan – Needs Plan Discussion

Location and Time
Gainesville RTS
2nd Floor Conference Room
Regional Transit System (RTS) Building,
34 SE 13th Road, Gainesville, Florida
3:00 PM

Key Updates and Discussion Points

1. Project List Revisions

- **Srin** reviewed the updated project list.
- Projects were reorganized for clarity—**roadway and connectivity projects** were merged into a unified list.
- Project details (e.g., names, limits, from/to points) were verified and updated for accuracy.
- Some projects were reclassified, such as the **16th Ave project between 12th Street and Main Street**, which was moved from a capacity project to a **multimodal complete streets project**.
- **Projects 26 and 27**, which are already constructed, were removed.
- The list is now more **contiguous**, with gaps only for constructed or non-federally funded projects.

2. Project Mapping and Network Gaps

- Srin presented the updated **project map**.
- **Alison** pointed out segments showing **Volume-to-Capacity (V/C) ratios exceeding 1.2**, indicating high congestion.
- Some of these segments are not covered by needs projects, but **parallel corridors** may provide relief.
- Alison noted that **orange segments on the map** indicate these high-V/C areas without direct project coverage.
- Srin clarified that these gaps may be addressed through parallel improvements.

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

3. Multimodal Project Diversity & Prioritization

- **Debbie** observed a wide range in the **scale of multimodal projects**, raising concerns about how to handle them in the **Cost Feasible Plan**.
- **Srin** acknowledged this and emphasized the importance of **sidewalk and safety improvements**.
- He suggested developing a **prioritization framework** so that small-scale projects like sidewalks can compete fairly with larger-scale projects like complete streets.

4. Alignment with Other Plans

- **Alison** noted she had not yet compared the updated list to the **County Mobility Plan or the Capital Improvement Plan (CIP)**, but the new version appears more digestible.
- She questioned whether any projects were filtered out.
- **Lai** responded that they received shapefiles from the mobility plan and only excluded projects **not on the federal aid network**.

5. Corridor Considerations & Data Gaps

- Alison mentioned the **North-South corridors** (e.g., Tower Road, 74th Street, 91st Street), noting that some projects may be missing or incomplete.
- She requested a different forum to provide more detailed comments on gaps like **91st Street**.
- Srin confirmed their intention to **finalize graphics and update the executive summary** for the upcoming board meeting.

6. Timeline and Deliverables

- **Brad** said the **board meeting is Monday**, and updated documents need to be **posted by tomorrow**.
- **Alison** committed to submitting as much feedback as possible by then.
- Srin and Lai offered to incorporate those edits immediately.
- Lai shared the screen to review the data received and confirmed **some visible gaps** were within identified roadways but not reflected in the data.

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

Action Items:

- Alison will provide feedback on missing or incomplete projects by tomorrow.
- Srin and Lai will finalize maps, tables, and the executive summary for board adoption.
- Team to clarify and reconcile any gaps with mobility plan data, particularly along North-South corridors.

	<p>Notes: Srin provided overview of the LRTP process, LRTP goal development and meeting schedule. and the needs plan. Leyi Zhang provided overview of the process for the needs assessment and scoring methodology. Srin discussed the scenario analysis. Mike E. asked if 2050 mirrored the 2045 LRTP. Srin noted there was an increased multimodal focus. Capacity projects are similar. Mike E. asked if micromobility was incorporated into the analysis. Occurring in both dedicated and general-purpose lanes. Also asked about transit box funds for implementing TDP and funding for bike plan. Noted plans must be revenue sensitive. Srin noted they are all consider in the multimodal needs. Leyi indicated that micromobility was considered in vulnerable road users. Mike E. Commented on post-covid impacts on commutes. Did resultant infill impact TAZs. Srin indicated that it did. Harrar asked about the tables and whether it indicated priority. Leyi responded that it was not purely a prioritization yet.</p> <p>Ch Steiner asked about the impact of going county-wide. Srin noted it didn't change the process but added participation and projects considered. Leyi indicated there were more agency projects identified in the needs plan. SIS projects were included before. (e.g. 75). Steiner asked about small cities. Srin indicated they did provide some projects. Steiner questioned equating economic vitality with mobility and not multimodal. Should include accessibility in activity centers and employment. Srin/Leyi – they did consider accessibility in low-income areas. The TAC recommendation to remove certain project from the E+C if not funded in 5 years for construction. And certain project that were include in the needs list were in city plan but county roads not in the county plans that would be removed.</p> <p>Brad and Srin explained the recommendation of the TAC. Escalante offered motion with addition of consideration of boxed funds. Harrar recommended substitute motion of approval of list with revisions as recommended by the TAC</p>

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee/
Citizens Advisory Committee

From: Brad Thoburn

Subject: **2050 Long Range Transportation Plan – Cost Feasible Plan**

RECOMMENDATION

It is recommended that the Technical Advisory Committee and the Citizens Advisory Committee review and approve the Long Range Transportation Plan (LRTP) Cost Feasible Plan.

BACKGROUND

The Metropolitan Transportation Planning Organization for Gainesville and Alachua County Area (GMTPO) is currently updating the 2050 Long Range Transportation Plan. The Cost Feasible Plan is a key component of the LRTP that outlines the transportation projects the GMTPO will be able to afford over a 20-year horizon. The Cost Feasible Plan is based on the LRTP Needs Plan that was approved by the GMTPO Board in May 2025. The Cost Feasible Plan will be presented to the GMTPO Board for approval on August 19, 2025.

The LRTP Cost Feasible Plan and Presentation are attached.

1. Introduction

The Cost Feasible Plan (CFP) is a primary element of the Gainesville/Alachua County Metropolitan Transportation Planning Organization's (MTPO) 2050 Long-Range Transportation Plan (LRTP). It connects the region's transportation goals and identifies needs with the constraints of available funding.

The purpose of the CFP is to identify a realistic, fiscally constrained program of transportation projects of all modes that can be implemented within the 25-year planning horizon, based on reasonably anticipated revenues. It reflects the MTPO's commitment to advancing mobility, safety, accessibility, and sustainability across Alachua County and the Gainesville metropolitan area.

This document is developed in accordance with federal and state regulations, including 23 CFR 450.324 and Florida Statutes Chapter 339, which require MPOs to prepare a financially constrained plan as part of the LRTP update. CFP incorporates input from the public and the partner agencies- the Florida Department of Transportation (FDOT), Alachua County, City of Gainesville, and the University of Florida

Projects included in the CFP were prioritized based on performance measures, needs identified in the earlier stages of the LRTP, consistency with local and regional plans, and community input. Each project is assigned to a specific time band: 2026–2030, 2031–2035, 2036–2040, or 2041–2050. Roadway projects that cannot be funded within the projected revenues are documented separately as Illustrative Projects. The multimodal, transit, and safety projects were allocated with dedicated funds (boxed funds) to add flexibility for the MTPO to prioritize them with additional local coordination.

The CFP supports the implementation of the MTPO's goals by guiding strategic investment in roadway, transit, bicycle, pedestrian, and transportation system management and operations (TSM&O) improvements. It serves not only as a fiscally responsible roadmap but also as a transparent commitment to deliver a multimodal transportation system that meets the region's evolving needs.

2. Revenue Forecast

This section presents the forecasted revenue sources and assumptions used in the CFP.

The projection of transportation revenues between 2025 and 2050 is critical to the development of the 2050 Cost Feasible Plan, which is a fundamental federal requirement associated with the Long-Range Transportation Plan (LRTP) update. This section describes the process used to forecast state/federal distributed revenues and reports the revenue forecasts, including the state/federal revenue forecasts provided by the Florida Department of Transportation (FDOT).

All revenue estimates are presented in five-year time bands starting in fiscal year 2025 and are expressed in year of expenditure (YOE) dollars to reflect the yearly rates of inflation estimated and provided by FDOT. The FDOT inflation rates are between 3.0% and 3.2% for the first three years (2026–2028) and a constant 3.3% annually for the remainder of the planned period between 2029 and 2050. The first six years of the future revenue estimates are included for consistency but will not be utilized in the cost-feasible plan, as

transportation funding for the period between 2025 and 2030 will have already been programmed through the FDOT Work Program and the MPO's Transportation Improvement Program.

This section provides State and federal revenue sources and includes a description of each source and its applicability to fund transportation improvements; an explanation of the forecasting process and assumptions; and a table summarizing the estimated future revenues.

State/Federal Revenue Sources

The federal and state revenue forecasts, excluding state-distributed fuel taxes, were prepared and provided by FDOT and are summarized in the 2050 Revenue Forecast handbook published in June 2023. The 2050 forecasts are significantly different than those developed for the 2045 LRTP cycle, in terms of how the funding programs are organized, their applicability to Transportation Management Area (TMA) and non-TMA MPOs, and the geographical distribution of revenues. One of the most significant changes in the 2050 forecasts is the way that the Other Roads funding program is summarized and used in the Cost Feasible Plan development. In the 2045 cycle, Other Roads was used primarily for state highway system (SHS) improvements, but with latitude for a portion of the funds to be used for local road improvements. In the 2050 revenue forecasts, Other Roads is broken down by SHS (non-SIS) and non-SIS/non-SHS, providing a more prescriptive level of funding for non-SHS improvements. Another significant difference in the 2050 state/federal forecasts is the separation of most federal funding program allocations between the FDOT district level and the MPO level, whereas in the past, only the MPO level allocations were provided.

Table 1 summarizes state/federal revenue estimates provided by FDOT. For the transit funding sources, in addition to the transit formula provided by the FDOT 2050 Revenue Forecast Handbook, the State Transit Corridor, State Block Grant, and FTA 5311 Rural Transit Funding provided by District 2 are also included. The FTA 5311 Rural Transit Funding and State Block Grant were projected to increase by 5% annually through 2050, while only the programmed funds through 2031 were included for the State Transit Corridor. **Table 2** provides the revenue forecast results in the 2045 LRTP cycle for the funding sources applicable in the 2050 LRTP for comparison purposes.

Table 1: Gainesville MTPO 2050 State/Federal Revenue Estimates (in millions \$, Year of Expenditure)

Revenue Source		2024-25	2026-30	2031-35	2036-40	2041-50	25-Year Total
Strategic Intermodal System (SIS)		\$13.4	\$68.6	\$41.7	\$26.7	\$1,782.1	\$1,932.4
MPO-Specific	Surface Transportation Block Grant Urban Attributable Funds (STBG/SU)	\$2.9	\$13.9	\$13.6	\$13.6	\$27.2	\$71.1
	Transportation Alternatives (TALU)	\$0.5	\$2.5	\$2.5	\$2.5	\$5.0	\$12.9
	State Highway System (SHS) non-SIS	\$1.1	\$4.9	\$8.6	\$8.9	\$18.2	\$41.6
	Other Roads (non- SIS/non-SHS)	\$0.0	\$2.4	\$5.4	\$5.6	\$11.4	\$24.9
	Non-SIS Transit Formula	\$3.7	\$10.3	\$11.1	\$11.6	\$23.6	\$60.3
	STATE Transit Corridor	\$0.6	\$6.0	\$1.5	\$0.0	\$0.0	\$8.1
	STATE Block Grant	\$2.1	\$6.8	\$14.2	\$18.1	\$52.5	\$93.6
	FTA 5311 Rural Transit Funding	\$0.0	\$1.9	\$3.2	\$4.1	\$11.9	\$21.1
SUB-TOTAL MPO-Specific		\$10.8	\$48.7	\$60.0	\$64.4	\$149.8	\$333.7
TOTAL STATE/FEDERAL		\$24.3	\$117.3	\$101.7	\$91.0	\$1,931.8	\$2,266.1

Note: Column sums and row sums do not equal the totals due to rounding.

Table 2: Gainesville MTPO 2045 State/Federal Revenue Estimates (in millions \$, Year of Expenditure)

Revenue Source		2020	2021-25	2026-30	2031-35	2036-45	25-Year Total
MPO-Specific	Other Roads Construction and Right-of-way	\$8.40	\$61.90	\$75.20	\$81.10	\$168.80	\$395.40
	Transit Formula	\$3.50	\$17.20	\$19.0	\$13.30	\$29.50	\$82.50
TOTAL STATE/FEDERAL		\$11.90	\$79.10	\$94.20	\$94.40	\$198.30	\$477.90

3. Agency Coordination & Public Engagement

The development of the Cost Feasible Plan was significantly shaped by extensive input from both agencies and the public, ensuring the plan reflects community needs and regional priorities.

A key component of this engagement was the public workshops, which saw participation from approximately 30 community members and agency partners on average. These workshops provided a crucial forum for stakeholders and the public to voice their concerns, identify transportation challenges, and contribute ideas for potential solutions. The insights gathered from this event directly informed us of the initial identification of project needs.

The public engagement involved several key workshops in Gainesville:

- **Public Workshop 1: Goals, Objectives, and Transportation Issues Identification (March 24, 2025):** This initial workshop focused on gathering broad public input to define the overarching goals and objectives of the plan and to identify critical transportation issues facing the community.
- **Public Workshop 2: Needs Assessment (May 6, 2025):** This workshop delved deeper into specific transportation needs, building upon the issues identified in the first workshop. Public feedback here was crucial for shaping the detailed needs assessment that informed project scoring.
- **MTPO Board Meeting: LRTP Needs Plan Update (June 2, 2025):** This phase provided an opportunity for the public to offer comments on the updated Long-Range Transportation Plan (LRTP) Needs Plan, ensuring transparency and continued public involvement in the planning process.
- **Public Workshop 3: Cost Feasible Plan (July 15, 2025):** This final workshop focused on presenting the proposed Cost Feasible Plan to the public, allowing for feedback on the prioritized projects and funding allocations before finalization.

Further public feedback was collected through the online survey, the results of which are shown in **Figure 1**. A total of 229 survey responses were received. The survey helped to understand the priority of the community, ensuring that the plan's priorities aligned with the community's values, such as economic vitality, safety, accessibility, environmental protection, and system integration.

Figure 1 2050 L RTP Public Survey Results

Moreover, the city, county, FDOT, and UF played a vital role by providing their agency scores for proposed projects. This collaborative scoring process was particularly important for multimodal and transit projects, allowing for a comprehensive assessment of their regional impact and alignment with local plans. By incorporating these agency scores, the prioritization process gained a critical layer of expert and localized insight, leading to a more robust and regionally relevant Cost Feasible Plan. The detailed scores for each project can be found in the Section 7. Appendices.

4. Project Scoring and Prioritization

This section explains the project scoring and prioritization process.

Project Scoring

A detailed methodology was used to prioritize projects based on their ability to meet the plan's goals and objectives. The process involves a multi-step scoring system that evaluates each project based on a series of performance measures. The goals and their corresponding criteria are designed to ensure that the plan's priorities are aligned with the community's needs and values.

The evaluation process utilized a comprehensive, data-driven methodology to assess transportation system performance and to identify gaps and future demand. Multimodal needs were analyzed through the lens of anticipated population and employment growth, travel demand forecasts, safety evaluation, and multimodal facilities. The plan integrates the needs of all users—motorists, pedestrians, bicyclists, micromobility users, transit riders, and freight traffic.

The overall project scores are a combination of technical scores and agency scores. The technical scoring methodology is detailed in **Table 3**. In addition to the technical evaluation, agency scores were incorporated to further prioritize projects. City, County, and University of Florida (UF) representatives provided input on a scale ranging from -2 to 4, reflecting their strategic priorities and local insights for each project, particularly for multimodal and transit initiatives. This collaborative scoring approach ensures that regional and local agency perspectives are integrated into the final prioritization.

Table 3: Needs Evaluation Performance Measures

Goal	Objective	Criteria/Performance Measure
1. Support economic vitality	Improve mobility in high-growth areas	0-2050 E+C V/C is less than 1 in high-growth areas
		1-2050 E+C V/C is more than 1 in high-growth areas
	Improve mobility on heavy truck routes	0-2050 E+C V/C is less than 1 on freight roadways
		1-2050 E+C V/C is more than 1 on freight roadways
2. Increase safety and security for motorized and non-motorized users	Reduce fatal & severe injury crashes	0-not on High Injury Network (HIN)
		0.5-not on Alachua HIN but on GNV High Risk Network (HRN)
		1-on High Injury Network
	Reduce fatal & severe injury crashes involving vulnerable users	0-not on vulnerable user HIN network
		1-on vulnerable user HIN network
	Maintain mobility on evacuation routes	0-2050 E+C LOS D or better on evacuation route
		1-2050 E+C LOS E or F on evacuation route
	Improve safety for vulnerable road users	0-without high vulnerable road users demand
		1-with high vulnerable road users demand
3. Increase accessibility and of people and freight	Improve multimodal access to public transit	0-sidewalk/bike lane w/in ½ mile of transit
		1-no sidewalk/bike lane w/in ½ mile of transit**
	Improve bicycle and pedestrian infrastructure in transportation disadvantaged areas	0-sidewalk/bike lane in TD area
		1-no sidewalk/bike lane in TD area**
	Improve directness of freight hub connection	0-with direct connection to freight hub
		1-without direct connection to freight hub
4. Protect environment*	Limit impacts to natural resources like parks and preservation areas	-1-roadway capacity improvement in or near environmentally sensitive area
		0-not in or near environmentally sensitive area or operational improvement
	Limit impacts to historic and cultural resources	-1- capacity improvement in or near historic/cultural resources
		0-not in or near historic/cultural resources or operational improvement
	Fill gaps in sidewalk network	0-existing sidewalk

Goal	Objective	Criteria/Performance Measure
5. Enhance integration and connectivity of transportation systems across different modes	Fill gaps in trail and bike lane network	1-no existing sidewalk**
		0-separated/buffered bike lane or path
		0.5-existing shoulder or bike lane***
		1-no existing bike lane or shoulder**
	Improve transit service to major activity centers	0-high level of transit service on major facilities accessing the activity centers
		1-low level of transit service on major facilities accessing the activity centers
	Improve transit service in transportation disadvantaged areas	0-high level of transit service in transportation disadvantaged areas
		1-low level of transit service in**
6. Promote efficient system management/operations	Increase use of technological and/or operational strategies*	0-capacity improvement
		1-operational improvement
	Improve travel time reliability	0-on reliable roadways
		1-on unreliable roadways
7. Emphasize the preservation of the existing transportation system*	Address pavement in poor condition	0-on roads with good pavement condition
		1-on roads with poor pavement condition

*Objectives for project prioritization only.

**Roadways outside of the urban area boundary get half the points, roadways within urban area boundary but outside of the urban core and UF context area gets 0.75 points.

***Roadways outside of the urban area boundary get 0.125 points, roadways within urban area boundary but outside of the urban core and UF context area gets 0.25 points.

Additional Post-Processing of Project Scores:

After the initial scoring, additional adjustments were made to project scores to further refine prioritization based on specific project characteristics and impacts:

- A project received an additional point for its Safety score if it has lane reductions or safety improvements such as divided lanes, or if it connects to an evacuation route.
- If a multimodal project overlaps with the Gainesville High Injury Network (HIN) or the Countywide Pedestrian HIN or Bicycle HIN, its Safety score is increased by an additional point.
- All new road projects received a point for their Connectivity score.
- If a bicycle or pedestrian project connects to existing transit lines (and is categorized as a Complete Street, Bike Lane, or Sidewalk project type), an additional point was given to the Multimodal score.

The application of performance measures was completed in a disaggregate manner that grouped the objectives into four needs types to better specify what types of gaps, or needs, are present on the roadway network. The needs types include:

- Mobility
 - Evaluated with mobility objectives in goal 1.
 - Proposed projects related to improving mobility are prioritized with performance measures included in this type.
- Multimodal
 - Evaluated with objectives related to active transportation facilities, such as complete streets, bike lanes, sidewalks and transit services.
 - Proposed projects aiming to improve the connection of active transportation facilities are prioritized with performance measures included in this type.
- Safety
 - Evaluated with the safety objectives in goal 2.
 - Proposed projects aiming to improve safety are prioritized with performance measures included in this type.
- Connectivity
 - Evaluated with objectives related to roadway connectivity around activity centers and freight hubs.
 - Proposed projects related to adding new roadways or extending roadways are prioritized with performance measures included in this type.

Each proposed project was scored and prioritized based on its alignment with the objectives and the type of needs it addresses. **Table 4** shows the needs type and the corresponding objectives.

Table 4: Needs Type

Needs Type	Objectives
Mobility (Goal 1)	Improve mobility in high growth areas
	Improve mobility on heavy truck routes
Multimodal (Goals 3 and 5, includes objectives related to multimodal)	Improve multimodal access to public transit
	Improve bicycle and pedestrian infrastructure in transportation disadvantaged areas
	Fill gaps in sidewalk network
	Fill gaps in trail and bike lane network
	Improve transit service to major activity centers
	Improve transit service in transportation disadvantaged areas
Safety (Goal 2)	Reduce fatal & severe injury crashes
	Reduce fatal & severe injury crashes involving vulnerable users
	Maintain mobility on evacuation routes
	Improve safety for vulnerable road users
Connectivity (Goals 3 and 5 connectivity and accessibility objectives)	Improve roadway network connectivity around activity centers
	Improve directness of freight hub connection

Cost Estimation Process

The cost estimates for roadway projects were developed in close coordination with FDOT D2. FDOT provided the following main criteria for estimating the costs based on their recent cost per mile estimates of construction projects:

- \$10 million per mile for new two-lane roads projects
- \$35 million per mile for widening 2-lane to 4-lane projects.
- Additional costs were added based on the following assumptions:
 - Project Development and Environmental 5% of construction cost
 - Design Cost 20% of construction cost

- CEI cost 15% of construction cost
- ROW 20% of construction cost

An exception is Project 28, which contains elements of a new dedicated transit lane for the new road. For this project, the cost per mile was referenced from the [FDOT Cost Per Mile report](#), totaling \$15,511,454 for construction (calculated as U03 - New Construction Undivided Urban Arterial with 4' Bike Lanes: \$11,091,016 + U10 - New Construction Extra Cost for Additional Lane on Urban Arterial: \$4,420,437). Additionally, the cost estimate for Project 14 was specifically suggested by the University of Florida (UF).

The cost estimates for transit, multimodal and safety projects were either calculated proportionally from the mobility plans or inferred from the same project type from the projects from the mobility plans. The details can be found in the cost estimate of **Table 6**, **Table 7** and **Table 8**. All the cost estimates were inflated to 2050 dollars. Based on their horizon year of mobility plans, the number of years of inflation was determined: the city of Gainesville 2045 mobility plan project costs were inflated for 5 years, and the Alachua County 2040 mobility plan project costs were inflated for 10 years. An inflation rate of 3.3% was used in these estimates.

Project Prioritization

The project prioritization determination was conducted using the following steps to ensure fiscal constraint and a data-driven prioritization process:

1. **Project Scoring:** Total project scores were calculated by summing the technical scores and any scores provided by participating agencies. If multiple agencies provided scores for the same project, the maximum score among all agencies was used.
2. **Project Length:** The length of each project was identified.
3. **Score Weighting:** Project scores were weighted by their length to align the scoring units with the project cost units (Score × Length).
4. **Score Scaling:** The weighted scores were scaled by a factor of 10^7 to standardize the values and avoid using very small numbers in subsequent calculations.
5. **Score-to-Cost Ratio:** The scaled scores were then divided by the project cost estimates to develop a score-to-cost ratio. This ratio is analogous to a benefit-cost ratio, providing a key metric for determining a project's value relative to its cost.
6. **Prioritization:** Projects were then ranked in descending order based on their scale-to-cost ratios. This final ranking serves as the basis for the phasing strategy.

It should be noted that Multimodal Projects will be further prioritized via update to the Countywide Bicycle/Pedestrian Master Plan. In similar fashion, transit and safety projects prioritization will further be refined as the agencies understand additional grants and other local funds initiatives. The Multimodal, Transit and Safety projects were provided with initial rankings,

but were assigned with dedicated funds (boxed funds) that will be used for future prioritization and implementation process.

5. Cost Feasible Projects

This section lists the specific projects that are included in the Cost Feasible Plan, organized by the 4 needs buckets. Detailed cost estimates for these projects are presented in tables within this section, while illustrative maps of the projects can be found in the Section 7. Appendices.

Phasing Strategy

The projects ranked highest based on the prioritization criteria were considered cost-feasible according to the funds available in each time period presented below:

- **Priority 1 (2026–2030):** This phase is designated for Existing and Committed (E+C) projects, which are the highest-prioritized projects identified for near-term implementation.
- **Priority 2 (2031–2035):** The next group of projects, which are considered the next tier of priorities.
- **Priority 3 (2036–2040):** Projects that represent a longer-range vision.
- **Priority 4 (2041–2050):** The longest-term priorities, dependent on future funding projections and evolving community needs.

This approach directly links project prioritization, as determined by the scale-to-cost ratio, to the projected funding availability within each time horizon, ensuring that the most beneficial projects are scheduled for implementation as funding becomes available.

5.1 Roadway Projects

This section lists the cost-feasible roadway projects by cost feasible timeframe (priority). Projects on the State Highway System (SHS) were first considered for funding using SHS funds. Other roadway projects were then considered for funding using non-SHS funds based on their ranking by the score-to-cost ratio. Any remaining projects were then considered for funding through STBG (Surface Transportation Block Grant) funds, ensuring optimal utilization of available resources. Table 5 presents the Roadway Cost Feasible Projects. The LRTP Needs Plan identified a total of 24 Roadway projects, and out of those 9 projects were determined to be Cost Feasible, including the I-75 SIS project. In addition, 18 new road construction projects within the city limits were not ranked in this process and were designated for local/developer funding. A total of \$91,008,630 was allocated to the 8 non-SIS feasible projects. In addition, the SIS funds of \$1,932,400,000 were allocated to the I-75 project. The total cost of Cost-Feasible Roadway Projects was estimated as \$2,023,408,630.

Table 5: Roadway Cost Feasible Projects

Project ID	Street	From	To	Project Type	Project Length (Mile)	Cost Feasible Time Frame	Cost Estimate	Funds	Rank
14	Fletcher Drive/Buckman Drive	W University Avenue (SR 26)	Stadium Road	Conversion of Fletcher Dr and Buckman Dr to one way with cycle track	0.55	2031-2035	\$ 5,488,630	Non-SHS	1
13	SW 47th Avenue Extension (Phase 1 New Street) (Extension includes part of SW 29th Dr)	SE Williston Road (SR 331)	SW 34th Street (SR 121)	New Roads	0.40	2041-2050	\$ 6,400,000	Non-SHS	2
32	SW 47th Avenue Extension (Phase 2 New Road)	SW 47th Avenue Extension (Phase 1 New Road)	SW 40th Place (Existing Western Terminus)	New Roads	0.46	2041-2050	\$ 7,360,000	Non-SHS	3
21	SW 40th Boulevard Connector	SW 62nd Boulevard	SW 40th Boulevard (Existing Northern Terminus)	New Roads	0.17	2041-2050	\$ 2,720,000	Non-SHS	4
41	NW 122nd Street	NW 33rd Avenue	NW 17th Avenue	New Roads	0.44	2031-2035	\$ 7,040,000	STBG	5
45	NW 23rd Avenue Extension	NW 98th Street	NW 122nd Street Extension	New Roads	1.30	2036-2040	\$ 20,800,000	STBG	6
42	New roadway Bledsoe Dr to Hull Road with new intersection at SW 34th Street	Bledsoe Drive	Hull Road	New Roads	0.65	2041-2050	\$ 10,400,000	STBG	7
9	SE 16th Avenue (SR 226)	S Main Street (SR 329)	SE Williston Road (SR 331)	Widen Two (2) Lane to Four (4) Lane	0.55	2041-2050	\$ 30,800,000	SHS	8
1	I-75*	Marion County Line	Santa Fe River	Widening	34.25	2041-2050	\$ 1,932,400,000	SIS	*

* The I-75 project is not ranked as it's an SIS project.

5.2 Transit Projects

This section details the cost feasible transit projects as presented in Table 6. All transit funds were considered boxed funds, which are exclusively dedicated to transit initiatives. The total transit funding available is \$151.8 million, sourced from the Non-SIS Transit Formula, STATE Transit Corridor, STATE Block Grant, and FTA 5311 Rural Transit Funding. These dedicated funds will be strategically allocated to support both transit operating and capital projects across all phases of the planning horizon, ensuring sustained and prioritized investment in the transit system.

Table 6: Transit Cost Feasible Projects

Project ID	Street	From	To	Project Type	Cost Estimate	Funds	Rank
301	Newberry/ Jonesville Express (SR 26)	SW 143rd Street	Stadium Road	Express Transit	\$ 11,226,667	Boxed Funds	1

5.3 Multimodal Projects

This section outlines cost-feasible multimodal projects, encompassing bicycle and pedestrian initiatives. These projects are supported by boxed funds totaling \$31.5 million. This allocation is derived from a combination of Transportation Alternatives (TA) funds (\$10 million), along with funds remaining after funding the roadway projects, specifically: \$0.5 million from SHS funds, \$4.9 million from non-SHS funds, and \$16.1 million from STBG funds. The full list of Multimodal Projects is shown in Table 7.

Table 7: Multimodal Cost Feasible Projects

5.4 Safety Projects

This section presents the Safety Projects. These projects also utilize boxed funds, drawing from remaining allocations after roadway and multimodal project funding, specifically from SHS funds, non-SHS funds, and STBG funds. A total of \$7,181,039 was allocated for safety boxed funds from the proportions of SHS and non SHS funds. The safety projects list is shown in Table 8.

Table 8: Safety Cost Feasible Projects

7. Appendices

This section contains supplementary materials that provide additional details and the supporting documentation for the Cost Feasible Plan. These include maps and needs project tables with technical analyses. Specifically, this section features four key maps (Figure 2 to Figure 5), each corresponding to a major project category outlined in Section 5. Cost Feasible Projects aligning with the tables found in Section 5.1 to 5.4. This section also includes the Needs Projects lists (Table 10 to Table 13) with detailed breakdowns of project scores, score-to-cost ratios, and the total cost estimates. The following color-coding is used in these figures to indicate the primary revenue source:

SHS Revenue
Non SHS
STBG
SIS
Boxed Funds
City/Developer Funded
Illustrative Projects

VII. Action Item B

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee/
Citizens Advisory Committee

From: Brad Thoburn

Subject: **Unified Planning Work Program Amendment**

RECOMMENDATION

It is recommended that the Metropolitan Transportation Planning Organization review and approve the Unified Planning Work Program Amendment that provides additional planning funds to Fiscal Year 2025-26.

BACKGROUND

The Metropolitan Transportation Planning Organization is required to develop a Unified Planning Work Program (UPWP) budget and planning document each year. The UPWP lists all of the planning projects, technical assistance, and other activities that the Metropolitan Transportation Planning Organization for the Gainesville and Alachua County Area will undertake.

The Florida Department of Transportation (FDOT) has requested an amendment to the UPWP to include additional planning funds, in the amount of \$23,293, provided for Fiscal Year 2025-26.

The UPWP revision form is attached, as well as the revised cover page for the UPWP, and updated pages referencing planning funds.

Catalog of Federal Domestic Assistance Numbers:

20.205 - Highway Planning and Construction - Federal Highway Administration

20.505 - Federal Transit Technical Studies Grant (Metropolitan Planning) -
Federal Transit Administration

Florida Department of Transportation Financial Project Number: 439318-5-14-01

Fiscal Years 2024-25 and 2025-26

Financial Sources

Alachua County, City of Gainesville, Florida Department of Transportation and University of Florida

The preparation of this report has been financed in part through grants from the Florida Department of Transportation and the Federal Highway Administration and the Federal Transit Administration, United States Department of Transportation, under The State Planning and Research Program, Section 505 [or Metropolitan Planning Program, Section 104(f)] of Title 23, United States Code. The contents of this report do not necessarily reflect the official views or policy of the United States Department of Transportation.

Title VI Nondiscrimination Statement

It is the policy of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area that no person shall on the basis of race, color, national origin, sex, age, disability, familial status, religious status, marital status, sexual orientation, or gender identity, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987 and the Florida Civil Rights Act of 1992 be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area program or activity.

Marihelen Wheeler, Chair

Metropolitan Transportation Planning Organization for the Gainesville and Alachua County Area

Introduction

A. Unified Planning Work Program - Defined

The Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area outlines and describes the planning efforts to be undertaken by participating agencies to maintain a comprehensive, cooperative and continuing transportation planning program in the Gainesville Metropolitan Area. The Gainesville Metropolitan Area is comprised of the Year 2010 United States Census Gainesville Urbanized Area and a transitioning area that extends to the City of Gainesville Urban Reserve Boundary. The Gainesville Urbanized Area includes a major portion of the City of Gainesville, a small portion of the City of Alachua and contiguous urbanized portions of unincorporated Alachua County. The transitioning area includes portions of unincorporated Alachua County and the City of Gainesville within the City of Gainesville Urban Reserve Boundary. Illustration I shows the Gainesville Metropolitan Area.

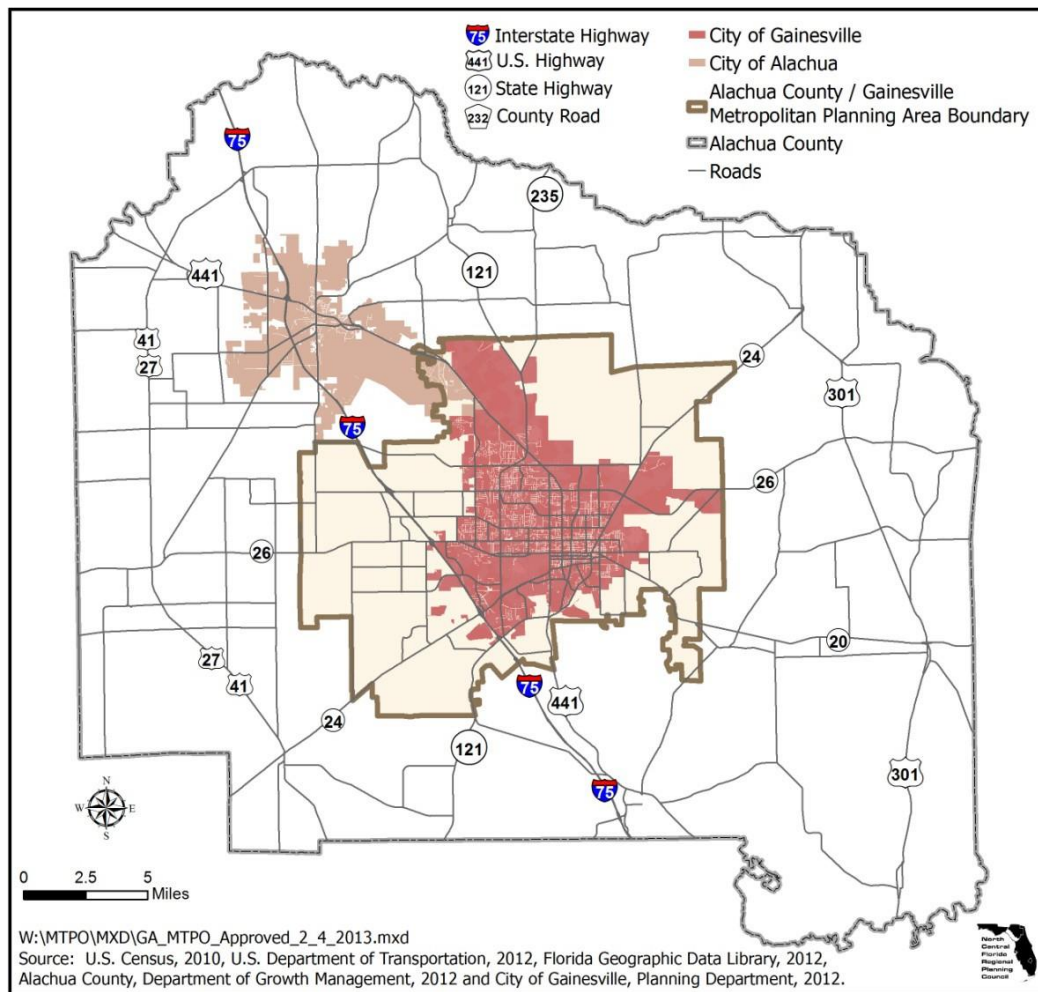

This Unified Planning Work Program has been prepared to define the tasks and anticipated funding requirements of the Gainesville Metropolitan Area transportation planning process for Fiscal Year 2024-25 and Fiscal Year 2025-26. This document serves to inform the public and all public officials and agencies, who contribute manpower and allocate funds to the transportation planning process, about all of the transportation planning tasks currently being conducted in the Gainesville Metropolitan Area. In addition, the Unified Planning Work Program provides the basis for federal funding of transportation planning activities identified in the document.

Transportation planning in the Gainesville Metropolitan Area is currently guided by a long-range transportation plan using input from public officials, technical experts and local citizens. State and federal governments participate in this planning process through the Florida Department of Transportation, the Federal Highway Administration, the Federal Aviation Administration and the Federal Transit Administration. The metropolitan area transportation planning process is administered by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. Voting members of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area include the Gainesville Mayor and City Commissioners, and the Alachua County Commissioners. Non-voting members include the Florida Department of Transportation, the University of Florida and a Rural Advisor selected by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. The North Central Florida Regional Planning Council provides staff services pursuant to a professional staff services agreement to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

B. Overview of Local and Regional Comprehensive Transportation Planning Activities

Local and regional comprehensive transportation planning activities are currently underway in the Gainesville Metropolitan Area. Both the City of Gainesville and Alachua County have adopted comprehensive plans. In addition, the North Central Florida Regional Planning Council has an adopted strategic regional policy plan and the University of Florida has an adopted campus master plan. All of these plans are updated on a periodic basis. These local and regional planning programs are incorporated into the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area planning program. This is primarily accomplished through the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Technical Advisory Committee. The City of Gainesville, Alachua County, Florida Department of Transportation, Gainesville/Alachua County Regional Airport Authority, School Board of Alachua County and University of Florida representatives are all members of this Committee.

Illustration I
Gainesville Metropolitan Area

C. Justification for the Level of Planning Effort Designated in the Unified Planning Work Program

The work tasks included in this document are those necessary to meet the transportation planning needs of the Gainesville Metropolitan Area. These work tasks are also required to maintain a level of proficiency necessary for continued certification by the federal agencies involved. Certification of the transportation planning process for the area is required for eligibility to receive federal funds to implement transportation projects.

1. Planning Priorities Facing the Metropolitan Planning Area

- an effective Public Involvement Process that involves citizens in the transportation planning process

- an accurate Transportation Improvement Program that informs the public concerning proposed transportation projects that will be implemented over the next several years
- updated land use and socioeconomic information that supports the long-range transportation planning models
- updated level of service and mobility plan information concerning traffic congestion
- an annual review of the long-range transportation plan to identify needed revisions
- updating the long-range transportation plan every five years
- the need for transit planning to support the Regional Transit System
- the development of bicycle and pedestrian plans
- development of additional effective modeling systems that view transit, pedestrian and bicycling activities as viable modes of transportation
- identification of tasks that Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area will perform with regard to implementation of Florida Department of Transportation Efficient Transportation Decision-Making process
- development of future year socioeconomic information by traffic analysis zone
- developing priorities for projects that are needed, but not currently funded
- development of a level of service assessment tool to identify needed safety projects
- implementation of enhanced transit service
- better connect people and destinations
- increase economic vitality and community livability
- develop a sustainable transportation system
- increase safety and security of the transportation system
- reduce greenhouse gas emissions
- development, implementation and evaluation of performance measures in support of the transportation planning process

2. Planning Tasks - Title 23 United States Code and Title 49 Code of Federal Regulations

The Unified Planning Work Program includes the following seven planning tasks to be performed under Title 23 United States Code and 49 United States Code, Chapter 53:

- 1.0 Administration
- 2.0 Data Collection
- 3.0 Transportation Improvement Program
- 4.0 Long-Range Transportation Plan
- 5.0 Special Project Planning
- 6.0 Public Participation
- 7.0 Systems Planning

3. Public Involvement Process

This Unified Planning Work Program was developed by involving the public and other transportation agencies. Planning tasks included in this Unified Planning Work Program were reviewed and approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area on [May 13, 2024](#). This meeting was noticed and time was allocated for public comment. In addition, the draft Unified Planning Work Program was available for comments, including public transportation provider comments, on the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area website. All comments received from review agencies were considered and revisions were made where appropriate. There were no public comments prior or at the meeting.

Review of the planning tasks included in this Unified Planning Work Program by the Technical Advisory Committee and Citizens Advisory Committee occurred at their scheduled May 1, 2024 meetings.

The Public Involvement Plan Public Involvement Notice Matrix is included in Appendix K. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has also prepared a Citizens' Guide to Transportation Planning document that overviews the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area planning process. This document is available at the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area website or printed copies can be obtained by contacting the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

4. Regional, State and Federal Planning Emphasis Areas

a. Federal Planning Emphasis Areas

Subsequent to the approval of the Bipartisan infrastructure Law in 2021, the United States Department of Transportation released the following seven new planning emphasis areas:

- Tackling the Climate Crisis – Transition to a Clean Energy, Resilient Future - To ensure that our transportation plans and infrastructure investments help achieve the national greenhouse gas reduction goals of 50-52 percent below 2005 levels by 2030, and net-zero emissions by 2050, and increase resilience to extreme weather events and other disasters resulting from the increasing effects of climate change;
- Equity and Justice⁴⁰ in Transportation Planning - To advance racial equity and support for underserved and disadvantaged communities. This will help ensure public involvement in the planning process and that plans and strategies reflect various perspectives, concerns, and priorities from impacted areas;
- Complete Streets - To work with the Florida Department of Transportation and providers of public transportation to review current policies, rules and procedures to determine their impact on safety for all road users. This effort will work to include provisions for safety in future transportation infrastructure, particularly those outside automobiles;
- Public Involvement - To increase meaningful public involvement in transportation planning by integrating Virtual Public Involvement (VPI) tools into the overall public involvement approach while ensuring continued public participation by individuals without access to computers and mobile devices;
- Strategic Highway Network/U.S. Department of Defense Coordination - To coordinate with representatives from United States Department of Defense in the transportation planning and project programming process on infrastructure and connectivity needs for STRAHNET routes and other public roads that connect to Department of Defense facilities;
- Federal Land Management Agency Coordination - To coordinate with Federal Land Management Agencies in the transportation planning and project programming process on infrastructure and connectivity needs related to access routes and other public roads and transportation services that connect to Federal lands;
- Planning and Environment Linkages - To implement Planning and Environment Linkages as part of the transportation planning and environmental review processes; and

- Data in Transportation Planning - To incorporate data sharing and consideration into the transportation planning process, because data assets have value across multiple programs.

Full descriptions of the new United States Department of Transportation planning emphasis areas are in Appendix F.

b. State Planning Emphasis Areas

The Florida Department of Transportation also released the following updated planning emphasis areas in 2021:

- Safety - To show how its Long Range Transportation Plan and priority projects in its Transportation Improvement Program support progress toward the safety targets, the Unified Planning Work Program should consider enhancements to data analyses and community involvement to better inform the identification and prioritization of safety projects;
- Equity - To support the Florida Transportation Plan's efforts to improve accessibility and equity by including a key strategy to enhance affordable transportation, service, and information access options for all ages and abilities and throughout underserved communities, the Unified Planning Work Program should address approaches to furthering transportation equity;
- Resilience - To address resilience within every planning document; place emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives; and consider the additional costs associated with reducing vulnerability of the existing transportation infrastructure in order to develop planning documents that are ultimately more realistic and cost-effective; and
- Emerging Mobility - To address advances in transportation technologies and support the implementation of the seven Florida Transportation Plan goals, the Unified Planning Work Program should recognize the important influence of emerging mobility on the multimodal transportation system and include related planning studies, collaboration efforts, research, or other activities.

Full descriptions of the updated Florida Department of Transportation planning emphasis areas are in Appendix F. Appendix F also includes:

- a matrix of tasks by planning emphasis areas to be addressed; and
- Florida Department of Transportation District 2 Planning Activities.

5. Title VI

The Unified Planning Work Program complies with the public involvement provisions of Title VI, which states: No person in the United States shall, on grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has adopted a Title VI Policy Statement and has also adopted a Title VI Complaint Process/Procedure. Appendix E includes the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's Title VI information and certifications and assurances.

6. Performance-Based Approach

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area planning process will provide for the establishment and use of a performance-based approach to transportation decision-making to support national goals. Later in this document, the performance-based approach is used to identify measurable products for individual Unified Planning Work Program work tasks.

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has implemented the Fixing America's Surface Transportation Act performance measures and target setting requirements into its planning process, including its long-range transportation plan and transportation improvement program. In addition, its List of Priority Projects and this Unified Planning Work Program address the federal performance measures. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has coordinated with the Florida Department of Transportation and the City of Gainesville Regional Transit System regarding the establishment of performance measures and target setting.

Within this Unified Planning Work Program, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area addresses the federal performance measures in:

- Task 1 - Administration - Development, maintenance, evaluation and monitoring of performance measures and targets in the transportation planning process and planning documents;
- Task 3 - Transportation Improvement Program - Identification, evaluation and monitoring reporting of performance measures and targets as related to federal and state-funded projects from the Florida Department of Transportation Work Program that are identified in the Transportation Improvement Program;
- Task 4 - Long-Range Transportation Plan - Identification, evaluation and monitoring reporting of performance measures and targets as related to proposed federal and state-funded projects that are identified in the Long-Range Transportation Plan; and
- Task 8 - System Planning - Identification of performance measures and targets as related to proposed federal and state-funded projects and the project prioritization process for the List of Priority Projects.

D. Ten Federal Planning Factors

Implementation of the transportation planning process addresses the Fixing America's Surface Transportation Act Ten Federal Planning Factors. Appendix B includes a matrix of the Ten Federal Planning Factors by the eight work tasks. The Ten Federal Planning Factors consist of:

- FACTOR 1 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- FACTOR 2 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the safety of the transportation system for motorized and nonmotorized users;
- FACTOR 3 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the accessibility and mobility options available to people and for freight;

- FACTOR 4 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will protect and enhance the environment, promote energy conservation, promote consistency between transportation improvements and State and local planned growth and economic development patterns and improve quality of life;
- FACTOR 5 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- FACTOR 6 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will promote efficient system management and operation;
- FACTOR 7 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will emphasize the preservation of the existing transportation system;
- FACTOR 8 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the security of the transportation system for motorized and nonmotorized users;
- FACTOR 9 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
- FACTOR 10 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance travel and tourism.

E. Cost Allocation Plan and Indirect Costs

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area does not use a cost allocation plan for indirect costs. All costs are direct charged to budget line items. Staff services are provided by North Central Florida Regional Planning Council through a professional staff services agreement and are described in the Estimated Budget Tables as Consultant Services. Appendix I includes a copy of the North Central Florida Regional Planning Council Cost Allocation Plan and the Certificate of Indirect Costs.

F. Travel Policy

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area established its Travel Policy via Resolution No. 2016-07 adopted on October 3, 2016. Appendix J includes a copy of Resolution No. 2016-07 (Travel Policy).

G. Soft Match and In-Kind Financial Contribution

Section 120 of Title 23, United State Code, permits a state to use certain toll revenue expenditures as a credit toward the non-federal matching share of all programs authorized under Title 23, (with the exception of Emergency Relief Programs) and for transit programs authorized under Chapter 53 of Title 49, United States Code. This is in essence a "soft-match" provision that allows the federal share to be increased up to 100 percent to the extent credits are available. The soft match amount being utilized to match the Federal Highway Administration funding in the Unified Planning Work Program is 18.07 percent of Federal Highway Administration program funds for a total of \$475,876.

In addition to funding from the Federal Highway Administration, the Federal Transit Administration, the Florida Department of Transportation, Alachua County and the City of Gainesville, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area includes State Soft Match and Local In-Kind (locally-determined amount) contributions in calculating its overall budget that is reported in the Unified Planning Work Program. The overall budget includes soft match contributions from the Florida Department of Transportation and in-kind contributions provided by Alachua County, the City of Gainesville and the University of Florida. In-Kind contribution amounts are determined and provided by each jurisdiction. Exhibit 1 shows the soft match and in-kind amounts identified for each task.

Exhibit 1
Soft Match and In-Kind Contributions

Task	FDOT PL Soft Match	FDOT FTA Soft Match	Alachua County In-Kind	City of Gainesville In-Kind	University of Florida In-Kind	Total
Year One - Fiscal Year 2024-25						
1.0 Administration	\$33,083	\$0	\$9,360	\$8,300	\$3,200	\$53,943
2.0 Data Collection	\$16,460	\$0	\$37,780	\$21,200	\$0	\$75,440
3.0 Transportation Improvement Program	\$25,364	\$0	\$4,680	\$8,900	\$0	\$38,944
4.0 Long-Range Transportation Plan	\$54,587	\$0	\$9,360	\$4,900	\$0	\$68,847

FDOT - Florida Department of Transportation

FTA - Federal Transit Administration

PL - Federal Highway Administration Funds consolidated with Federal Transit Administration
Section 5305(d)] Funds

H. Air Quality Considerations

The State of Florida is in air quality attainment. The Gainesville Metropolitan Area is the metropolitan planning area of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area in Gainesville, Florida and is also an air quality attainment area. Therefore, the Metropolitan Transportation Planning Organization is not required to incorporate air quality assessment and mitigation in its transportation planning activities. The Metropolitan Transportation Planning Organization is not eligible and does not receive Congestion Mitigation Air Quality funding.

Nonetheless, both of the comprehensive plans for Alachua County and the City of Gainesville support compact and transit-oriented development and multimodal transportation system planning and development. In addition, the long-range transportation planning process of the Metropolitan Transportation Planning Organization has had a long tradition of supporting and implementing multimodal transportation system planning.

I. Consolidated Planning Grant

The Florida Department of Transportation and the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area participate in the Consolidated Planning Grant. The Consolidate Planning Grant enables Florida Department of Transportation, in cooperation with the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, Federal Highway Administration, and Federal Transit Administration, to annually consolidate Florida's Federal Highway Administration Planning funds and Federal Transit Administration 5305(d) metropolitan planning fund allocations into a single grant that is administered by the Federal Highway Administration Florida Division. These funds are annually apportioned to the Florida department of Transportation as the direct recipient and allocated to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area by the Florida Department of Transportation utilizing formulas approved by the Metropolitan Planning Organization Advisory Council, Florida Department of Transportation, Federal Highway Administration, and Federal Transit Administration in accordance with 23 Code of Federal Regulations 420.109 and 49, United States Code Chapter 53. The Florida Department of Transportation is fulfilling the Consolidate Planning Grant's required 18.07 percent non-federal share (match) using Transportation Development Credits as permitted by 23 Code of Federal Regulations 120(i) and Federal Transit Administration C 8100.1D.

J. Complete Streets Set-Aside

The Infrastructure Investment and Jobs Act requires each metropolitan planning organization to use at least 2.5 percent of its planning (PL) funds (and each State to use 2.5 percent of its State Planning and Research funding under 23 United States Code 505) on specified planning activities to increase safe and accessible options for multiple travel modes for people of all ages and abilities [§ 11206(b)]. For the purpose of this requirement, the term "Complete Streets standards or policies" means standards or policies that ensure the safe and adequate accommodation of all users of the transportation system, including pedestrians, bicyclists, public transportation users, children, older individuals, individuals with disabilities, motorists, and freight vehicles [§ 11206(a)].

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has conducted multimodal transportation planning for several decades. Over the years, its long-range transportation planning has included projects in support of a multimodal transportation system. In addition, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has monitored multimodal (automotive/highway, bicycle, pedestrian and transit) level of service.

K. Review Agency Comments and Responses

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area received review agency comments on a draft Unified Planning Work Program for Fiscal Years 2024-25 and 2025-26 from the Federal Highway Administration and the Florida Department of Transportation. Appendix L includes exhibits for the Metropolitan Transportation Planning Organization responses to comments from:

- Federal Highway Administration; and
- Florida Department of Transportation.

Organization and Management

THIS PAGE LEFT BLANK INTENTIONALLY

Chapter I: Organization and Management

A. Participants and Their Respective Roles in the Transportation Planning Process

The Metropolitan Planning Organization for the Gainesville Urbanized Area is advised by the following committees and boards- the Citizens Advisory Committee, the Technical Advisory Committee, the Bicycle/Pedestrian Advisory Board, the Alachua County Traffic Safety Team, and the Alachua County Transportation Disadvantaged Coordinating Board. Each conducts its prescribed responsibilities at regularly scheduled meetings.

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is responsible for transportation planning in the Gainesville Metropolitan Area. The Technical Advisory Committee conducts research, reviews plans and programs and makes recommendations based upon technical expertise. The Citizens Advisory Committee and the Bicycle/Pedestrian Advisory Board provide the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area with citizen viewpoints and recommendations. The Alachua County Transportation Disadvantaged Coordinating Board works to increase transportation services to low-income persons, the elderly and persons with disabilities. Additional public input is provided through public meetings, meetings with local civic organizations, public workshops and public hearings. In addition, the Alachua County Traffic Safety Team develops recommendations to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area for safety-funded projects.

The work effort required to support the planning process will be conducted by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, the Florida Department of Transportation Tallahassee Office and the Florida Department of Transportation District Two Office. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area assembles and disseminates data, reports and other information generated by the continuing transportation planning process. Pursuant to a professional staff services agreement, the North Central Florida Regional Planning Council provides professional staff support to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

B. Planning and Funding Agreements

The following planning and funding agreements have been executed by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area:

Organization Establishment and Function

1. Interlocal Agreement for Creation of the Metropolitan Transportation Planning Organization (May 26, 2004) - The purpose of this Agreement is to ensure eligibility for the receipt of federal capital and operating assistance pursuant to 23 United States Code 134 and Section 3 (a) (2), 4 (a), 5 (g) (1) and 5 (1) of the Urban Mass Transportation Act of 1964, as amended [49 United States Code 1602 (a) (2), 1603 (a), and 1604 (g) (1) and (1)], and to implement and ensure a continuing, cooperative and comprehensive transportation planning process that results in coordinated plans and programs consistent with the comprehensively planned development of the affected urbanized area in cooperation with the Florida Department of Transportation. This agreement will be updated by July 1, 2024.

2. Intergovernmental Coordination and Review and Public Transportation Coordination Joint Participation Agreement (December 13, 2022) - The purpose of this Agreement is to set forth mutually acceptable procedures for implementing the provisions of Title 23 of the Code of Federal Regulations, Chapter 1, Part 450, Subpart A and B, Governor's Executive Order 83-150 and Federal Highway Program Manual 4-1-4. This agreement will be updated by December 12, 2027.
3. Organization Apportionment - Voting Membership and Procedure, non-Voting Membership and Service Area Agreement (July 9, 2013) - This agreement with the Office of the Governor of Florida describes the voting membership and procedure, non-voting membership and includes the Gainesville Metropolitan Area map. This agreement will be updated by July 1, 2024.

Organization Staffing- Professional Staff Services Agreement

4. Professional Staff Services Agreement (October 28, 2021) - The purpose of this Agreement is to set forth the responsibilities of the North Central Florida Regional Planning Council as consultant to the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area in performing the professional staff planning functions relative to the transportation planning process for the Gainesville Metropolitan Area, and to describe the cooperative procedures under which planning and programming will be conducted. This agreement will be updated by October 27, 2026.

Joint Regional Planning Organization

5. Interlocal Agreement for Creation of a Regional Transportation Plan (December 14, 2006) - The purpose of this Agreement is to create a regional transportation plan which identifies project priorities for funding through the Florida Transportation Regional Incentive Program. Selected members of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and the Ocala/Marion County Transportation Planning Organization serve as the Alachua/Marion County Transportation Regional Incentive Program Executive Committee. This agreement will be updated by December 13, 2026.

Supplemental Organization Advisory Activity

6. Interlocal Agreement for Bicycle/Pedestrian Advisory Board Funding (May 11, 2022) - The purpose of this Agreement is for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to provide financial support to the City of Gainesville for providing staff services to the Bicycle/Pedestrian Advisory Board. The Bicycle/Pedestrian Advisory Board advises Alachua County, the City of Gainesville and the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area on bicycle and pedestrian-related issues. This agreement will be updated by May 10, 2027.

C. Operational Procedures and Bylaws

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area amended its Bylaws on October 28, 2019 for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, its Technical Advisory Committee and its Citizens Advisory Committee. The amendment revised the eligibility requirements for the Rural Advisor, a non-voting member of the Metropolitan Transportation Planning Organization. The intent is to provide procedures and policies for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area and its advisory committees in fulfilling the requirements for the transportation planning process for all modes of travel, and to ensure the accomplishment of the planning tasks within a cooperative framework properly related

to comprehensive planning on a continuing basis. A copy of the bylaws can be obtained by contacting the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area at 352.955.2200 or from the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area website at <http://www.acgnvmobility.org/>.

D. State/Metropolitan Planning Organization Certification- Summary Report Required in the Unified Planning Work Program

Appendix H contains certification materials, including a summary report by the Florida Department of Transportation of the findings and noteworthy practices of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. Appendix H also includes Resolution 2024-03 that provides for the approval of this Unified Planning Work Program and enables Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to receive federal planning funds.

E. Ten Federal Metropolitan Planning Factors Relationship to Unified Planning Work Program Tasks

The work tasks included in this document are assessed as to their relationship to meeting the ten federal metropolitan planning factors. These areas are required to be considered as part of the metropolitan planning process by 23 United States Code 134(f)(1). The ten federal metropolitan planning factors are listed and a metropolitan planning area-Unified Planning Work Program work task matrix is provided in Appendix F.

F. Resiliency in the Transportation Planning Process

The Fixing America's Surface Transportation Act introduced resiliency into the transportation planning process for the development of long-range transportation planning, transportation improvement programming and project prioritization. The 2021 state planning emphasis areas expands application/implementation of resiliency to all planning documents, including the Unified Planning Work Program.

Resiliency was addressed in the development of the Year 2045 Long-Range Transportation Plan.

Resiliency strategies include the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area:

- Coordinating with the Florida Department of Transportation, Alachua County, City of Gainesville and University of Florida to address resiliency in its transportation planning process; and
- Participating in resiliency training provided by the Federal Highway Administration and Florida Department of Transportation.

G. Equity in the Transportation Planning Process

The 2021 state planning emphasis areas expands application/implementation of equity to the Unified Planning Work Program.

Service equity was addressed in the development of the Year 2045 Long-Range Transportation Plan.

Equity strategies include the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area:

- Coordinating with the Florida Department of Transportation, Alachua County, City of Gainesville and University of Florida to address equity in its transportation planning process; and
- Participating in equity training provided by the Federal Highway Administration and Florida Department of Transportation.

Chapter II

Work Program

THIS PAGE LEFT BLANK INTENTIONALLY

Chapter II: Work Program

The 2024-25 and 2025-26 Unified Planning Work Program, covering the Fiscal Year from July 1, 2024 to June 30, 2025 and the Fiscal Year from July 1, 2025 to June 30, 2026, was developed by Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, in accordance with its *Public Involvement Plan*, with the cooperation and participation of the Florida Department of Transportation, the public and other transportation agencies.

The Work Program Section of the Unified Planning Work Program documents each specific transportation planning task to be undertaken during Fiscal Years 2024-25 and 2025-26, including the purpose of the task, previous work accomplished, proposed methodology, responsible agencies, cost estimates and proposed funding sources, as well as an end product.

The Unified Planning Work Program is made up of seven major sections. The final section contains summary tables detailing the Unified Planning Work Program tasks by participating agencies and funding sources.

The eight major sections of the Unified Planning Work Program are briefly described, as follows:

- 1.0 Administration--The administration section describes task functions required to manage the transportation planning process on a continual basis, including program administration, development, review and reporting, staff development and an annual audit.
- 2.0 Data Collection--The data collection section includes work tasks needed to monitor area travel characteristics and factors affecting travel, such as socioeconomic, community and land use data, transportation system data, natural, physical and human environmental concerns and issues.
- 3.0 Transportation Improvement Program--The transportation improvement program section includes tasks required for the development and management of the transportation improvement program.
- 4.0 Long-Range Transportation Plan--The long-range transportation plan section addresses the plan actions for developing the long-range transportation plan.
- 5.0 Special Project Planning--The special project planning section describes non-recurring planning projects and/or projects that do not fit readily into other sections.
- 6.0 Public Participation--The public participation section describes the tasks necessary to implement the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area's public participation program during the development of the unified planning work program, long-range transportation plan, transportation improvement program and other plans and programs as required.
- 7.0 Systems Planning-- The systems planning section describes recurring planning studies/ projects including transit, bicycle/pedestrian, transportation demand management or transportation disadvantaged planning.

THIS PAGE LEFT BLANK INTENTIONALLY

Unified Planning Work Program Fiscal Years 2024-25 and 2025-26

1.0 Administration

Task 1.0 Administration		
Purpose: To properly manage and carry out the continuous, cooperative and comprehensive metropolitan planning process for the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.		
Previous Work Completed: Preparation and distribution of planning documents [Annual Audit Report- 2023 & 2024; Continuity of Operation Plan- 2023 & 2024; and Membership Apportionment Plan]. Received Transportation Management Area Designation on June 6, 2023. Technical assistance and preparation of documents for MTPO and its advisory committees meetings. Coordination with federal, state and local partners. Preparation of contracts and agreements. Preparation of progress reports and invoices. Preparation of Joint FDOT-MTPO Certification documents. Preparation and revisions of the Unified Planning Work Program. Attendance at workshops and training sessions. Incorporation of performance measures into planning process.		
Required Activities: <ul style="list-style-type: none"> • Technical assistance and staff support to MTPO and its advisory committees. • Preparation and distribution of MTPO materials (agenda packets, minutes, resolutions, plans, documents and visualization materials). • Coordination with partner agencies, including FDOT, and staff support for joint meetings. • Preparation and participation in annual Joint FDOT-MTPO Certification. • Preparation and submission of progress reports and invoices. • Preparation of performance measure materials. • Implementation of Membership Apportionment Plan based on 2020 United States Census. • Review and update of agreements and MTPO administrative documents. • Maintenance of financial and administrative records and performance of an annual single audit. • MTPO staff and member travel and participation at general trainings, conferences and meetings, including those of the MPOAC. • Selection and management of consultant support. • Purchase of supplies and advertisements. • Preparation of Unified Planning Work Program. • Revisions to Unified Planning Work Program. • MTPO Website Update. • Revisions to Bylaws as needed. 		
End Products:	Completion Dates:	Responsible Agency:
MTPO and Advisory Committee Meetings	June 30, 2026	MTPO
Joint FDOT-MTPO Certification	June 30, 2025; June 30, 2026	
Updated Bylaws (as needed)	December 31, 2024; June 30, 2026	
Continuity of Operations Plan	April 30, 2025; April 30, 2026	
MPOAC and general meetings, workshops, trainings	June 30, 2026	
Annual Audit Report	June 30, 2025; June 30, 2026	
Maintenance of Financial and Administrative Records	June 30, 2026	
Performance Measures (countywide)	June 30, 2026	
Progress Reports and Invoices	June 30, 2026	
Reapportionment Report	June 30, 2026	
Unified Planning Work Program	June 30, 2026	
Unified Planning Work Program revisions	June 30, 2026	
Updated MTPO Website	June 30, 2026	

All required activities and end products, except the annual audit report, will be completed by MTPO staff. The annual audit report will be completed by independent certified public account.

FDOT- Florida Department of Transportation

MTPO- Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

MPOAC- Metropolitan Planning Organization Advisory Council

State Support and Program Administration and Technical Assistance Federal Transit Administration

State Support and Program Administration and Technical Assistance Federal Transit Administration - Administration efforts include guidance and supervision of administrative tasks (program management, development, review and reporting) necessary to carry out the transportation planning process within the metropolitan area boundaries of the Gainesville Metropolitan Area. Technical assistance includes both computer usage and staff analysis of various systems and project planning efforts (routine reviews and planning evaluations) as identified in study designs. Match for this task is cash and not "soft match" funds. The following eligible Federal Transit Administration Section 5305(d) transit planning activities in Task 1 - Administration - Program Support and Administration (44.21.00) - Development of the Unified Planning Work Program, interagency coordination, public information and local assistance.

In-Kind Financial Contribution - Alachua County, City of Gainesville and University of Florida

In-kind contribution from Alachua County - Administration efforts include Technical Advisory Committee participation by the Alachua County Growth Management Department and Alachua County Public Works Department. In addition, Alachua County provides legal services and meeting locations for the Bicycle/pedestrian Advisory Board, Citizens Advisory Committee and Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

In-kind contribution from the City of Gainesville - Administration efforts include Technical Advisory Committee participation by the City of Gainesville Planning and Development Services Department, the City of Gainesville Public Works Department, including the Bicycle/Pedestrian Program, and Regional Transit System. In addition, the City of Gainesville provides a meeting location for the Technical Advisory Committee.

In-kind contribution from the University of Florida - Administration efforts include Technical Advisory Committee participation by the University of Florida Planning, Design and Construction Department and Transportation and Parking Services Department.

Continuity of Operations Considerations

The COVID-19 Public Health Emergency had such a wide impact to normal operations of federal, state and local governments that these impacts exceeded the scope of the current Continuity of Operations Plan. Resolutions 2020-1, 2020-2 and 2020-3 were approved by the Metropolitan Transportation Planning Organization to address the shortcomings for continuity of operations under extreme circumstances. Therefore, the Bylaws, Continuity of Operations Plan and Public Involvement Plan will be modified when they are next reviewed. Special circumstance modifications to be addressed include:

- Conducting virtual and/or hybrid meetings on communications media technology in accordance with emergency orders of the Office of the Governor and legislation by the Florida Legislature;
- Under a declared county, state or federal State of Emergency and with approval of the Chair of the Metropolitan Transportation Planning Organization, its Executive Director is authorized to:
 - Amend time-sensitive program documents to maintain continuity of operations;
 - Approve the revision and submission of the Unified Planning Work Program and amendments to the Transportation Improvement Program; and
 - Submit information, reports, grant applications or documents; and
- Providing public participation and notice in a timely manner via communications media technology; and
- Conducting virtual and/or hybrid public hearings, meetings, and workshops of the Metropolitan Transportation Planning Organization, its subcommittees, advisory committees and working groups via communications media technology and in-person.

2.0 Data Collection

Task 2.0 Data Collection		
Purpose: Routine surveillance activities to assess the network condition and the actual growth and changes in travel demand characteristics. Task 2.0 is a comprehensive multi-agency on-going task that is performed each year by the Florida Department of Transportation, Alachua County and the City of Gainesville. For Unified Planning Work Program reporting, data collection performed by Alachua County and the City of Gainesville is funded by in-kind contribution. Participation in the Intelligent Transportation System Consortium, as needed.		
Previous Work Completed: Alachua County and the City of Gainesville, as well as the Florida Department of Transportation, provided transportation facility traffic volume and crash data.		
Required Activities:		
• Traffic Volume Surveillance	• Crash Surveillance	
End Products:	Completion Dates:	Responsible Agency:
Traffic Volume Surveillance	June 30, 2025; June 30, 2026	Alachua County
Crash Surveillance	June 30, 2025; June 30, 2026	City of Gainesville

All activities and end products will be completed by Alachua County and the City of Gainesville.

FDOT- Florida Department of Transportation

MTPO- Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

In-Kind Financial Contribution - Alachua County and City of Gainesville

In-kind contribution from Alachua County - Data Collection efforts include traffic monitoring data, including crash data.

In-kind contribution from the City of Gainesville - Data Collection efforts includes traffic monitoring data, including crash data. In addition, the City of Gainesville Traffic Management Center provides traffic operations data.

NOTE - For Year One, \$0 of Fiscal Years 2022-23 and 2023-24 de-obligated planning funds are included in Fiscal Year 2024-25.

NOTE - For Year Two, \$0 of Fiscal Years 2022-23 and 2023-24 de-obligated planning funds are included in Fiscal Year 2025-26.

Unified Planning Work Program Fiscal Years 2024-25 and 2025-26

4.0 Long-Range Transportation Plan

Task 4.0 Long-Range Transportation Plan		
Purpose: Tasks required for the development and management of the Long-Range Transportation Plan, including participation in FDOT Efficient Transportation Decision-Making process.		
Previous Work Completed: Preparation and adoption of the Year 2045 Long-Range Transportation Plan Administrative Modification; Coordinated with FDOT for conversion of the GUATS model platform from Cube Voyager to PTV Group Visum; Initiation of the Year 2050 Long-Range Transportation Plan update.		
Required Activities: <ul style="list-style-type: none"> Preparation and adoption of the Year 2050 Long-Range Transportation Plan revisions (as needed). Preparation of performance measure and target monitoring materials in the Long-Range Transportation Planning process. Coordination with FDOT for the GUATS Model conversion. Analyze 2020 United States Census for Year 2050 Socio Economic Report. 		
End Products:	Completion Dates:	Responsible Agency:
Year 2050 Long-Range Transportation Plan (countywide)	August 24, 2025	MTPO
Year 2045 Long-Range Transportation Plan revisions	June 30, 2025	
Year 2050 Long-Range Transportation Plan revisions	June 30, 2026	

Preparation of the long-range transportation plan update will be completed by a transportation planning consultant. Project management and coordination of adoption of the long-range transportation plan will be completed by MTPO staff.

FDOT- Florida Department of Transportation

GUATS - Gainesville Urbanized Area Transportation Study

MTPO- Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

State Support and Program Administration and Technical Assistance Federal Transit Administration

State Support and Program Administration and Technical Assistance Federal Transit Administration - Administration efforts include guidance and supervision of administrative tasks (program management, development, review and reporting) necessary to carry out the transportation planning process within the metropolitan area boundaries of the Gainesville Metropolitan Area. Technical assistance includes both computer usage and staff analysis of various systems and project planning efforts (routine reviews and planning evaluations) as identified in study designs. Match for this task is cash and not "soft match" funds. The following eligible Federal Transit Administration Section 5305(d) transit planning activities in Task 4.0 - Long-Range Transportation Plan - Long-Range Transportation Planning- System Level (44.23.01) - The monitoring of pedestrian, bicycle and transit activity. In addition, this task will also include an assessment of bicycle, pedestrian and transit service using the Florida Department of Transportation Quality/Level of Service Handbook multimodal level of service analysis generalized tables to analyze existing roadway facilities to include evaluation for bicycle, pedestrian and transit modes of travel added to the current highway (automotive) travel mode analysis.

PL-CS - Complete Streets Set-Aside (equal or greater than 2.5 percent)

SU - Surface Transportation Block Grant Funds for urban populations over 200,000

This task includes soft match/in-kind contributions in Exhibit 1 of Section F of the Introduction on page xii.

Planning Budget for Year Two is illustrative until approved by the United States Congress and the Florida Legislature.

NOTE - For Year One, \$172,500 of Fiscal Years 2022-23 and 2023-24 de-obligated planning funds are included in Fiscal Year 2024-25.

NOTE - For Year Two, \$27,500 of Fiscal Years 2022-23 and 2023-24 de-obligated planning funds are included in Fiscal Year 2025-26.

Unified Planning Work Program Fiscal Years 2024-25 and 2025-26

5.0 Special Project Planning

Task 5.0 Special Project Planning		
Purpose: Preparation of Special Project Planning documents that facilitate and/or support the implementation of the Long-Range Transportation Plan and contribute to the continuous, cooperative and comprehensive metropolitan planning process within the Gainesville Metropolitan Area.		
Previous Work Completed: Preparation of a Pedestrian Safety Action Plan and State Road 26 Multimodal Emphasis Study report.		
Required Activities:		
• Preparation of special project plans as needed	• Preparation of special project plans as needed	
• Preparation of Route Restoration Plan	•	
End Products:	Completion Dates:	Responsible Agency:
Regional Transit System Route Restoration Plan	December 31, 2024	RTS
SR 24 (Archer Road) Plan	June 30, 2025	MTPO
SR 25 (U.S. Highway 441/SW 13th Street) Plan	June 30, 2025	MTPO
SR24-SR 331 (Waldo Road-Williston Road) Plan	June 30, 2026	MTPO
Alachua Countywide Bicycle/Pedestrian Master Plan	June 30, 2026	Alachua County

All required activities and end products will be completed by a transportation planning consultant.

MTPO- Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area
RTS - City of Gainesville Regional Transit System
SR - State Road

Special Project Funding Participation

Regional Transit System Route Restoration Plan

For the development of the Regional Transit System Route Restoration Plan, the City of Gainesville Regional Transit System has been awarded a \$300,000 American Rescue Plan Act of 2021-Federal Transit Administration grant. The Regional Transit System is the direct recipient of this grant and is, therefore, the responsible agency. There are no soft match funds for this grant. Funding for this project was identified in the Fiscal Years 2022-23 and 2023-24 Unified Planning Work Program. No funding is identified for this Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program.

Subtask 5.1 State Road 24 (Archer Road) Plan

The State Road 24 (Archer Road) Plan has a funding allocation of \$200,000 in Year One (2024-25). This is a "Complete Streets" planning activity on Archer Road from State Road 121 (SW 34th Street) to State Road 25/US Highway 441 (Martin Luther King, Jr. Boulevard)/SW 13th Street).

This study is necessary due to safety concerns for bicyclists and pedestrians, including access to transit. Consideration of pedestrian-actuated midblock crossings and pedestrian safety enhancement at existing traffic signals is to be addressed. It is the intent of this end product to include project recommendations in the List of Priority Projects for consideration in the Transportation Improvement Program and/or Long-Range Transportation Plan. Further development of the scope is forthcoming.

Subtask 5.2 State Road 25/U.S. Highway 441 (SW 13th Street) Plan

The State Road 25 (SW 13th Street) Plan has a funding allocation of \$200,000 in Year One (2024-25). This is a "Complete Streets" planning activity on SW 13th Street from State Road 331 (Williston Road) to State Road 226 (SW 16th Avenue).

This study is necessary due to safety concerns for pedestrians, including access to transit. Consideration of filling in sidewalk gaps, pedestrian-actuated midblock crossings and pedestrian safety enhancement at existing traffic signals is to be addressed. It is the intent of this end product to include project recommendations in the List of Priority Projects for consideration in the Transportation Improvement Program and/or Long-Range transportation Plan. Further development of the scope is forthcoming.

Subtask 5.3 State Road 24-State Road 331 (Waldo Road-Williston Road) Plan

The State Road 24-State Road 331 (Waldo Road-Williston Road) Plan has a funding allocation of \$200,000 in Year Two (2025-26). This is a "Complete Streets" planning activity on Waldo Road and Williston Road from SE 4th Street to State Road 222 (NE 39th Avenue).

This study is necessary due to safety concerns for bicyclists and pedestrians, including access to transit. Consideration of pedestrian-actuated midblock crossings and pedestrian safety enhancement at existing traffic signals is to be addressed. It is the intent of this end product to include project recommendations in the List of Priority Projects for consideration in the Transportation Improvement Program and/or Long-Range Transportation Plan. Further development of the scope is forthcoming.

Subtask 5.4 Alachua Countywide Bicycle/Pedestrian Master Plan

The Alachua Countywide Bicycle/Pedestrian Master Plan has a funding allocation of \$188,300 in Year One (2024-25) and \$66,400 in Year Two (2025-26). This is a countywide planning activity that is managed by Alachua County but funded with PL dollars. It is the intent of this end product to include project recommendations for the "boxed funds" in the Long-Range Transportation Plan and include project recommendations in the List of Priority Projects for consideration in the Transportation Improvement Program. Below is an excerpt of the scope of services.

The purpose of the Alachua Countywide Bicycle/Pedestrian Master Plan is to make walking and biking attractive transportation choices for residents and visitors of all ages and abilities. It aims to do so through the creation of goals, policies, programs and projects that will make walking and biking safer, more comfortable and more convenient. This scope of work envisioned to accomplish this project purpose includes the following tasks:

- Task 1 - Project Administration;
- Task 2 - Community Outreach;
- Task 3 - Goals and Policies;
- Task 4 - Programs;
- Task 5 - Data Collection and Network and Project Development;
- Task 7 - Project Prioritization; and
- Task 8 - Countywide Bicycle/Pedestrian Master Plan.

6.0 Public Participation

Task 6.0 Public Participation		
Purposes: Tasks necessary to prepare and implement the MTPO Public Involvement Plan in order to provide for public participation, including outreach among traditionally underserved and under involved segments of the population, during development and implementation of the Unified Planning Work Program, Long- Range Transportation Plan, Transportation Improvement Program and other plans and programs as required. This task also implements Title VI regulations in 49 Code of Federal Regulations Part 21 and integrates Title VI provisions and environmental justice principles, including the USDOT Limited English Proficiency Guidance, into MTPO programs and activities; provides procedures for investigating and tracking Title VI complaints filed against them and ensure that procedures for filing a complaint are available to members of the public upon request.		
Previous Work Completed: Implementation of Public Involvement Plan strategies; and review of the Citizens' Guide to Transportation Planning. Preparation of meeting, workshop, Long-Range Transportation Plan, Transportation Improvement Program, Public Involvement Plan and advisory committee vacancy public notices. Review and update of the Public Involvement Plan. Preparation of TIP Environmental Justice Analyses.		
Required Activities:		
<ul style="list-style-type: none"> Review and update of the Public Involvement Plan. Preparation of public notice for MTPO and its advisory committees meetings, workshops, advisory committee vacancies and planning documents. Review of the Citizens' Guide to Transportation Planning. State Support and Program Administration and Technical Assistance Federal Transit Administration

State Support and Program Administration and Technical Assistance Federal Transit Administration - Administration efforts include guidance and supervision of administrative tasks (program management, development, review and reporting) necessary to carry out the transportation planning process within the metropolitan area boundaries of the Gainesville Metropolitan Area. Technical assistance includes both computer usage and staff analysis of various systems and project planning efforts (routine reviews and planning evaluations) as identified in study designs. Match for this task is cash and not "soft match" funds. The following eligible Federal Transit Administration Section 5305(d) transit planning activities in Task 7.0 - Systems Planning -

1. Long-Range Transportation Planning- System Level (44.23.01) - The monitoring of pedestrian, bicycle and transit activity. In addition, this task will also include an assessment of bicycle, pedestrian and transit service using the Florida Department of Transportation Quality/Level of Service Handbook multimodal level of service analysis generalized tables to analyze existing roadway facilities to include evaluation for bicycle, pedestrian and transit modes of travel added to the current highway (automotive) travel mode analysis;
2. Short-Range Transportation Planning (44.24.00) - The monitoring of transit activity, including the preparation of an annual transit ridership report, and providing technical assistance to Regional Transit System staff (including providing assistance in the development of the Transit Development Plan); and the monitoring of bicycling activity, including the preparation of a bicycle usage trends program report;
3. Planning Emphasis Areas (44.26.00) - Activities that are a priority for the Federal Highway Administration, Federal Transit Administration and Florida Department of Transportation;
4. Coordination of Non-Emergency Service Transportation (44.26.12) - The planning, development and improvement of transportation services to the elderly and persons with disabilities; and
5. Incorporating Safety and Security in the Transportation Planning (44.26.16) - activities that incorporate safety and security into the transportation planning process.

In-Kind Financial Contribution - Alachua County, City of Gainesville and University of Florida

In-kind contribution from Alachua County - Systems Planning efforts includes assistance in development of the List of Priority Projects, Multimodal Level of Service Report and Mobility Plan Status Report and coordination with the Alachua County Comprehensive Plan.

In-kind contribution from the City of Gainesville - Systems Planning efforts includes assistance in development of the List of Priority Projects, Multimodal Level of Service Report, Mobility Plan Status Report and Transit Ridership Monitoring Report and coordination with the City of Gainesville Comprehensive Plan. In addition, the City of Gainesville efforts include updating the Regional Transit System Transit Development Plan.

In-kind contribution from the University of Florida - Systems Planning efforts includes assistance in development of the List of Priority Projects, Multimodal Level of Service Report and Mobility Plan Status Report and coordination with the University of Florida Campus Master Plan.

Federal Transit Administration Transit Award Management System (TrAMS)

Currently, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area does not apply for Federal Transit Administration grants nor uses its Transit Award Management System (TrAMS).

Ten Federal Metropolitan Planning Factors for Fiscal Years 2024-25 and 2025-26 Relationship to Metropolitan Planning Organization Unified Planning Work Program Tasks

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix B: Ten Federal Metropolitan Planning Factors Relationship to Metropolitan Planning Organization Unified Planning Work Program Tasks

The following is a listing of the areas to be considered in the Fixing America's Surface Transportation Act. As required by the Fixing America's Surface Transportation Act, these areas are being addressed in the development of transportation plans and programs.

- FACTOR 1 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity, and efficiency;
- FACTOR 2 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the safety of the transportation system for motorized and nonmotorized users;
- FACTOR 3 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the accessibility and mobility options available to people and for freight;
- FACTOR 4 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will protect and enhance the environment, promote energy conservation, promote consistency between transportation improvements and State and local planned growth and economic development patterns and improve quality of life;
- FACTOR 5 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- FACTOR 6 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will promote efficient system management and operation;
- FACTOR 7 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will emphasize the preservation of the existing transportation system;
- FACTOR 8 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will increase the security of the transportation system for motorized and nonmotorized users;
- FACTOR 9 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will improve the resiliency and reliability of the transportation system and reduce or mitigate stormwater impacts of surface transportation; and
- FACTOR 10 The metropolitan transportation planning process shall provide for consideration of projects and strategies that will enhance travel and tourism.

Gainesville Metropolitan Area Planning Studies

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix C: Gainesville Metropolitan Area Planning Studies

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Planning Studies

1. Long-Range Transportation Plan, including needs and cost feasible plans and socioeconomic report

Completion Date - Five-year cycle; federal deadline adoption date was August 24, 2020

Anticipated Update - Five-year cycle; federal deadline adoption date was August 24, 2025

Expected Products - Gainesville Metropolitan Area-wide long-range (25-year) transportation planning

2. Transportation Improvement Program

Anticipated Completion Date - annual

Expected Products - Gainesville Metropolitan Area-wide short-range (5-year) transportation planning

3. Multimodal Level of Service Report

Anticipated Completion Date - annual

Expected Products - Gainesville Metropolitan Area-wide average annual daily traffic study, with multimodal (automotive, bicycle, pedestrian and transit) analysis using Florida Department of Transportation approved procedures

4. Regional Transit System Annual Ridership Monitoring Report

Anticipated Completion Date - annual

Expected Products - Regional Transit System fixed-route bus annual ridership study

5. Mobility Plan-Gainesville Metropolitan Area Congestion Management Process and Mobility Plan Status Report

Anticipated Completion Date - Mobility Plan- Reviewed and/or revised as needed concurrent with Long-Range Transportation Plan Update and changes to Federal and State legislation;

Anticipated Completion Date - Mobility Plan Status Report- annual

Expected Products - Gainesville Metropolitan Area-wide congestion management process and monitoring

6. Bicycle Usage Trends Report

Anticipated Completion Date - Bicycle Usage Trends Report - Updated as needed concurrent with Long-Range Transportation Plan Update.

7. State Road 24 (Archer Road) Multimodal Corridor Plan
From State Road 121 (SW 34th Street) to State Road 25/US Highway 441 (Martin Luther King, Jr. Boulevard)/SW 13th Street))

Completion Date - June 2025

Expected Products - Multimodal Corridor Plan including safety-related project recommendations
8. State Road 25 (U.S. Highway 441/SW 13th Street) Multimodal Corridor Plan
From State Road 331 (Williston Road) to State Road 226 (SW 16th Avenue)

Completion Date - June 2025

Expected Products - Multimodal Corridor Plan including safety-related project recommendations
9. State Road 331 (Williston Road) - State Road 24 (Waldo Road) Multimodal Corridor Plan
From SE 4th Street to State Road 222 (NE 39th Avenue)

Completion Date - June 2026

Expected Products - Multimodal Corridor Plan including safety-related project recommendations

City Of Gainesville and Alachua County

1. Traffic Volume Surveillance

Anticipated Completion Date - annual

Expected Products - annual traffic counts
2. Accident Surveillance and Study Program

Anticipated Completion Date - annual

Expected Products - annual crash information
3. Transit Development Plan for the Regional Transit System

Completion Date - December 2024

Expected Products - annual transit service plan
4. Transportation Disadvantaged Service Plan

Anticipated Completion Date - annual

Expected Products - countywide short-range (one-year) paratransit service planning
5. Alachua Countywide Bicycle/Pedestrian Master Plan

Anticipated Completion Date - June 2025

Expected Products - Alachua Countywide Bicycle/Pedestrian Master Plan will be an update for the 2001 Alachua Countywide Bicycle Master Plan that will also address pedestrian facilities and provide bicycle and pedestrian project priorities for the Year 2050 Long-Range Transportation Plan.

Unified Planning Work Program Revision Log

The following log of projects identifies approved administrative modifications and amendments to the Unified Planning Work Program and provides tracking of revisions to the Unified Planning Work Program. This Unified Planning Work Program revision log, Exhibit III, includes the following information:

1. Unified Planning Work Program revision number (as assigned by Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area)
2. Approval date of the Unified Planning Work Program administrative modification(s) and/or amendment(s) by the Metropolitan Transportation Planning Organization
3. Unified Planning Work Program administrative modification/amendment purpose, including, but not limited to:
 - A. adding a new task;
 - B. changing an existing task (refer to amendment description);
 - C. deleting an existing task; and
 - D. revising the tables to reflect changes in Unified Planning Work Program funding.
4. Revision description.
 - A. task/table number; and
 - B. task/table modification.

This information will be incorporated into appropriate Unified Planning Work Program tasks and tables as the Unified Planning Work Program is administratively modified and/or amended in order to assure the consistency and accuracy of an up-to-date Unified Planning Work Program document.

TITLE VI/ NONDISCRIMINATION ASSURANCE

Pursuant to Section 9 of US DOT Order 1050.2A, the Gainesville MTPO assures the Florida Department of Transportation (FDOT) that no person shall on the basis of race, color, national origin, sex, age, disability, family or religious status, as provided by Title VI of the Civil Rights Act of 1964, the Civil Rights Restoration Act of 1987, the Florida Civil Rights Act of 1992 and other nondiscrimination authorities be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination or retaliation under any program or activity.

The Gainesville MTPO further assures FDOT that it will undertake the following with respect to its programs and activities:

1. Designate a Title VI Liaison that has a responsible position within the organization and access to the Recipient's Chief Executive Officer.
2. Issue a policy statement signed by the Chief Executive Officer, which expresses its commitment to the nondiscrimination provisions of Title VI. The policy statement shall be circulated throughout the Recipient's organization and to the general public. Such information shall be published where appropriate in languages other than English.
3. Insert the clauses of *Appendices A and E* of this agreement in every contract subject to the Acts and the Regulations
4. Develop a complaint process and attempt to resolve complaints of discrimination against sub-recipients. Complaints against the Recipient shall immediately be forwarded to the FDOT District Title VI Coordinator.
5. Participate in training offered on Title VI and other nondiscrimination requirements.
6. If reviewed by FDOT or USDOT, take affirmative action to correct any deficiencies found within a reasonable time period, not to exceed ninety (90) calendar days.
7. Have a process to collect racial and ethnic data on persons impacted by your agency's programs.

THIS ASSURANCE is given in consideration of and for the purpose of obtaining any and all federal funds, grants, loans, contracts, properties, discounts or other federal financial assistance under all programs and activities and is binding. The person whose signature appears below is authorized to sign this assurance on behalf of the Recipient.

APPENDICES A and E

During the performance of this contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the "Contractor") agrees as follows:

- (1) **Compliance with Regulations:** The Contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT") Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time, (hereinafter referred to as the Regulations), which are herein incorporated by reference and made a part of this Agreement.
- (2) **Nondiscrimination:** The Contractor, with regard to the work performed during the contract, shall not discriminate on the basis of race, color, national origin, sex, age, disability, religion or family status in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.
- (3) **Solicitations for Subcontractors, including Procurements of Materials and Equipment:** In all solicitations made by the Contractor, either by competitive bidding or negotiation for work to be performed under a subcontract, including procurements of materials or leases of equipment; each potential subcontractor or supplier shall be notified by the Contractor of the Contractor's obligations under this contract and the Regulations relative to nondiscrimination on the basis of race, color, national origin, sex, age, disability, religion or family status.
- (4) **Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such Regulations, orders and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information the Contractor shall so certify to the *Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5) **Sanctions for Noncompliance:** In the event of the Contractor's noncompliance with the nondiscrimination provisions of this contract, the *Florida Department of Transportation* shall impose such contract sanctions as it or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration* may determine to be appropriate, including, but not limited to:
 - a. Withholding of payments to the Contractor under the contract until the Contractor complies, and/or
 - b. Cancellation, termination or suspension of the contract, in whole or in part.

FLORIDA DEPARTMENT OF TRANSPORTATION
UNIFIED PLANNING WORK PROGRAM (UPWP)
STATEMENTS AND ASSURANCES

POLICY PLANNING
05/18

- (6) **Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs (1) through (7) in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations, or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the Florida Department of Transportation, the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and/or the Federal Motor Carrier Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event a Contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the Contractor may request the Florida Department of Transportation to enter into such litigation to protect the interests of the Florida Department of Transportation, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (7) **Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms "programs or activities" to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration's Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq)

DEBARMENT and SUSPENSION CERTIFICATION

As required by the USDOT regulation on Governmentwide Debarment and Suspension at 49 CFR 29.510

- (1) The Gainesville MTPO hereby certifies to the best of its knowledge and belief, that it and its principals:
- (a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - (b) Have not, within a three-year period preceding this proposal, been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction or contract under a public transaction, violation of federal or state antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
 - (c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state or local) with commission of any of the offenses listed in paragraph (b) of this certification; and
 - (d) Have not, within a three-year period preceding this certification, had one or more public transactions (federal, state or local) terminated for cause or default.
- (2) The Gainesville MTPO also hereby certifies that if, later, it becomes aware of any information contradicting the statements of paragraphs (a) through (d) above, it will promptly provide that information to the U.S.D.O.T.

DISADVANTAGED BUSINESS ENTERPRISE UTILIZATION

It is the policy of the Gainesville MTPO that disadvantaged businesses, as defined by 49 Code of Federal Regulations, Part 26, shall have an opportunity to participate in the performance of MPO contracts in a nondiscriminatory environment. The objectives of the Disadvantaged Business Enterprise Program are to ensure non-discrimination in the award and administration of contracts, ensure firms fully meet eligibility standards, help remove barriers to participation, create a level playing field, assist in development of a firm so it can compete successfully outside of the program, provide flexibility, and ensure narrow tailoring of the program.

The Gainesville MTPO, and its consultants shall take all necessary and reasonable steps to ensure that disadvantaged businesses have an opportunity to compete for and perform the contract work of the Gainesville MTPO, in a non-discriminatory environment.

The Gainesville MTPO shall require its consultants to not discriminate on the basis of race, color, national origin and sex in the award and performance of its contracts. This policy covers in part the applicable federal regulations and the applicable statutory references contained therein for the Disadvantaged Business Enterprise Program Plan, Chapters 337 and 339, Florida Statutes, and Rule Chapter 14-78, Florida Administrative Code

LOBBYING CERTIFICATION for GRANTS, LOANS and COOPERATIVE AGREEMENTS

In accordance with Section 1352 of Title 31, United States Code, it is the policy of the Gainesville MTPO that:

- (1) No Federal or state appropriated funds have been paid or will be paid by or on behalf of the Gainesville MTPO, to any person for influencing or attempting to influence an officer or employee of any Federal or state agency, or a member of Congress or the state legislature in connection with the awarding of any Federal or state contract, the making of any Federal or state grant, the making of any Federal or state loan, extension, continuation, renewal, amendment, or modification of any Federal or state contract, grant, loan, or cooperative agreement.
- (2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any Federal agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (3) The Gainesville MTPO shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subgrants and contracts and subcontracts under grants, subgrants, loans, and cooperative agreement), which exceeds \$100,000, and that all such subrecipients shall certify and disclose accordingly.
- (4) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Section 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each failure.

Name: Cynthia Moore Chestnut
Title: Chair

Federal Fiscal Years 2024-25 and 2025-26
Title VI Complaint Procedure
Metropolitan Transportation Planning Organization
for the Gainesville Urbanized Area

1. Any person who believes that he or she, or any specific class of persons, has been subjected to discrimination or retaliation prohibited by the Title VI of the Civil Rights Act of 1964, as amended, and related statutes, may file a written complaint. All written complaints received by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area shall be referred immediately by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning to the Florida Department of Transportation's District Two Title VI Coordinator for processing in accordance with approved State procedures.
2. Verbal and non-written complaints received by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area shall be resolved informally by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning. If the issue has not been satisfactorily resolved through informal means, or if at any time the person(s) request(s) to file a formal written complaint, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning shall refer the Complainant to the Florida Department of Transportation's District Two Title VI Coordinator for processing in accordance with approved State procedures.
3. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning will advise the Florida Department of Transportation's District Two Title VI Coordinator within five (5) calendar days of receipt of the allegations. The following information will be included in every notification to the Florida Department of Transportation's District Two Title VI Coordinator.
 - (a) Name, address, and phone number of the complainant.
 - (b) Name(s) and address(es) of respondent.
 - (c) Basis of complaint (i.e., race, color, national origin, sex, age, disability, religion, familial status or retaliation).
 - (d) Date of alleged discriminatory act(s).
 - (e) Date of complaint received by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.
 - (f) A statement of the complaint.
 - (g) Other agencies (state, local or Federal) where the complaint has been filed.
 - (h) An explanation of the actions the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has taken or proposed to resolve the allegation(s) raised in the complaint.
4. Within ten (10) calendar days, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning will acknowledge receipt of the allegation(s), inform the complainant of action taken or proposed action to process the allegation(s), and advise the complainant of other avenues of redress available, such as the Florida Department of Transportation's Equal Opportunity Office.

5. Within sixty (60) calendar days, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning will conduct and complete a review of the verbal or non-written allegation(s) and based on the information obtained, will render a recommendation for action in a report of findings to the Chief Staff Official of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.
6. Within ninety (90) calendar days of the verbal or non-written allegation(s) receipt, the Chief Staff Official of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area will notify the Complainant in writing of the final decision reached, including the proposed disposition of the matter. The notification will advise the Complainant of his/her right to file a formal complaint with the Florida Department of Transportation's Equal Opportunity Office, if they are dissatisfied with the final decision rendered by the Chief Staff Official of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning will also provide the Florida Department of Transportation's District Two Title VI Coordinator with a copy of this decision and summary of findings.
7. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Director of Transportation Planning will maintain a log of all verbal and non-written complaints received by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area. The log will include the following information:
 - a. Name of complainant.
 - b. Name of respondent.
 - c. Basis of complaint (i.e., race, color, national origin, sex, age, disability, religion, familial status or retaliation).
 - d. Date verbal or non-written complaint was received by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.
 - e. Date Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area notified the Florida Department of Transportation's District Two Title VI Coordinator of the verbal or non-written complaint.
 - f. Explanation of the actions the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has taken or proposed to resolve the issue raised in the complaint.

Appendix F

Planning Emphasis Areas

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix F: Planning Emphasis Areas

A. Federal Planning Emphasis Areas-2021

In December 2021, the United States Department of Transportation issued Joint Federal Highway Administration/Federal Transit Administration Planning Emphasis Areas for its Build a Better America program of the Bipartisan Infrastructure Law. Descriptions of these emphasis areas are as follows:

Tackling the Climate Crisis - Transition to a Clean Energy, Resilient Future

Federal Highway Administration (FHWA) divisions and Federal Transit Administration (FTA) regional offices should work with State departments of transportation (State DOT), metropolitan planning organizations (MPO), and providers of public transportation to ensure that our transportation plans and infrastructure investments help achieve the national greenhouse gas reduction goals of 50-52 percent below 2005 levels by 2030, and net-zero emissions by 2050, and increase resilience to extreme weather events and other disasters resulting from the increasing effects of climate change. Field offices should encourage State DOTs and MPOs to use the transportation planning process to accelerate the transition toward electric and other alternative fueled vehicles, plan for a sustainable infrastructure system that works for all users, and undertake actions to prepare for and adapt to the impacts of climate change. Appropriate Unified Planning Work Program work tasks could include identifying the barriers to and opportunities for deployment of fueling and charging infrastructure; evaluating opportunities to reduce greenhouse gas emissions by reducing single-occupancy vehicle trips and increasing access to public transportation, shift to lower emission modes of transportation ; and identifying transportation system vulnerabilities to climate change impacts and evaluating potential solutions. We encourage you to visit FHWA's Sustainable Transportation or FTA's Transit and Sustainability Webpages for more information.

(See Executive Order 14008 on "Tackling the Climate Crisis at Home and Abroad," EO 13990 on "Protecting Public Health and the Environment and Restoring Science to Tackle the Climate Crisis." EO 14030 on "Climate-Related Financial Risk," See also FHWA Order 5520 "Transportation System Preparedness and Resilience to Extreme Weather Events," FTA's "Hazard Mitigation Cost Effectiveness Tool," FTA's "Emergency Relief Manual," and "TCRP Document 70: Improving the Resilience of Transit Systems Threatened by Natural Disasters")

Equity and Justice⁴⁰ in Transportation Planning

FHWA Division and FTA regional offices should work with State DOTs, MPOs, and providers of public transportation to advance racial equity and support for underserved and disadvantaged communities. This will help ensure public involvement in the planning process and that plans and strategies reflect various perspectives, concerns, and priorities from impacted areas. We encourage the use of strategies that: (1) improve infrastructure for non-motorized travel, public transportation access, and increased public transportation service in underserved communities; (2) plan for the safety of all road users, particularly those on arterials, through infrastructure improvements and advanced speed management; (3) reduce single-occupancy vehicle travel and associated air pollution in communities near high-volume corridors; (4) offer reduced public transportation fares as appropriate; (5) target demand-response service towards communities with higher concentrations of older adults and those with poor access to essential services; and (6) consider equitable and sustainable practices while developing transit-oriented development including affordable housing strategies and consideration of environmental justice populations.

Executive Order 13985 (***Advancing Racial Equity and Support for Underserved Communities***) defines the term “equity” as the consistent and systematic fair, just, and impartial treatment of all individuals, including individuals who belong to underserved communities that have been denied such treatment, such as Black, Latino, and Indigenous and Native American persons, Asian and provides a whole-of-government approach to advancing environmental justice by stating that 40 percent of Federal investments flow to disadvantaged communities. FHWA Division and FTA regional offices should work with State DOTs, MPOs, and providers of public transportation to review current and new metropolitan transportation plans to advance Federal investments to disadvantaged communities.

Complete Streets

FHWA Division and FTA regional offices should work with State DOTs, MPOs and providers of public transportation to review current policies, rules, and procedures to determine their impact on safety for all road users. This effort should work to include provisions for safety in future transportation infrastructure, particularly those outside automobiles.

A complete street is safe, and feels safe, for everyone using the street. FHWA and FTA seek to help Federal aid recipients plan, develop, and operate streets and networks that prioritize safety, comfort, and access to destinations for people who use the street network, including pedestrians, bicyclists, transit riders, micro-mobility users, freight delivery services, and motorists. The goal is to provide an equitable and safe transportation network for travelers of all ages and abilities, including those from marginalized communities facing historic disinvestment. This vision is not achieved through a one-size-fits-all solution – each complete street is unique and developed to best serve its community context and its primary role in the network.

Per the National Highway Traffic Safety Administration’s 2019 data, 62 percent of the motor vehicle crashes that resulted in pedestrian fatalities took place on arterials. Arterials tend to be designed for vehicle movement rather than mobility for non-motorized users and often lack convenient and safe crossing opportunities. They can function as barriers to a safe travel network for road users outside of vehicles.

To be considered complete, these roads should include safe pedestrian facilities, safe transit stops (if present), and safe crossing opportunities on an interval necessary for accessing destinations. A safe and complete network for bicycles can also be achieved through a safe and comfortable bicycle facility located on the roadway, adjacent to the road, or on a nearby parallel corridor. Jurisdictions will be encouraged to prioritize safety improvements and speed management on arterials that are essential to creating complete travel networks for those without access to single-occupancy vehicles.

Public Involvement

Early, effective, and continuous public involvement brings diverse viewpoints into the decision-making process. FHWA Division and FTA regional offices should encourage MPOs, State DOTs, and providers of public transportation to increase meaningful public involvement in transportation planning by integrating Virtual Public Involvement (VPI) tools into the overall public involvement approach while ensuring continued public participation by individuals without access to computers and mobile devices. The use of VPI broadens the reach of information to the public and makes participation more convenient and affordable to greater numbers of people. Virtual tools provide increased transparency and access to transportation planning activities and decision-making processes. Many virtual tools also provide information in visual and interactive formats that enhance public and stakeholder understanding of proposed plans, programs, and projects. Increasing participation earlier in the process can reduce project delays and lower staff time and costs. More information on VPI is available [here](#).

Strategic Highway Network (STRAHNET)/U.S. Department of Defense (DOD) Coordination

FHWA Division and FTA regional offices should encourage MPOs and State DOTs to coordinate with representatives from DOD in the transportation planning and project programming process on infrastructure and connectivity needs for STRAHNET routes and other public roads that connect to DOD facilities. According to the Declaration of Policy in 23 U.S.C. 101(b)(1), it is in the national interest to accelerate construction of the Federal-aid highway system, including the Dwight D. Eisenhower National System of Interstate and Defense Highways, because many of the highways (or portions of the highways) are inadequate to meet the needs of national and civil defense. The DOD's facilities include military bases, ports, and depots. The road networks that provide access and connections to these facilities are essential to national security. The 64,200-mile STRAHNET system consists of public highways that provide access, continuity, and emergency transportation of personnel and equipment in times of peace and war. It includes the entire 48,482 miles of the Dwight D. Eisenhower National System of Interstate and Defense Highways and 14,000 miles of other non-Interstate public highways on the National Highway System. The STRAHNET also contains approximately 1,800 miles of connector routes linking more than 200 military installations and ports to the primary highway system. The DOD's facilities are also often major employers in a region, generating substantial volumes of commuter and freight traffic on the transportation network and around entry points to the military facilities. Stakeholders are encouraged to review the STRAHNET maps and recent Power Project Platform (PPP) studies. These can be a useful resource in the State and MPO areas covered by these route analyses.

Federal Land Management Agency (FLMA) Coordination

FHWA Division and FTA regional offices should encourage MPOs and State DOTs to coordinate with FLMA in the transportation planning and project programming process on infrastructure and connectivity needs related to access routes and other public roads and transportation services that connect to Federal lands. Through joint coordination, the State DOTs, MPOs, Tribal Governments, FLMA, and local agencies should focus on integration of their transportation planning activities and develop cross-cutting State and MPO long range transportation plans, programs, and corridor studies, as well as the Office of Federal Lands Highway's developed transportation plans and programs. Agencies should explore opportunities to leverage transportation funding to support access and transportation needs of FLMA before transportation projects are programmed in the Transportation Improvement Program (TIP) and Statewide Transportation Improvement Program (STIP). Each State must consider the concerns of FLMA that have jurisdiction over land within the boundaries of the State (23 CFR 450.208(a)(3)). MPOs must appropriately involve FLMA in the development of the metropolitan transportation plan and the TIP (23 CFR 450.316(d)). Additionally, the Tribal Transportation Program, Federal Lands Transportation Program, and the Federal Lands Access Program TIPs must be included in the STIP, directly or by reference, after FHWA approval in accordance with 23 U.S.C. 201(c) (23 CFR 450.218(e)).

Planning and Environment Linkages (PEL)

FHWA Division and FTA regional offices should encourage State DOTs, MPOs and Public Transportation Agencies to implement PEL as part of the transportation planning and environmental review processes. The use of PEL is a collaborative and integrated approach to transportation decision-making that considers environmental, community, and economic goals early in the transportation planning process, and uses the information, analysis, and products developed during planning to inform the environmental review process. PEL leads to interagency relationship building among planning, resource, and regulatory agencies in the early stages of planning to inform and improve project delivery timeframes, including minimizing duplication and creating one cohesive flow of information. This results in transportation programs and projects that serve the community's transportation needs more effectively while avoiding and minimizing the impacts on human and natural resources. More information on PEL is available [here](#).

Data in Transportation Planning

To address the emerging topic areas of data sharing, needs, and analytics, FHWA Division and FTA regional offices should encourage State DOTs, MPOs, and providers of public transportation to incorporate data sharing and consideration into the transportation planning process, because data assets have value across multiple programs. Data sharing principles and data management can be used for a variety of issues, such as freight, bike and pedestrian planning, equity analyses, managing curb space, performance management, travel time reliability, connected and autonomous vehicles, mobility services, and safety. Developing and advancing data sharing principles allows for efficient use of resources and improved policy and decision-making at the State, MPO, regional, and local levels for all parties

B. State Planning Emphasis Areas-2021

The Florida Department of Transportation (FDOT) Office of Policy Planning develops *Planning Emphasis Areas* on a two-year cycle in coordination with the development of metropolitan planning organizations' (MPOs) respective Unified Planning Work Programs (UPWPs). Emphasis areas set planning priorities, support the Florida Transportation Plan, and give importance to topic areas which MPOs are encouraged to address as they develop their planning programs. Implementation of the seven (7) goals of the Florida Transportation Plan requires embracing innovation; extensive collaboration across jurisdictions, modes and disciplines; an emphasis on customer service; data and performance feedback; and strategic investments for the efficient and effective allocation of resources. Florida MPOs should consider emphasizing the following four (4) planning topics when updating their UPWPs.

Safety

The Florida Transportation Plan and the State's Strategic Highway Safety Plan place top priority on safety, with a state target of zero traffic fatalities and serious injuries. In addition to adopting safety targets, the MPOs must show how their Long Range Transportation Plan (LRTP) and priority projects in their Transportation Improvement Program (TIP) support progress toward those targets. The UPWP should consider enhancements to data analyses and community involvement to better inform the identification and prioritization of safety projects.

Equity

Executive Order 14008, *Tackling the Climate Crisis at Home and Abroad*, created the "Justice40 Initiative" that aims to deliver 40 percent of the overall benefits of relevant federal investments to disadvantaged communities. This initiative supports Executive Order 13985, *Advancing Racial Equity and Support for Underserved Communities Through the Federal Government*, outlines federal policy and defines equity as the consistent and systematic fair, just, and impartial treatment of individuals. The Florida Transportation Plan seeks transportation choices that improve accessibility and equity by including a key strategy to enhance affordable transportation, service, and information access options for all ages and abilities and throughout underserved communities. The MPOs are key to identifying and implementing improvements based on data-driven project prioritization that considers not only impacts of transportation projects on a community, but also benefits of projects that can enhance opportunities for a community. The UPWP should address approaches to furthering transportation equity.

Resilience

With the passage of the FAST Act, resilience was introduced as a federal planning factor: "Improve the resilience and reliability of the transportation system and mitigate stormwater impacts of surface transportation." Resilience is defined as the ability to adapt to changing conditions and prepare for, withstand, and recover from disruption. These conditions can encompass a wide variety of environmental, technological, economic, or social impacts. MPOs can address resilience within their planning processes by leveraging tools such as the *FHWA Resilience and Transportation Planning Guide* and the *FDOT Quick Guide: Incorporating*

Resilience in the MPO LRTP. It should be noted that while these documents focus primarily on the development of MPO LRTPs and TIPs, addressing resilience should be a consideration within every planning document prepared by an MPO. MPOs should place a particular emphasis on coordination with agency partners responsible for natural disaster risk reduction, or who may be developing local resilience planning initiatives. Additionally, MPOs should consider the additional costs associated with reducing vulnerability of the existing transportation infrastructure. Proactive resiliency planning will help the MPO develop planning documents that are ultimately more realistic and cost-effective.

Emerging Mobility

Advances in communication and automation technology result in new mobility options, ranging from automated and connected transport, electric vehicles, ridesharing, and micro-mobility, to flying cars and space travel. These changes may be disruptive and transformational, with impacts to safety, vehicle ownership, travel capacity, vehicle miles traveled, land-use, transportation design, future investment demands, supply chain logistics, economy, and the workforce. Implementation of all seven goals of the Florida Transportation Plan can be furthered through both the transformation of major corridors and hubs and the expansion of transportation infrastructure to embrace and support the adoption of emerging mobility. The UPWP should recognize the important influence of emerging mobility on the multi-modal transportation system and include related planning studies, collaboration efforts, research, or other activities.

C. Planning Emphasis Area by Task Matrix

Table F-1

Federal Planning Emphasis Areas by Task

Task	Fiscal Years 2025 and 2026 Planning Emphasis Areas						
	Tackling the Climate Crisis – Transition to a Clean Energy, Resilient Future	Equity and Justice ⁴⁰ in Transportation Planning	Public Involvement	Strategic Highway Network/U.S. Department of Defense Coordination	Federal Land Management Agency Coordination	Planning and Environment Linkages	Data in Transportation Planning
1.0 Administration	X	X	X	X	X	X	X
2.0 Data Collection	-	-	-	-	-	-	-
3.0 Transportation Improvement Program	X	X	X			X	-
4.0 Long-Range Transportation Plan	X	-				X	-
5.0 Special Projects Planning [Reserved]	X	X	X	-	-	X	-
6.0 Public Participation	X	X	X				-
7.0 Systems Planning	X	X	X				X

Table F-2

State Planning Emphasis Areas by Task

Task	Fiscal Years 2025 and 2026 Planning Emphasis Areas			
	Safety	Equity	Resilience	Emerging Mobility
1.0 Administration	X	X	X	X
2.0 Data Collection	-	-	-	-
3.0 Transportation Improvement Program	X	X	X	X
4.0 Long-Range Transportation Plan	X	X	X	X
5.0 Special Projects Planning [Reserved]	X	X	X	X
6.0 Public Participation	X	X	-	-
7.0 Systems Planning	X	X	X	X

D. Florida Department of Transportation District 2 Planning Activities

District 2 Planning Activities encompass continuing, cooperative, comprehensive efforts to coordinate state, district, regional and local transportation planning in the areas of policy planning, statistics, environmental, safety and system planning. The planning activities include implementing policies, rules and procedures from the Federal legislation and the State of Florida, including the State's Transportation Plan (FTP) that provides a strategic approach to transportation investments for state, regional and local priorities. District Planning Activities also include multidiscipline activities and initiatives within our own District team.

Update Florida Transportation Plan (FTP) and the Strategic Highway Safety Plan (SHSP) and Strategic Intermodal System (SIS) Policy Plan 2021

The Strategic Highway Safety Plan

The Strategic Highway Safety Plan (SHSP) was updated in 2021.

The SHSP can be accessed at: [Florida's 2021 - 2025 Strategic Highway Safety Plan \(SHSP\)](#). We invite you to view and share the updated SHSP with your partners, employees, family, and friends.

Our collaborative effort has resulted in a statewide plan that provides a framework for eliminating fatalities and serious injuries on all public roads. This SHSP:

- Introduces the Safe System approach, which acknowledges that humans make mistakes, the human body is vulnerable, and that we should design and operate our transportation system to ensure that if crashes do occur, they do not result in serious human injury.
- Recognizes the complexity of crashes and categorizes emphasis areas into three components: roadway; road user, including demographics and mode of travel; and road user behavior.
- Expands our strategies beyond the 4Es of traffic safety: Engineering, Education, Enforcement, and Emergency Response to include the 4Is: Information Intelligence, Innovation, Insight into Communities, and Investments and Policies

Florida Transportation Plan

The FTP Policy Plan Element, Performance Element and Vision Element was updated in 2021.

Virtual workshops and public comment on the Plan updates were run concurrently with the update of the Strategic Highway Safety Plan timeline. A link to the updated FTP plan information is included here:

www.floridatransportationplan.com

The FTP encompasses a Vision Element and a Policy Element, that supports and is similar to the Long Range Plans for the MPOs. The FTP vision element provides a longer-term view of major trends, uncertainties, opportunities and outcomes showing the future of Florida's transportation system for the next 50 years. The FTP Policy element defines goals, objectives and strategies for Florida's transportation future over the next 25 years. The policy element provides guidance to state, regional and local transportation partners in making transportation decisions.

District 2 held virtual regional workshops for outreach, coordination and comment on the update of both plans with our MPOs and communities.

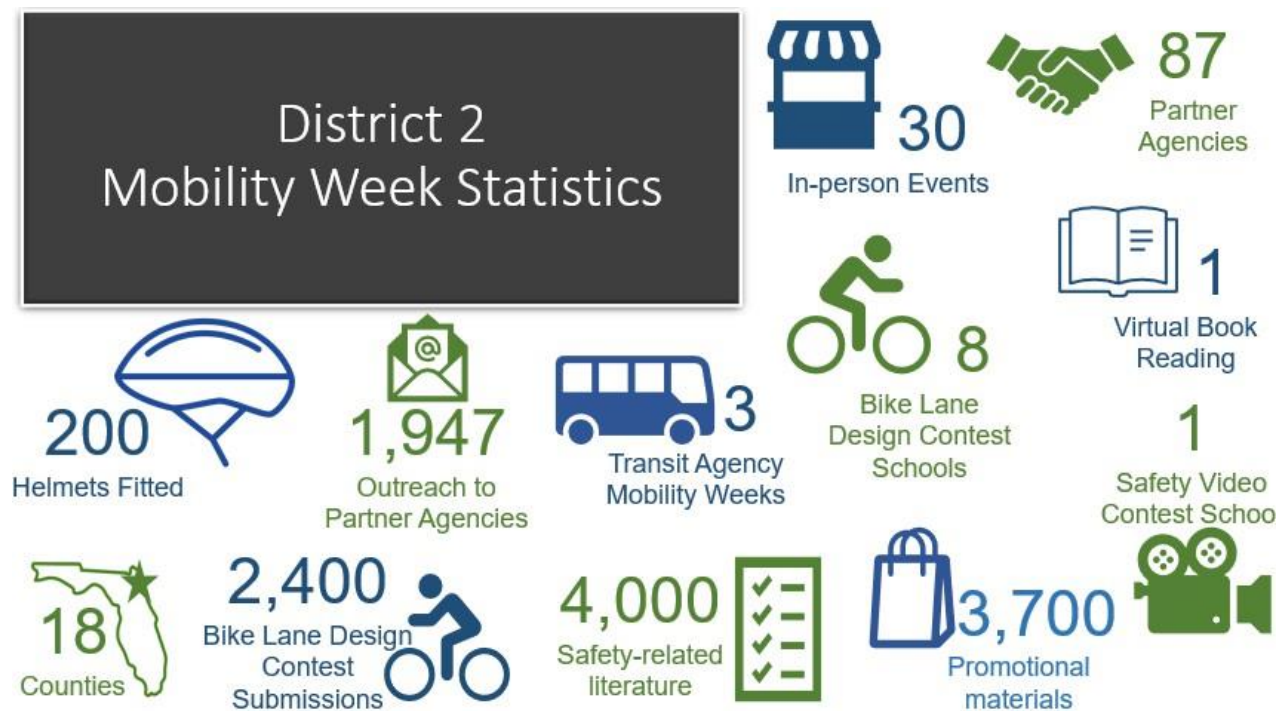

The visions and goals of the FTP and the MPO's Unified Planning Work Program (UPWP) support each other.

Bicycle and Pedestrian Activities

District 2 Bicycle Pedestrian Coordinator reviews and identifies possible opportunities to add bicycle and sidewalk accommodations to resurfacing and capacity projects. The District reviews and identifies safety issues to recommend additional programs or grant opportunities. The District coordinates the FDOT plans and projects with the MPOs and the local municipalities. Local municipalities have staff on the Electronic Review Comments (ERC) portal access to comment on project plan reviews proposed in their jurisdiction.

The District participates on the local Community Traffic Safety Teams and held our District 2 Mobility Week activities during Annual Mobility Week October 29 through November 5, 2021.

The summary of metrics for our district sponsored activities and partnerships is represented below:

We are implementing a District Wide Bicycle Pedestrian Master Plan, utilizing shape files and data from all 18 counties in the District. The Plan will encompass existing plans from municipalities and build upon the Bicycle Pedestrian Gap Study. We anticipate an adopted District Wide Bicycle Pedestrian Master Plan in 2024. District 2 updated Bicycle/Pedestrian Gap Study website:

[Bicycle/Pedestrian LOS \(hdrgateway.com\)](https://www.hdrgateway.com/Bicycle/Pedestrian%20LOS)

ITS Planning

District 2 has a robust ITS planning program, managed out of the Traffic Operations division. In addition to the Transportation Management Center (TMC) partnership with the NF TPO and FDOT, Blue Toad deployment and data collection has expanded to not only the NF TPO four counties, also has expanded to the Gainesville MTPO urban area.

District 2 staff work together with other agencies to provide safe, efficient travel throughout the regional within the Regional Transportation Management Centers (TMCs); one in Jacksonville and one in Gainesville.

ITS is continually evolving in District 2 with the Road Rangers service patrol program, Dynamic Message signing and 511 travel information. There is currently a campaign and funding program in North East Florida TPO planning boundary for the Wrong Way Driving (WWD) mitigation; The District has begun installation of LED wrong way signs to alert motorists on those off-ramps associated with highest wrong way driving crashes.

The ITS architecture in District 2 includes ITS projects planned for short, medium and long term implementation. The website for specific projects related to ITS in District 2 can be found at:

Corridor Planning Studies/Multi Modal Transportation Studies

The District conducts and provides technical assistance for corridor studies, sub-area studies and other special transportation analysis needed to identify local traffic patterns and transportation needs and to evaluate and recommend improvements to meet those needs. District staff coordinates with local governments, the Jacksonville Transportation Authority (JTA), the Gainesville Regional Transit System (RTS), the North Florida TPO and the Gainesville MTPO in development and review of planning and design of highway and premium transit projects.

The results may range from a set of short-term recommended improvements that address specific problems to a long-range comprehensive action plan for improving a corridor. Project studies are both on and off the State highway system.

The results of corridor studies may range from a set of short-term recommended improvements that address specific problems to a long-range comprehensive action plan for improving a corridor. Project studies are both on and off the State highway system. District 2 currently has an active studies on I-95 from I-10 to the Georgia State line and I-75 from District 5 to I-10.

Regional Transportation Planning Coordination

Furthering the language and mandate of the Fact Act and previous Federal transportation bill language, District 2 supports and participates in all levels of regional coordination and proposed activities among the TPOs and local governments and the MPOAC.

The District provides ongoing technical and policy advisory assistance to the TPOs and counties in District 2 with regard to TRIP (Transportation Regional Incentive Program) as well as meetings and workshops that assist any regional coordination efforts. The District is represented at the North FL Regional Council Board and attends the Board meetings.

In 2021, the District participated in a resiliency study with the City of Jacksonville and the District P/EMO office participated in the statewide Resilience Peer Exchange. District 2 Planning has a representative on the Alternative Fuel Corridor Application as a coordinator.

Level of Service

The District provides an annual capacity review, entitled District Two Level of Service Report, where the District identifies the roadway level of service for existing and future years, determining planning level of needs and timing of improvements. A level of service analysis is conducted for all State highway system (SHS) and SIS designated facilities for the 18 counties in District 2. The District participates on level of service committees for the TPOs in District 2 and, provides support data and statistical data in report form and GIS mapping.

Transportation Performance Measures and Update of the FDOT Sourcebook

District 2 provides technical assistance and assists with policy implementation in partnership with the MPOs regarding adoption schedules, data reporting and implementation of Transportation Performance Measures (TPM).

The Department set Performance Targets and adopted measures in cooperation with Federal Highway Administration (FHWA) guidelines and Highway Safety Improvement Program (MAP-21), FAST Act). The MPOs had the option of adopting the State's targets or, developing their own. The MPOs in District 2 have adopted the State's performance measures and targets according to the adoption schedules. completed by the deadlines. The MPOs Transportation Improvement Programs (TIPs) and Transportation Plans (LRTP) reflect a performance based planning process. The District provided the Central Office performance reporting data to the MPOs and provided guidance and assistance on the timelines for 2021.

FDOT Sourcebook Update 2021

This tool provides a single, trusted source for FDOT performance measures and trends charts and data. The *FDOT Source Book* reflects the department's commitment to safety, mobility, and innovation. Through a series of critical indicators measuring Florida's transportation system performance, FDOT and our transportation partners can access FDOT's trusted data source for enhanced reporting on essential safety measures and mobility performance trends that affect travel demand.

The online Source Book contains all measures and trends reported in the previous print versions of the Source Book. This new format allows for interactive and customized reporting of measures by year, area type and roadway network. New features are:

- ❖ Segment-level visualization for the State Highway System, Strategic Intermodal System, and National Highway System,
- ❖ New congestion metrics that report on congestion conditions for 100% of travel (i.e. Heavy, Mild, and Uncongested),
- ❖ Reporting by individual counties and districts,
- ❖ Measures presented for individual transit agencies, seaports, and airports, and
- ❖ Capabilities to download granular data or charts for most measures, as needed.

2020 changed the way we travel and commute as evident by the percent of Florida residents working from home more than doubling. The *FDOT Source Book* accounts for these phenomena while providing insight into the state of Florida's transportation system. Link to the FDOT Source Book:

<https://www.fdot.gov/planning/fto/documents.shtm>

Appendix G Certification and Unified Planning Work Program Resolution No. 2024-04

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix G: Certification and Unified Planning Work Program Resolution No. 2024-04

The 2024 Joint Florida Department of Transportation-Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Certification Process is an evaluation for a continuous, coordinated and comprehensive transportation planning process for the Gainesville Metropolitan Area

This appendix includes the following excerpts from the 2024 Joint Florida Department of Transportation-Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Report:

- 2024 Joint Florida Department of Transportation-Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Certificate;
- 2024 Florida Department of Transportation Certification Summary Report Findings; and
- 2024 Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area Noteworthy Practices.

In addition, this appendix includes Resolution No. 2024-04 that approves this Unified Planning Work Program and enables the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area to receive federal planning funds.

DocuSign Envelope ID: 8A4912B3-FFA4-4469-B922-C67B747DD66A

FLORIDA DEPARTMENT OF TRANSPORTATION
MPO JOINT CERTIFICATION STATEMENT

525-010-055
POLICY PLANNING
02/18

Pursuant to the requirements of 23 U.S.C. 134(k)(5) and 23 CFR 450.334(a), the Department and the MPO have performed a review of the certification status of the metropolitan transportation planning process for the Gainesville MTPO with respect to the requirements of:

1. 23 U.S.C. 134 and 49 U.S.C. 5303;
2. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 C.F.R. Part 21
3. 49 U.S.C. 5332 prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
4. Section 1101(b) of the FAST Act and 49 C.F.R. Part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
5. 23 C.F.R. Part 230 regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
6. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and the regulations found in 49 C.F.R. Parts 27, 37, and 38;
7. The Older Americans Act, as amended (42 U.S.C. 6101) prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
8. Section 324 of 23 U.S.C. regarding the prohibition of discrimination on the basis of gender; and
9. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 C.F.R. Part 27 regarding discrimination against individuals with disabilities.

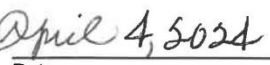

Included in this certification package is a summary of noteworthy achievements by the MPO, attachments associated with these achievements, and (if applicable) a list of any recommendations and/or corrective actions. The contents of this Joint Certification Package have been reviewed by the MPO and accurately reflect the results of the joint certification review meeting held on March 13, 2024.

Based on a joint review and evaluation, the Florida Department of Transportation and the Gainesville MTPO recommend that the Metropolitan Planning Process for the Gainesville MTPO be certified.

FLORIDA DEPARTMENT OF TRANSPORTATION CERTIFICATION REVIEW LETTER

[Certification Review Letter To Be Provided By Florida Department Of Transportation]

Part 1 Section 5: Noteworthy Practices & Achievements

One purpose of the certification process is to identify improvements in the metropolitan transportation planning process through recognition and sharing of noteworthy practices. Please provide a list of the MPOs noteworthy practices and achievements below.

A. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area participated in meetings of the Florida Metropolitan Planning Organization Advisory Council Best Practices Committee. In addition, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area updated its:

1. Annual Multimodal Level of Service Report for 2021 traffic count data; and
2. Annual Transit Ridership Report for Fiscal Year 2022-23 ridership data. In addition, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area periodically monitored monthly transit ridership to assess ridership volume recovery from the impacts of the COVID-19 Pandemic.

B. As part of the post-COVID-19 Public Health Emergency recovery, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area returned to onsite and live cable TV broadcast format of its meetings.

C. As a result of the 2020 Census of Population, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area:

1. Received official designation as a Transportation Management Area (June 6, 2024 Federal Register); and
2. Approved a Membership Apportionment Plan that recommends:
 - a. Expansion of the Metropolitan Planning Area Map - Alachua Countywide; and
 - b. Increase of the voting membership to 15 members
 - i. All five Alachua County Board of County Commissioners;
 - ii. City of Gainesville Mayor and all six of the City Commissioners
 - iii. One Gainesville/Alachua County Regional Airport Authority board member;
 - iv. One School Board of Alachua County member; and
 - v. A Rural Representative [an elected official from a municipality within Alachua County (except Gainesville).

RESOLUTION NO. 2024-04

RESOLUTION NO. 2024-04

A RESOLUTION OF THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA APPROVING THE FISCAL YEARS 2024-25 AND 2025-26 UNIFIED PLANNING WORK PROGRAM WITH FEDERAL HIGHWAY ADMINISTRATION PLANNING-FEDERAL TRANSIT ADMINISTRATION SECTION 5305(d) CONSOLIDATED PLANNING GRANT FUNDS AND FEDERAL HIGHWAY ADMINISTRATION PLANNING CARRY FORWARD PLANNING FUNDS IN THE AMOUNT OF \$1,496,752.00 FOR FISCAL YEAR 2024-25 AND FEDERAL HIGHWAY ADMINISTRATION PLANNING-FEDERAL TRANSIT ADMINISTRATION SECTION 5305(d) CONSOLIDATED PLANNING GRANT FUNDS IN THE AMOUNT OF \$1,236,159.00 FOR FISCAL YEAR 2025-26 AND AUTHORIZING THE EXECUTIVE DIRECTOR TO APPROVE PLANNING ACTIVITY MODIFICATIONS THAT DO NOT CHANGE THE OVERALL BUDGET OR SCOPE OF WORK TASKS REGARDING FISCAL YEAR 2024-25 AND FISCAL YEAR 2025-26 PLANNING FUNDS IN ALACHUA COUNTY, FLORIDA; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, as a designated Metropolitan Planning Organization, is entitled to receive Fiscal Years 2024-25 and 2025-26 Federal Highway Administration metropolitan planning funds in Alachua County in order to develop, in cooperation with the state and public transit operators, transportation plans and programs for the Gainesville Metropolitan Area: that provide for the development and integrated management and operation of transportation systems and facilities, including pedestrian walkways and bicycle transportation facilities; that utilize a process for developing such plans that provides consideration of all modes of transportation; that shall be continuing, cooperative and comprehensive, to the degree appropriate, based on the complexity of transportation problems to be addressed; that ensure that the process is integrated with the statewide planning process; and that identify transportation facilities that should function as an integrated metropolitan transportation system, giving emphasis to facilities that serve important national, state and regional transportation functions, including those facilities on the Strategic Intermodal System as designated under Section 339.63, Florida Statutes.

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, as a designated metropolitan planning organization, shall develop, in cooperation with the Florida Department of Transportation and public transportation providers, a unified planning work program that lists all planning tasks to be undertaken during Fiscal Year 2024-25 and Fiscal Year 2025-26 that must provide a complete description of each planning task and an estimated budget therefor and must comply with applicable state and federal law; and

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has prepared the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program that includes required Assurances and Certifications and will then seek reimbursement of funds for implementation of said unified planning work program from the Florida Department of Transportation.

NOW THEREFORE, BE IT RESOLVED BY THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA:

1. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has the authority to approve the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program.

2. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area approves and authorizes its Chair to sign the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program on behalf of the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area in order to implement metropolitan planning work tasks and activities in and affecting Alachua County, Florida (Federal Project Identification Number- 0241-060-M).

3. That the Fiscal Year 2024-25 Unified Planning Work Program estimated budget includes one million eight hundred twenty-six thousand eight hundred sixty-eight dollars and no cents (\$1,826,868.00) which represents one million four hundred ninety-six thousand seven hundred fifty-two dollars and no cents (\$1,496,752.00) Federal Highway Administration-Federal Transit Administration consolidated planning grant funds and Federal Highway Administration carry forward grant funds and three hundred thirty thousand one hundred sixteen dollars and no cents (\$330,116.00) state soft matching funds for Fiscal Year 2024-25 (Florida Department of Transportation Project Identification Number- 439318-5-14-01).

4. That the Fiscal Year 2025-26 Unified Planning Work Program estimated budget includes one million five hundred eight thousand eight hundred dollars and no cents (\$1,508,800.00) which represents one million two hundred thirty-six thousand one hundred fifty-nine dollars and no cents (\$1,236,159.00) Federal Highway Administration-Federal Transit Administration consolidated planning grant funds and Federal Highway Administration carry forward grant funds and two hundred seventy-two thousand six hundred forty-one dollars and no cents (\$272,641.00) state soft matching funds for Fiscal Year 2025-26 (Florida Department of Transportation Project Identification Number- 439318-5-14-01).

5. That the amount of reimbursement for federal highway planning is not to exceed one million four hundred ninety-six thousand seven hundred fifty-two dollars and no cents (\$1,496,752.00) in Fiscal Year 2024-25 and one million two hundred thirty-six thousand one hundred fifty-nine dollars and no cents (\$1,236,159.00) in Fiscal Year 2025-26 which represents the Federal Highway Administration/Federal Transit Administration consolidated planning grant and Federal Highway Administration portions for unified planning work program implementation.

6. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director, in consultation with the Florida Department of Transportation, to modify the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program to address review federal and state agency comments.

7. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Chair to execute Assurances, Certifications, and all other documents as may be required to implement the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program.

8. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director to make modifications to the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program that do not change the approved Federal Highway Administration overall budget and the Federal Transit Administration overall grant funding; and do not change the scope of work task(s); or do not delete a work task(s).

9. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Chair to sign the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program that has been revised either by modification by the Executive Director or amendment by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

10. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director to sign any Florida Department of Transportation Unified Planning Work Program Revision Form and transmit said form and supporting documentation to the Florida Department of Transportation when the Fiscal Years 2024-25 and 2025-26 Unified Planning Work Program has been revised either by modification by the Executive Director or amendment approved by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

11. That this resolution shall take effect upon its adoption.

DULY ADOPTED in regular session, this 13th day of May, A.D., 2024.

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix I: Cost Allocation Plan and Certificate of Indirect Costs

This appendix includes the North Central Florida Regional Planning Council Cost Allocation Plan. Also included is the Certificate of Indirect Costs.

COST ALLOCATION PLAN

Fiscal Year 2023-24
October 1, 2023 to September 30, 2024

North Central Florida Regional Planning Council
2009 NW 67th Place
Gainesville, FL 32653-1603
352.955.2200

North Central Florida Regional Planning Council
Fiscal Year 2023-24 Indirect Cost Allocation Plan

INTRODUCTION

The following report explains the indirect cost system of the North Central Florida Regional Planning Council, hereinafter referred to as the Council, and contains documentation for the basis of the system. Organizations such as the Council, by their nature, present complex accounting needs. During the course of a fiscal year, new projects may be added which were not included in the original budget. Many projects have fiscal years which do not correspond with the fiscal year of the Council. Situations such as these make the preparation of an overall budget difficult and complicates the bookkeeping process since some costs have to be carried over more than one fiscal year to enable the reporting of project expenditures accurately. It also causes challenges in the allocation of expenses. Since the revenue base of the Council is largely grants, contracts and membership dues, the overhead costs of maintaining the office need to be shared by all projects.

INDIRECT COST ALLOCATION POLICY

All projects may be charged a portion of costs which are necessary to the operation of an organization but cannot be specifically identified as a cost of those projects in accordance with 2 Code of Federal Regulations Part 200. This document provides for the establishment of a cost pool where indirect costs are accumulated and then prorated to various cost objectives on a reasonable and equitable basis. All direct costs are charged directly to the appropriate cost objective and the indirect costs are accumulated in an account called Indirect Cost Pool. Within the Indirect Cost Pool, expenses are broken down by line item accounts. Using the indirect cost rate, these indirect costs are prorated to the cost objectives.

The indirect cost rate is a ratio between total indirect costs and direct personnel costs. A cost allocation is a process which sets out the projected direct costs, the projected indirect costs, and the projected base for allocation of these costs, thus arriving at an indirect cost rate for those costs. Personnel costs are used as the basis for proration because the cost items considered indirect increase with the addition of personnel.

DIRECT VERSUS INDIRECT POLICY STATEMENT

The policy for determining which costs are direct and which are indirect is dependent on the definition established by 2 Code of Federal Regulations Part 200. Indirect costs are those (a) incurred for a common or joint purpose benefiting more than one cost objective; and (b) not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved. Using this principle, a determination as to whether it is a direct or indirect expense can be made for each expense.

Audit - An annual audit by an independent certified public accountant firm is a requirement of the Council. The audit is to the general benefit of all projects, and is an indirect expense.

Building Occupancy and Grounds - Costs associated with the operation and maintenance of the Council office building, including utilities, waste collection, lawn services, pest control, heating, ventilation and air conditioning maintenance are indirect expenses because they benefit all projects in general.

North Central Florida Regional Planning Council
Fiscal Year 2023-24 Indirect Cost Allocation Plan

Contractual - Bank service fees are an indirect expense because they benefit all projects in general. All other contractual expenses are direct and are charged to the project benefiting from the contractual services.

Dues, Publications and Subscriptions - Council membership dues to various organizations, publications and subscriptions are for the benefit of all projects. Therefore, dues, publications and subscriptions are an indirect expense.

Furniture and Equipment - Fixed assets are purchased by the Council and the purchase costs are recovered from the projects by depreciation charges, either directly or indirectly, as appropriate. Where the asset is required for a particular project, the depreciation charges are charged directly to that project over an appropriate life/project period. Assets having general usage are depreciated through the indirect pool using a generally accepted method of computing depreciation.

Insurance and Bonding - This expense covers general liability/fire and casualty policy, workmen's compensation and bonding coverage. All the policies are maintained for the general benefit of the Council and are indirect expenses.

Legal Services and Public Notices - Costs for Council meeting and Council committee meeting public notices and legal services for administration of projects are indirect expenses because they benefit all projects in general.

Machine Rental/Maintenance - This expense covers rental on any temporary equipment, and maintenance on all office equipment. The maintenance of office equipment benefits all projects. The costs associated with the use of the various pieces of equipment by each project are not readily assignable. Machine rental/maintenance costs are an indirect expense.

Meeting Expenses - Costs associated with Council meetings and Council committee meetings are indirect because they benefit all projects in general.

Moving Expenses - This expense refers to the expense of moving furniture and equipment to new office space and the moving expense allocation paid to new employees to help cover relocation expenses when they join the staff. These costs are an indirect expense.

Office Supplies - Office supplies are an indirect expense. By their nature, office supplies are usually expenses which are not readily assignable to a specific project because of a disproportionate amount of time involved to determine the use of office supplies by each project. Most office supplies are also used mainly to benefit all projects in general. Supplies purchased for use on a specific project are charged as a direct expense to that project.

Personnel Costs - Using a timesheet as a tool, time worked on any specific project can be charged to that project by using the chargeable rate for each employee. Some job functions cannot be charged to a specific project because the time expended is of benefit to all the projects in general and thus are an indirect expense. Some of this work falls into the administrative category and covers: work performed by the Executive Director; the Executive Assistant to the Executive Director; the Finance Director; and the Information Technology and Property Management Director. Most of the secretarial, clerical, administrative assistant and geographic information system personnel costs are non-administrative in nature. This work is pooled and is charged to projects on an indirect basis as well. Indirect personnel costs are assigned to the Indirect Cost Pool and charged along with other indirect expenses.

North Central Florida Regional Planning Council
Fiscal Year 2023-24 Indirect Cost Allocation Plan

Printing - Printing for a specific program is a direct charge. Some printing is for general benefit, and therefore, included in the Indirect Cost Pool.

Postage - Most postage charges are direct and are determined by the use of a postage meter. Some postage is for general use, such as administrative correspondence or correspondence for purchases and disbursement. Postage for general use is an indirect cost.

Recruiting - This is an indirect expense and covers expenses of choosing an employee to fill a vacant position, such as advertisement costs and travel expenses incurred for personal interviews.

Reproduction - Photocopy service costs are not readily assignable to a specific project. Photocopy service costs are an indirect expense.

Telephone - The monthly telephone service charge and long distance costs are an indirect expense because they are not readily assignable to a specific project and most of these costs benefit all projects in general.

Travel - This expense is both direct and indirect. Travel expenses incurred for the benefit of a specific project are charged directly to that project. Travel expenses incurred for benefit of the entire organization are an indirect expense.

U.S. Department of Commerce, Economic Development Administration
1401 Constitution Avenue, NW
Washington, DC 20230

CERTIFICATE OF INDIRECT COSTS

This is to certify that I have reviewed the indirect cost rate proposal prepared and maintained herewith and to the best of my knowledge and belief:

(1) All costs included in this proposal dated December 29, 2023 to establish indirect costs rate(s) for fiscal year beginning October 1, 2023 and ending September 30, 2024 are allowable in accordance with the requirements of the Federal award(s) to which they apply and OMB Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (codified at 2 C.F.R. Part 200). Unallowable costs have been adjusted for in allocating costs as indicated in the cost allocation plan.

(2) All costs included in this proposal are properly allocable to Federal awards on the basis of a beneficial or causal relationship between the expenses incurred and the agreements to which they are allocated in accordance with applicable requirements. Further, the same costs that have been treated as indirect costs have not been claimed as direct costs. Similar types of costs have been accounted for consistently and the Federal Government will be notified of any accounting changes that would affect the predetermined rate.

(3) The indirect cost rate calculated within the proposal is 66.65% which was calculated using a direct cost base type of Salary and Wage. The calculations were based on actual costs from Fiscal Year 2022-23 minus indirect over applied from Fiscal Year 2022-23 to obtain a federal indirect cost billing rate for Fiscal Year 2023-24.

(4) All documentation supporting the indirect cost rate identified above must be retained by the Recipient. This rate should be reviewed and validated as part of the Recipient's annual financial audit.

Subject to the provisions of the Program Fraud Civil Remedies Act of 1986, (31 USC 3801 et seq.), the False Claims Act (18 USC 287 and 31 USC 3729); and the False Statement Act (18 USC 1001), I declare to the best of my knowledge that the foregoing is true and correct.

THIS PAGE LEFT BLANK INTENTIONALLY

Appendix J: Travel Policy

This appendix includes the Travel Policy (Resolution No. 2016-07) utilized by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area.

RESOLUTION NO. 2016-07

A RESOLUTION OF THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA ADOPTING A TRAVEL POLICY PURSUANT TO SECTION 112.061(14), FLORIDA STATUTES; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area is authorized pursuant to Section 163.061(14), Florida Statutes to adopt a travel policy establishing rates that vary from the per diem rate provided in Section 112.061(6)(a), Florida Statutes, the subsistence rates provided in Section 112.061(6)(b), or the mileage rate provided in Section 112.061(7)(d), Florida Statutes if those rates are not less than the statutorily established rates that are in effect for the 2005-2006 fiscal year; and

WHEREAS, the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area desires to adopt said travel policy.

NOW THEREFORE, BE IT RESOLVED BY THE METROPOLITAN TRANSPORTATION PLANNING ORGANIZATION FOR THE GAINESVILLE URBANIZED AREA:

1. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area has the authority to adopt a travel policy.
2. That all travel shall be performed in accordance with Section 112.061, Florida Statutes, except as provided herein.
3. That per diem shall be provided to a traveler at the rate of \$80.00 or if actual expenses exceed \$80.00, the amounts permitted in Section 112.061(6)(b), Florida Statutes for subsistence, plus actual expenses for lodging at a single-occupancy rate to be substantiated by paid bills therefor.
4. That when lodging or meals are provided at a state institution, a traveler shall be reimbursed only for the actual expenses of such lodging or meals, not to exceed the maximum provided for in Section 112.061(6), Florida Statutes.
5. That subsistence shall be allowed for all travelers in the following amounts while on Class C travel on official business as provided in Section 112.061(5)(b), Florida Statutes.
 - a. Breakfast.....\$ 6.00
 - b. Lunch.....\$11.00
 - c. Dinner.....\$19.00
6. That the use of privately owned vehicles for official travel in lieu of publicly owned vehicles or common carriers may be authorized by the Executive Director. Whenever travel is by privately owned vehicle, a traveler shall be entitled to a mileage allowance at a fixed rate per mile equal to the amount allowed by the Internal Revenue Service for tax purposes, or the common carrier fare for such travel, as determined by the Executive Director.

7. That reimbursement for per diem, subsistence and transportation expenses will be paid to a traveler only upon submission of an itemized statement of expenses approved by the Executive Director.

8. That the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area authorizes its Executive Director to approve all travel reimbursement requests in accordance with the travel policy as established herein.

9. That all resolutions or portions of resolutions in conflict with this resolution are hereby repealed to the extent of such conflict.

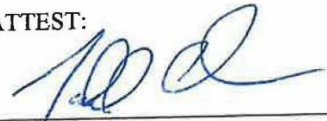

10. That this resolution shall take effect upon its adoption.

DULY ADOPTED in regular session, this 3rd day of October A.D., 2016.

Appendix L: Review Agency Comments and Responses

Prior to posting on the Metropolitan Transportation Planning Organization website and presentation to the Metropolitan Transportation Planning Organization and its advisory committees, draft copies were submitted to the Federal Highway Administration and the Florida Department of Transportation for review and comment. Comments have been received from both the Federal Highway Administration and the Florida Department of Transportation. Included in this appendix are:

- Exhibit L-1 - Draft Unified Planning Work Program 2024-25 And 2025-26 Federal Highway Administration Comments - Response; and
- Exhibit L-2 - Draft Unified Planning Work Program 2024-25 And 2025-26 Florida Department Of Transportation Comments - Response

EXHIBIT L-1

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FEDERAL HIGHWAY ADMINISTRATION COMMENTS - RESPONSE

	Page #	Comment Type	Comment Description	Response
1	Inside Cover	Editorial	Cover page – editorial: Fiscal Years 2024-25 and 2025-25 - the '2025-25' should be '2025-26'	Fiscal Year date corrected to 2025-26 in the adopted Unified Planning Work Program.
2		Critical	All: Funding source tables should document the total cost and the federal/nonfederal shares. The tables only illustrate the federal amounts; thus, the proportions are not verifiable. It appears that there is a statement indicating the match is cash and not soft match or vice versa. These amounts should still be referenced.	The Summary Tables show federal, state and local funding in separate columns in the adopted Unified Planning Work Program. In addition, there is a column to demonstrate the minimum 2.5 percent Complete Streets allocation in the adopted Unified Planning Work Program.
3		Critical	Task 4.0 – addition of GUATS model conversion from Cube Voyager to PTV Group Visum as previous work completed and as a required activity but it is not listed as an End Product. Please clarify.	Statewide software conversion was managed by Florida Department of Transportation Central Office and coordinated with its District Offices and the Florida Metropolitan Planning Organizations. The conversion was completed within the Unified Planning Work Program Fiscal Years 2022-23 and 2023-24. Thus, it is not an End Product for this document.
4		Other	Why is the regional transit plan ongoing?	Implementation of the Transit Development Plan, which is a component of the Year 2045 Cost Feasible Plan is an ongoing activity.
5		Editorial	Should the 'Alachua Countywide Bicycle/Pedestrian Master Plan' say 'Update for the 2022 Master Plan' instead of the 2001.	The Alachua Countywide Bicycle Master Plan updates the existing 2001 Master Plan.
6		Critical	Pg. 75 – addition of 'administratively modified and/or' text – please confirm the intent of this statement.	A clause indicating Unified Planning Work Program revision tracking is included in the adopted Unified Planning Work Program. .
7		Editorial	Should the Bicycle and Pedestrian Activities graphic be updated with current data?	Updated District 2 Planning Activities from the 2024 Joint Certification Part II is included in the adopted Unified Planning Work Program.
8		Critical	Clearly identify 2.5% for Complete Streets – The UPWP does not demonstrate that the 2.5% set-aside for Complete Streets is met for the MPO PL funds. Please revise the UPWP to identify how this requirement has been met.	A column has been added to the Task Tables and Summary Tables to demonstrate the minimum 2.5 percent Complete Streets set-aside in the adopted Unified Planning Work Program.
9		Other	Can I get a copy of the Public Involvement Plan that is mentioned in the UPWP 7.0 Public Participation?	A copy of the Public Involvement Plan will be provided. A link to the Public Involvement Plan is to be included in the transmitted Unified Planning Work Program.
10		Critical	What is the public comment time period?	The Metropolitan Transportation Planning Organization follows the 45-day public participation plan public notice requirement. Other public notice periods are provided in a matrix in the Public Involvement Plan.
11		Critical	Exhibit 1 – in-kind spreadsheet – FDOT Soft Match Year One Total is incorrect.	Updated Exhibit 1 - Soft Match Table is included in the adopted Unified Planning Work Program.

EXHIBIT L-1 (Continued)

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FEDERAL HIGHWAY ADMINISTRATION COMMENTS - RESPONSE

	Page #	Comment Type	Comment Description	Response
12		Critical	Task 1.0 indicates that all work to be performed by MTPO, but budget shows by consultant staff – need to confirm what tasks will be performed by MTPO vs consultant.	As a consultant, the North Central Florida Regional Planning Council is contracted to provide staff services for the Metropolitan Transportation Planning Organization. The Metropolitan Transportation Planning Organization does not have any employees.
13		Critical	Task 1.0 – provide details of ‘memberships’	The membership line item has been deleted from task 1.0 in the adopted Unified Planning Work Program.
14		Critical	Task 1.0 – which tasks are performed by consultant, which tasks are performed by MTPO?	As a consultant, the North Central Florida Regional Planning Council is contracted to provide staff services for the Metropolitan Transportation Planning Organization. The Metropolitan Transportation Planning Organization does not have any employees.
15		Critical	Task 2.0: Per the products completion date and the budget table, it appears no funds were applied to complete the reference documents. Verify this section and update accordingly.	There are no federal or state funds identified for data collection in Task 2.0 Data Collection. However, there is local soft match for data collection provided by Alachua County and the City of Gainesville.
16		Critical	Task 5.0 – details needed on the special project plans – how is this budgeted?	There are two Special Projects, Multimodal Corridor Plans (Complete Streets), identified in Task 5.0 Special Project Planning is included in the adopted Unified Planning Work Program.
17		Critical	Task 4.0 LRTP - Budget Tables (\$243,949) do not match task table (\$293,679). Verify this section and update accordingly.	Updated Task 4.0 Long-Range Transportation Planning Budget Tables are included in the adopted Unified Planning Work Program.
18		Critical	Task 6.0 – why is this task included when not funded and no projects are listed?	Task 6.0 has been deleted in the adopted Unified Planning Work Program.
19		Critical	Task 6.0: It appears there are no activities identified for this task. Although a major update may not be underway, there are coordination activities, amendments/admin mods and other activities to keep the document up to date. Verify previous ongoing activities related to this task and update accordingly.	Task 6.0 has been deleted in the adopted Unified Planning Work Program.
20		Critical	Task 7.0 – Public Participation – who is performing the work?	As a consultant, the North Central Florida Regional Planning Council is contracted to provide staff services for the Metropolitan Transportation Planning Organization and implements public participation in accordance with the Public Involvement Plan.
21		Critical	Task 7.0 - Budget Tables (\$150,000) do not match task table (\$155,000) Year 1 in task table CPG-PL \$20,000 and \$25,000 respectively	Updated Task 7.0 [Task 6.0] Public Participation Budget Tables are included in the adopted Unified Planning Work Program.

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FEDERAL HIGHWAY ADMINISTRATION COMMENTS - RESPONSE

	Page #	Comment Type	Comment Description	Response
22		Critical	Task 8.0: It appears this task will have activities that will be placed in a transit grant. Any planning activity funded with 5307 and discretionary funds that will be applied to a FTA grant should be documented with the following information: sponsor, completed by, study/plan short title, programmed year, status (ie: (bi-)annual, carried forward from xxx, new, underway, etc.), project schedule, brief scope of work/deliverables, funding source, and federal/nonfederal/total amounts. This information is needed to verify consistency with the applying agency's TrAMS application.	There are no Metropolitan Transportation Planning Organization planning activities funded by Federal Transit Administration Section 5307 funds. The City of Gainesville, which owns and operates (Regional Transit System) transit service within Alachua County, is the recipient of Federal Transit Administration Section 5307 funds. The Regional Transit System is the applicant and recipient of discretionary Federal Transit Administration capital and/or operating funds. The Metropolitan Transportation Planning Organization is the recipient of Federal Transit Administration Section 5305(d) funds incorporated into its Consolidated Planning Grant. Transit-related planning is supported with these funds.
23		Other	General Comment: All Agreements or Certifications including Debarment and Suspension, Contracts, Grants, and Cooperative Agreements, Title VI Nondiscrimination Policy Statement and Disadvantaged Business Enterprise (DBE) statements should be signed and dated, and included in the final copy of the document.	Signed certifications are included in the adopted Unified Planning Work Program.
24		Other	General Comment: Please ensure all funds identified are currently available for the MPO to use in this UPWP. Please verify funding levels available to the MPO prior to the final UPWP submission. If funding is overprogrammed, the UPWP will be approved only for the levels of funding available and verified from the Central Office PL fund Coordinator and the Districts' Work programs for STBG levels.	The Metropolitan Transportation Planning Organization has coordinated with the Florida Department of Transportation to amend its Metropolitan Planning Organization Agreement to ensure all funds are available for use in this Unified Planning Work Program.
25		Other	General Comment: When submitting the final UPWP for approval, please include a copy of all the reviewing agencies' comments and how the MPO addressed each comment. This can be included as an appendix in the UPWP.	Review comments and responses are included in the adopted of the Unified Planning Work Program.
26		Critical	There is a \$270 discrepancy between the UPWP Budget Table (pg 57-59) and the FDOT Fund Balance sheet for CPG-PL funds.	Updated Summary Budget Tables are included in the adopted Unified Planning Work Program.

EXHIBIT L-1 (Continued)

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FEDERAL HIGHWAY ADMINISTRATION COMMENTS - RESPONSE

	Page #	Comment Type	Comment Description	Response
27		Critical	Other: FTA was not provided the PL Allocations and PL Balances to review which should be provided with the drafted UPWP. Please provide these documents for review.	PL Allocations and PL Balances have been provided along with the adopted Unified Planning Work Program.
28		Critical	Other: Confirm if the UPWP's budget is drafted based on a partial apportionment or if estimates are based on a scientific approach. If the budget is not based on a full apportionment, what actions are taken to ensure the full apportionment is programmed in the UPWP, when available?	The Unified Planning Work Program budget is based on partial apportionment. In Year 2, when Federal Transit Administration Section 5305(d) [Consolidated Planning Grant] final funding allocation is determined and Year 1 closeout funds are determined, amendments to the adopted Unified Planning Work Program will be completed to add these additional funds.

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FLORIDA DEPARTMENT OF TRANSPORTATION COMMENTS - RESPONSE

Comment Topic	Comment #	Comment	Response
	Introduction		
	3.b.i	Statement of CPG Participation - The current Statement of CPG Participation omits reference to applicable CPG statutes and statements. The Florida Department of Transportation suggests the following CPG Statement: "The FDOT and the Metropolitan Transportation Planning Organization for the Gainesville urbanized Area participate in the Consolidated Planning Grant (CPG). The CPG enables FDOT, in cooperation with the MPO, FHWA, and FTA, to annually consolidate Florida's FHWA PL and FTA 5305(d) metropolitan planning fund allocations into a single grant that is administered by the FHWA Florida Division. These funds are annually apportioned to FDOT as the direct recipient and allocated to the MPO by FDOT utilizing formulas approved by the MPO, FDOT, FHWA, and FTA in accordance with 23 CFR 420.109 and 49, U.S.C. Chapter 53. The FDOT is fulfilling the CPG's required 18.07% non-federal share (match) using Transportation Development Credits as permitted by 23 CFR 120(i) and FTA C 8100.1D".	The Florida Department of transportation suggested Consolidated Planning Grant Statement is included in the adopted Unified Planning Work Program.
	MPO Organization and Management - Planning and Funding Agreements		
	4.a.i	The dates listed in parentheses appear outdated. The Florida Department of Transportation's assumption is that the dates listed are execution dates of the agreements. Please review all dates listed and ensure their accuracy.	Agreements have been reviewed and dates revised as appropriate in the adopted Unified Planning Work Program.
	4.a.ii	Many of the agreements are slated for expiration and/or update. While the expiration dates are noted, please also include when the agreements are set to be updated.	Agreement scheduled updates are included in the adopted Unified Planning Work Program.
	4.a.iii	Transportation Planning Funds Joint Participation Agreement (June 17, 2020); please remove this agreement as it is no longer relevant.	The transportation Planning Funds Joint Participation Agreement (June 17, 2020) has been removed from the adopted Unified Planning Work Program.

EXHIBIT L-2 (Continued)

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FLORIDA DEPARTMENT OF TRANSPORTATION COMMENTS - RESPONSE

	Comment #	Comment	Response
Comment Topic	Financial Discrepancies - Task Tables and Budget Summary Tables		
	5.a.i	Task 4.0 Year One Total and Task 4.0 Year Two Total do not match the corresponding Summary Budget Tables(s); Task 4.0 Year One Total shows \$146,321 and Task 4.0 Year Two Total Shows \$97,628. Task 4.0 Year One Summary Budget Table shows \$196,321 and Task 4.0 Year Two Summary Budget Table shows \$97,358. Please review and correct.	Revised Task 4.0 Year One Total and Task 4.0 Year Two Total tables and revised Budget Summary Tables are included in the adopted Unified Planning Work Program.
	5.a.ii	Task 7.0 Year One Total does not match the corresponding Summary Budget Table. Task 7.0 Year One Total shows \$80,000. Task 7.0 Year One Summary Budget Table shows \$75,000. Please review and correct.	Revised Task 6.0 Year One Total and revised Budget Summary Tables are included in the adopted Unified Planning Work Program. <i>Please note that previous Task 6.0 Regional Planning has been deleted. So Public Participation in new Task 6.0</i>
	5.a.iii	Table 1 Budget Summary Table FY 24/25 totals \$761, 321, which matches the PL allocation from the Office of Work Program Budget. Table 2 Budget Summary Table FY 25/26 totals \$767,358, which does not match the PL allocation from the Office of Work Program Budget. The Budget Summary Table(s) totals must match the PL allocation from the Office of Work Program Budget, please review and correct.	Revised Budget Summary Tables are included in the adopted Unified Planning Work Program.
Comment Topic	Financial Discrepancies - Draft UPWP Year 2		
	5.b.i	It appears there is \$270,000 unaccounted for in Year 2; due to financial inconsistencies noted above, particularly in Task 4.0, we believe this amount may be derived from the Long Range Transportation Plan Task. Please review and confirm contract totals.	Revised Task 4.0 Year Two and revised Summary Budget Table Year Two are included in the adopted Unified Planning Work Program.

DRAFT UNIFIED PLANNING WORK PROGRAM 2024-25 AND 2025-26 FLORIDA DEPARTMENT OF TRANSPORTATION COMMENTS - RESPONSE

	Comment #	Comment	Response
Comment Topic	Miscellaneous -	Illustration of De-Obligation Funds in Budget Tables	
	6.a.i	To show de-obligated funds within the Task Budget Tables and Summary Budget Tables, please see examples provided by Office of Policy Planning in Appendix A.	Footnotes that identify de-obligation funds in Task Budget Tables and Summary Budget Tables are included in the adopted Unified Planning Work Program.
Comment Topic	Miscellaneous -	IIJA 2.5% PL	
	6.b.i	Per the memo from the Office of Policy Planning sent by the Florida Department of Transportation on March 27, 2024, please identify the IIJA 2.5% PL for Complete Streets Planning in the Unified Planning Work Program FY 2024/25 and 2025/26.	Columns showing Complete Streets Planning (Infrastructure Investment and Jobs Act 2.5% PL) funded activities within the Task Budget Tables and Summary Budget Tables are included in the adopted Unified Planning Work Program.
Comment Topic	Miscellaneous -	Public Involvement Plan	
	6.c.i	The Draft UPWP references a Public Involvement Plan; however, the Public Involvement Plan itself is missing. Please include it as an appendix item.	A link to the Public Involvement Plan on the Metropolitan Transportation Planning Organization website is included in the adopted Unified Planning Work Program.
Comment Topic	Miscellaneous -	Memberships	
	6.d.i	The Task Tables identify "Memberships" as a line item and several include a financial allocation for them as well; however, there is no discussion or mention of what memberships the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area belong to. Please identify.	Membership line item has been deleted in the adopted Unified Planning Work Program.

CFDA Number & Title: <u>20.205 FHWA Highway Planning and Construction</u>		

THIS FDOT/METROPOLITAN PLANNING ORGANIZATION AGREEMENT (Agreement) is made and entered into on this 4 day of April 2025, by and between the STATE OF FLORIDA, DEPARTMENT OF TRANSPORTATION (Department), an agency of the State of Florida, whose address is Office of the District Secretary, 1109 South Marion Avenue, Lake City, FL 32025 and the Metropolitan Planning Organization for the Gainesville Urbanized Area (MPO), whose address is 12 SE 1st Street, 4th Floor, Gainesville, FL 32601, and whose System for Award Management (SAM) Number is: DMMWYZ6LQGF7 (collectively the “parties”).

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representation herein, the parties desiring to be legally bound, do agree as follows:

1. **Authority:** The MPO and the Department have authority to enter into this Agreement pursuant to 23 U.S.C. 134, 23 Code of Federal Regulations (CFR or C.F.R.) §450 and Section 339.175, Florida Statutes (F.S.), which, require the Department and the MPO to clearly identify the responsibilities for cooperatively carrying out the Federal Highway Administration (FHWA) and Federal Transit Administration (FTA) components of the Metropolitan Planning Process and accomplish the transportation planning requirements of state and federal law.

2. **Purpose of the Agreement:** The purpose of this Agreement is to pass financial assistance through the Department in the form of FHWA funds to the MPO for the completion of transportation related planning activities set forth in the Unified Planning Work Program (UPWP) of the MPO (Project), state the terms and conditions upon which FHWA funds will be provided, and set forth the manner in which work tasks and subtasks within the UPWP will be undertaken and completed. The Project is more fully described in the UPWP, which is attached and incorporated into this Agreement as Exhibit “A”.

3. **Consolidated Planning Grant (CPG):** The Department is electing to participate in the Consolidated Planning Grant (CPG) program starting with the State fiscal year (FY) 22/23 – 23/24 two-year UPWP cycle. The Department is selecting FHWA to serve as the CPG lead grant agency in accordance with FTA Circular 8100.D. Under the CPG, the FTA and FHWA annually deliver lump sum appropriations to the Department to allocate to MPOs for the metropolitan planning activities. The federal funds are delivered to the Department in the form of FTA 5305(d) and FHWA planning (PL). The Department will utilize the CPG to combine the FTA 5305(d) and FHWA PL MPO allocations into a single grant that is administered by FHWA. The Department calculates annual MPO funding allocations using the approved FTA 5305(d) and FHWA allocation formulas.

4. **Scope of Work:** The UPWP, Exhibit “A”, constitutes the Scope of Work for this Agreement.

5. **Project Cost:** The total budgetary ceiling for the Project is \$2,756,204. The budget, including tasks, is summarized below and detailed in the UPWP, Exhibit “A”. The budget may be modified by mutual agreement as provided for in paragraph 9, Amendments.

The Department’s performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature. No work shall begin before the Agreement is fully executed and a "Letter of Authorization" is issued by the Department. The total of all authorizations shall not exceed the budgetary ceiling established for this agreement and shall be completed within the term of this Agreement:

POLICY PLANNING
OGC – 02/24
Page 2 of 17

439318-5-14-01	\$23,293
	(Additional 5305 funding)

6. **Non-federal Share:** PL & Surface Transportation Block Grant (STBG) Funds (FHWA Section 112): The Department uses the U.S. Department of Transportation sliding scale federal/non-federal match ratio for metropolitan planning funds. This ratio is 81.93 percent federal and 18.07 percent non-federal. It is the policy of the Department to fulfill the non-federal share or “soft match” with toll credits as authorized by Title 23 U.S.C. § 120 conditional on funding availability. The MPO must identify and describe the soft match in its 2-year UPWP introduction and show the total amount of toll credits used to match the FHWA funds in the UPWP Summary Budget Tables.
7. **Term of Agreement:** This Agreement shall have a term of two (2) years. This Agreement shall begin on the later of July 1, [2024] or the date the Agreement is fully executed, whichever is later, and expire on June 30, [2026]. If the Agreement is fully executed after July 1, [2024], then the term of the Agreement shall be less than two (2) years and the Agreement shall expire on June 30, [2026]. Expiration of this Agreement will be considered termination of the Project. The cost of any work performed after the expiration date of this Agreement will not be reimbursed by the Department.
8. **Renewals and Extensions:** This Agreement shall not be renewed or extended.
9. **Amendments:** Amendments may be made during the term of this Agreement. Any Amendment must be in writing and signed by both parties with the same formalities as the original Agreement.
 - A. **Amendments and Modifications to the UPWP:** Revisions to the UPWP require an Amendment or Modification. Revisions may be budgetary and/or programmatic; and may be major or minor in scale. Minor UPWP revisions are processed by the MPO as a Modification, whereas more significant or major UPWP revisions are processed by the MPO as an Amendment. A significant change is defined as a change to the UPWP that alters the original intent of the Project or the intended Project outcome. MPO’s shall process UPWP Modifications or Amendments as needed.

The following section further clarifies the actions necessitating UPWP Amendments and Modifications, which are thereby defined as significant changes.

i. Amendments to the UPWP

UPWP Amendments are required for the following actions per 2 CFR 200.308 and 49 CFR 18.30:

- a. Any revision resulting in the need to increase the UPWP budget ceiling by adding new funding or reducing overall approved funding;
- b. Adding new or deleting tasks/subtasks;
- c. Change in the scope or objective of the program/task even if there is no associated budget revision (this also applies to when a task scope changes);
- d. A transfer between tasks/sub-tasks that exceeds a combined amount equal or greater than \$100,000 OR 10% of the total budget, whichever is more restrictive;
- e. Reducing the budget of a task/sub-task more than 50 percent, or to the point a task/sub-task could not be accomplished as it was originally approved;
- f. Change in key person*;
- g. Extending the period of performance past the approved work program period (i.e., no-cost time extension);
- h. Sub awarding, transferring, or contracting out any of the activities in the UPWP;
- i. The disengagement from a project for more than 3 months, or a 25 percent reduction in time devoted to the project by the approved project director or principal investigator,
- j. The inclusion of costs that require prior approval (e.g. capital and equipment purchases \$5,000 and above per unit cost).

ii. Modifications to the UPWP

UPWP changes that do not fall into the above categories may be processed as a Modification.

* A key person is specified in the application or federal award. For the UPWP, the key person is the MPO’s staff director.

- iii. If the MPO makes a modification to the UPWP budget, then the MPO shall immediately send any such modifications to the Department. Amendments to the UPWP must be approved by FHWA. Proposed amendments to the UPWP shall be filed with the Department. Within a reasonable amount of time, the Department shall review and transmit the proposed UPWP amendment and supporting documents to the FHWA with a recommendation for approval or denial. Transmittal of the proposed UPWP amendment and supporting documents to FHWA may be delayed by the Department due to the MPO failing to include all documentation required for the UPWP Amendment. The Department shall immediately forward to the MPO all correspondence that the Department receives from FHWA regarding the proposed UPWP amendment. If FHWA approves the amendment to the UPWP then this Agreement and supporting documentation must be amended immediately following such approval.

10. General Requirements:

- A. The MPO shall complete the Project with all practical dispatch in a sound, economical, and efficient manner, and in accordance with the provisions in this Agreement, the Interlocal Agreement establishing the MPO, and all applicable laws.
- B. Federal-aid funds shall not participate in any cost which is not incurred in conformity with applicable Federal and State laws, the regulations in 23 C.F.R. and 49 C.F.R., and policies and procedures prescribed by the Division Administrator of FHWA. If FHWA or the Department determines that any amount claimed is not eligible, federal participation may be approved in the amount determined to be adequately supported and the Department shall notify the MPO in writing citing the reasons why items and amounts are not eligible for federal participation. Where correctable non-compliance with provisions of law or FHWA requirements exists, Federal funds may be withheld until compliance is obtained. Where non-compliance is not correctable, FHWA or the Department may deny participation in Project costs in part or in total. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 15 of this Agreement.
- C. The MPO's financial management system must comply with the requirements set forth in 2 CFR §200.302, specifically:
 - i. Identification, in its accounts, of all Federal awards received and expended and the Federal programs under which they were received.
 - ii. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements set forth in §§200.327 Financial reporting and 200.328 Monitoring and reporting program performance.
 - iii. Records that identify adequately the source and application of funds for federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated balances, assets, expenditures, income and interest and be supported by source documentation.
 - iv. Effective control over, and accountability for, all funds, property, and other assets.
 - v. Comparison of expenditures with budget amounts for each Federal award.
 - vi. Written procedures to implement the requirements of §200.305 Payment.
 - vii. Written procedures for determining the allowability of costs in accordance with Subpart E—Cost Principles of this part and the terms and conditions of the Federal award.

11. Compensation and Payment:

- A. The Department shall reimburse the MPO for costs incurred to perform services satisfactorily during a monthly or quarterly period in accordance with Scope of Work, Exhibit "A". Reimbursement is limited to the maximum amount authorized by the Department. The MPO shall submit a request for reimbursement to the Department on a quarterly or monthly basis. Requests for reimbursement by the MPO shall include an invoice, an itemized expenditure report, and progress report for the period of services being billed that are acceptable to the Department. The MPO shall use the format for the invoice, itemized expenditure report and progress report that is approved by the Department. The MPO shall provide any other data required

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
FDOT / METROPOLITAN PLANNING ORGANIZATION AGREEMENT

525-010-02
POLICY PLANNING
OGC – 02/24
Page 5 of 17

by FHWA or the Department to justify and support the payment requested.

- B.** Pursuant to Section 287.058, Florida Statutes, the MPO shall provide quantifiable, measurable, and verifiable units of deliverables. Each deliverable must specify the required minimum level of service to be performed and the criteria for evaluating successful completion. The Project and the quantifiable, measurable, and verifiable units of deliverables are described in Exhibit “A”.
- C.** Invoices shall be submitted by the MPO in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables as established in Exhibit “A”. Deliverables must be received and accepted in writing by the Department’s Grant Manager prior to payments.
- D.** The Department will honor requests for reimbursement to the MPO for eligible costs in the amount of FHWA funds approved for reimbursement in the UPWP and made available by FHWA. The Department may suspend or terminate payment for that portion of the Project which FHWA, or the Department acting in lieu of FHWA, may designate as ineligible for federal-aid. Regarding eligible costs, whichever requirement is stricter between federal and State of Florida requirements shall control. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 15 of this Agreement.
- E.** Supporting documentation must establish that the deliverables were received and accepted in writing by the MPO and must also establish that the required minimum level of service to be performed based on the criteria for evaluating successful completion as specified in the UPWP, Exhibit “A”, was met. All costs charged to the Project, including any approved services contributed by the MPO or others, shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of the charges. See Exhibit “D” for Contract Payment Requirements.
- F.** Bills for travel expenses specifically authorized in this Agreement shall be documented on the Department’s Contractor Travel Form No. 300-000-06 or on a form that was previously submitted to the Department’s Comptroller and approved by the Department of Financial Services. Bills for travel expenses specifically authorized in this Agreement will be paid in accordance with Section 112.061 Florida Statutes.
- G.** Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes. If the Department determines that the performance of the MPO fails to meet minimum performance levels, the Department shall notify the MPO of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The MPO shall, within sixty (60) days after notice from the Department, provide the Department with a corrective action plan describing how the MPO will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the MPO shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the MPO resolves the deficiency. If the deficiency is subsequently resolved, the MPO may bill the Department for the retained amount during the next billing period. If the MPO is unable to resolve the deficiency, the funds retained may be forfeited at the end of the Agreement’s term.
- H.** An invoice submitted to the Department involving the expenditure of metropolitan planning funds (“PL funds”) is required by Federal law to be reviewed by the Department and issued a payment by the Department of Financial Services within 15 business days of receipt by the Department for review. If the invoice is not complete or lacks information necessary for processing, it will be returned to the MPO, and the 15-business day timeframe for processing will start over upon receipt of the resubmitted invoice by the Department. If there is a case of a bona fide dispute, the invoice recorded in the financial system of the Department shall contain a statement of the dispute and authorize payment only in the amount not disputed. If an item is disputed and is not paid, a separate invoice could be submitted requesting reimbursement, or the disputed item/amount could be included/added to a subsequent invoice.
- I.** Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five years after final payment is made. Copies of these documents and records shall be furnished to the Department upon

request. Records of costs incurred include the MPO's general accounting records and the Project records, together with supporting documents and records, of the consultant and all subconsultants performing work on the Project, and all other records of the Consultants and subconsultants considered necessary by the Department for a proper audit of costs.

- J. The MPO must timely submit invoices and documents necessary for the close out of the Project. Within 90 days of the expiration or termination of the grant of FHWA funds for the UPWP, the MPO shall submit the final invoice and all financial, performance, and related reports consistent with 2 CFR §200.
- K. The Department's performance and obligation to pay under this Agreement is also contingent upon FHWA making funds available and approving the expenditure of such funds.
- L. In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

- M. **Disallowed Costs:** In determining the amount of the payment, the Department will exclude all Project costs incurred by the MPO prior to the effective date of this Agreement, costs incurred by the MPO which are not provided for in the latest approved budget for the Project, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. It is agreed by the MPO that where official audits by the federal agencies or monitoring by the Department discloses that the MPO has been reimbursed by the Department for ineligible work, under applicable federal and state regulations, that the value of such ineligible items may be deducted by the Department from subsequent reimbursement requests following determination of ineligibility. Upon receipt of a notice of ineligible items the MPO may present evidence supporting the propriety of the questioned reimbursements. Such evidence will be evaluated by the Department, and the MPO will be given final notification of the amounts, if any, to be deducted from subsequent reimbursement requests.

In addition, the MPO agrees to promptly reimburse the Department for any and all amounts for which the Department has made payment to the MPO if such amounts become ineligible, disqualified, or disallowed for federal reimbursement due to any act, error, omission, or negligence of the MPO. This includes omission or deficient documentation of costs and charges, untimely, incomplete, or insufficient submittals, or any other reason declared by the applicable Federal Agency.

Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 15 of this Agreement.

- N. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset such amount from payments due for work or services done under any agreement which it has with the MPO owing such amount if, upon demand, payment of the amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department. Any determination by the Department made pursuant to this section of the Agreement is subject to the conflict and dispute resolution process set forth in Section 16 of this Agreement.
- O. **Indirect Costs:** A state or federally approved indirect cost rate may be applied to the Agreement. If the MPO does not have a federally approved indirect cost rate, a rate up to the de minimis indirect cost rate of

10% of modified total direct costs may be applied. The MPO may opt to request no indirect cost rate, even if it has a federally approved indirect cost rate.

12. Procurement and Contracts of the MPO:

- A. The procurement, use, and disposition of real property, equipment and supplies shall be consistent with the approved UPWP and in accordance with the requirements of 2 CFR §200.
- B. It is understood and agreed by the parties to this Agreement that participation by the Department in a project with the MPO, where said project involves a consultant contract for engineering, architecture or surveying services, is contingent on the MPO's complying in full with provisions of Section 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, the federal Brooks Act, 23 C.F.R. 172, and 23 U.S.C. 112. At the discretion of the Department, the MPO will involve the Department, to an extent to be determined by the Department, in the consultant selection process for all projects funded under this Agreement. In all cases, the MPO shall certify to the Department that selection has been accomplished in compliance with the Consultants' Competitive Negotiation Act and the federal Brooks Act.
- C. The MPO shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of federal-aid funds.

13. Audit Reports: The administration of resources awarded through the Department to the MPO by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The MPO shall comply with all audit and audit reporting requirements as specified below.

- A. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, monitoring procedures may include but not be limited to on-site visits by Department staff and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the MPO agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. The MPO further agrees to comply and cooperate with any inspections, reviews, investigations or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.
- B. The MPO, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements, as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:
 - i. In the event the MPO expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the MPO must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit "B", Federal Financial Assistance (Single Audit Act)**, to this Agreement provides the required Federal award identification information needed by the MPO to further comply with the requirements of 2 CFR Part 200, Subpart F – Audit Requirements. In determining Federal awards expended in a fiscal year, the MPO must consider all sources of Federal awards based on when the activity related to the Federal award occurs, including the Federal award provided through the Department by this Agreement. The determination of amounts of Federal awards expended should be in accordance with the guidelines established by 2 CFR Part 200, Subpart F – Audit Requirements. An audit conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, will meet the requirements of this part.
 - ii. In connection with the audit requirements, the MPO shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR Part 200, Subpart F – Audit Requirements.
 - iii. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the MPO is exempt from Federal audit requirements for

that fiscal year. However, the MPO must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the MPO's audit period for each applicable audit year. In the event the MPO expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (*i.e.*, the cost of such an audit must be paid from the MPO's resources obtained from other than Federal entities).

- iv. The MPO must electronically submit to the Federal Audit Clearinghouse (FAC) at <https://harvester.census.gov/facweb/> the audit reporting package as required by 2 CFR Part 200, Subpart F – Audit Requirements, within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.
- v. Within six months of acceptance of the audit report by the FAC, the Department will review the MPO's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the MPO fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include but not be limited to the following:
 - 1. Temporarily withhold cash payments pending correction of the deficiency by the MPO or more severe enforcement action by the Department;
 - 2. Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
 - 3. Wholly or partly suspend or terminate the Federal award;
 - 4. Initiate suspension or debarment proceedings as authorized under 2 C.F.R. Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
 - 5. Withhold further Federal awards for the Project or program;
 - 6. Take other remedies that may be legally available.
- vi. As a condition of receiving this Federal award, the MPO shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the MPO's records including financial statements, the independent auditor's working papers and Project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.
- vii. The Department's contact information for requirements under this part is as follows:

Office of Comptroller
605 Suwannee Street, MS 24
Tallahassee, Florida 32399-0450
FDOTSingleAudit@dot.state.fl.us

- C. The MPO shall retain sufficient records demonstrating its compliance with the terms of this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The MPO shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department.

- 14. Termination or Suspension:** The Department may, by written notice to the MPO, suspend any or all of the MPO's obligations under this Agreement for the MPO's failure to comply with applicable law or the terms of this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected. The Department will provide written notice outlining the particulars of suspension.

The Department may terminate this Agreement at any time before the date of completion if the MPO is dissolved or if federal funds cease to be available. In addition, the Department or the MPO may terminate this Agreement if either party fails to comply with the conditions of the Agreement. The Department or the MPO shall give written notice to all parties at least ninety (90) days prior to the effective date of termination and specify the effective date of termination.

The parties to this Agreement may terminate this Agreement when its continuation would not produce beneficial results commensurate with the further expenditure of funds. In this event, the parties shall agree upon the termination conditions.

Upon termination of this Agreement, whether for cause or at the convenience of the parties, all finished or unfinished documents, data, studies, surveys, reports, maps, drawings, models, photographs, etc., prepared by the MPO shall, at the option of the Department, be delivered to the Department.

The Department shall reimburse the MPO for those eligible expenses incurred during the Agreement period that are directly attributable to the completed portion of the work covered by this Agreement, provided that the work has been completed in a manner satisfactory and acceptable to the Department. The MPO shall not incur new obligations for the terminated portion after the effective date of termination.

The Department reserves the right to unilaterally cancel this Agreement for refusal by the MPO or any consultant, sub-consultant or materials vendor to allow public access to all documents, papers, letters or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received in conjunction with this Agreement unless the records are confidential or exempt.

The conflict and dispute resolution process set forth in Section 16 of this Agreement shall not delay or stop the Parties' rights to terminate the Agreement.

- 15. Remedies:** Violation or breach of Agreement terms by the MPO shall be grounds for termination of the Agreement. Any costs incurred by the Department arising from the termination of this Agreement shall be paid by the MPO.

This Agreement shall not be considered as specifying the exclusive remedy for any dispute, but all remedies existing at law and in equity may be availed of by either party and shall be cumulative.

- 16. Conflict and Dispute Resolution Process:** This section shall apply to conflicts and disputes relating to matters subject to this Agreement, or conflicts arising from the performance of this Agreement. If possible, the parties shall attempt to resolve any dispute or conflict within thirty (30) days of a determination of a dispute or conflict. This section shall not delay or stop the Parties' rights to terminate the Agreement. In addition, notwithstanding that a conflict or dispute may be pending resolution, this section shall not delay or stop the Department from performing the following actions pursuant to its rights under this Agreement: deny payments; disallow costs; deduct the value of ineligible work from subsequent reimbursement requests, or; offset pursuant to Section 11.N of this Agreement.

- A. **Initial Resolution:** The affected parties to this Agreement shall, at a minimum, ensure the attempted early resolution of conflicts relating to such matters. Early resolution shall be handled by direct discussion between the following officials: for the Department - the Intermodal Systems Development Manager; and for the MPO - the Staff Director.

- B. Resolution by Senior Agency Official:** If the conflict remains unresolved, the conflict shall be resolved by the following officials: for the Department - the District Secretary; and for the Metropolitan Planning Organization for the Gainesville Urbanized Area (MPO) - the Chairperson of the MPO.
- C. Resolution of Conflict by the Agency Secretary:** If the conflict is not resolved through conflict resolution pursuant to the provisions, "Initial Resolution" and "Resolution by Senior Agency Official" above, the conflict shall be resolved by the Secretary for the Department of Transportation or their delegate. If the MPO does not agree with the resolution provided by the Secretary for the Department of Transportation, the parties may pursue any other remedies set forth in this Agreement or provided by law.

17. Disadvantaged Business Enterprise (DBE) Policy and Obligation: It is the policy of the Department that DBE's, as defined in 49 C.F.R. Part 26, as amended, shall have the opportunity to participate in the performance of contracts financed in whole or in part with Department funds under this Agreement. The DBE requirements of applicable federal and state laws and regulations apply to this Agreement.

The MPO and its contractors and consultants agree to ensure that DBE's have the opportunity to participate in the performance of this Agreement. In this regard, all recipients and contractors shall take all necessary and reasonable steps in accordance with applicable federal and state laws and regulations to ensure that the DBE's have the opportunity to compete for and perform contracts. The MPO and its contractors, consultants, subcontractors and subconsultants shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts, entered pursuant to this Agreement.

18. Compliance with Federal Conditions and Laws:

- A.** The MPO shall comply and require its consultants and subconsultants to comply with all terms and conditions of this Agreement and all federal, state, and local laws and regulations applicable to this Project. Execution of this Agreement constitutes a certification that the MPO is in compliance with, and will require its consultants and subconsultants to comply with, all requirements imposed by applicable federal, state, and local laws and regulations.
- B.** The MPO shall comply with the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions," in 49 C.F.R. Part 29, and 2 C.F.R. Part 200 when applicable and include applicable required provisions in all contracts and subcontracts entered into pursuant to this Agreement.
- C. Title VI Assurances:** The MPO will comply with all the requirements imposed by Title VI of the Civil Rights Act of 1964, the regulations of the U.S. Department of Transportation issued thereunder, and the assurance by the MPO pursuant thereto, including but not limited to the requirements set forth in Exhibit "C", Title VI Assurances. The MPO shall include the attached Exhibit "C", Title VI Assurances, in all contracts with consultants and contractors performing work on the Project that ensure compliance with Title VI of the Civil Rights Act of 1964, 49 C.F.R. Part 21, and related statutes and regulations.
- D. Restrictions on Lobbying** The MPO agrees that to no federally-appropriated funds have been paid, or will be paid by or on behalf of the MPO, to any person for influencing or attempting to influence any officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment or modification of any federal contract, grant, loan or cooperative agreement. If any funds other than federally-appropriated funds have been paid by the MPO to any person for influencing or attempting to influence an officer or employee of any federal agency, a Member of Congress, an officer or employee of Congress or an employee of a Member of Congress in connection with this Agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. The MPO shall require that the language of this paragraph be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. No funds received pursuant to this Agreement may be expended for lobbying the Legislature, the judicial branch or a state agency.
- E.** The MPO must comply with FHWA's Conflicts of Interest requirements set forth in 23 CFR §1.33.

19. Restrictions, Prohibitions, Controls, and Labor Provisions: During the performance of this Agreement, the MPO agrees as follows, and shall require the following provisions to be included in each contract and subcontract entered into pursuant to this Agreement:

- A.** A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in Section 287.017, Florida Statutes, for CATEGORY TWO for a period of 36 months from the date of being placed on the convicted vendor list.
- B.** In accordance with Section 287.134, Florida Statutes, an entity or affiliate who has been placed on the Discriminatory Vendor List, kept by the Florida Department of Management Services, may not submit a bid on a contract to provide goods or services to a public entity; may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work; may not submit bids on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor or consultant under a contract with any public entity; and may not transact business with any public entity.
- C.** An entity or affiliate who has had its Certificate of Qualification suspended, revoked, denied or have further been determined by the Department to be a non-responsible contractor may not submit a bid or perform work for the construction or repair of a public building or public work on a contract with the MPO.
- D.** Neither the MPO nor any of its contractors and consultants or their subcontractors and subconsultants shall enter into any contract, subcontract or arrangement in connection with the Project or any property included or planned to be included in the Project in which any member, officer or employee of the MPO or the entities that are part of the MPO during tenure or for 2 years thereafter has any interest, direct or indirect. If any such present or former member, officer or employee involuntarily acquires or had acquired prior to the beginning of tenure any such interest, and if such interest is immediately disclosed to the MPO, the MPO, with prior approval of the Department, may waive the prohibition contained in this paragraph provided that any such present member, officer or employee shall not participate in any action by the MPO or the locality relating to such contract, subcontract or arrangement. The MPO shall insert in all contracts entered into in connection with the Project or any property included or planned to be included in any Project, and shall require its contractors and consultants to insert in each of their subcontracts, the following provision:

"No member, officer or employee of the MPO or of the locality during his or her tenure or for 2 years thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

The provisions of this paragraph shall not be applicable to any agreement between the MPO and its fiscal depositories or to any agreement for utility services the rates for which are fixed or controlled by a governmental agency.

- E.** No member or delegate to the Congress of the United States shall be admitted to any share or part of this Agreement or any benefit arising therefrom.

20. Miscellaneous Provisions:

A. Public Records:

- i.** The MPO shall allow public access to all documents, papers, letters, or other material subject to the provisions of Chapter 119, Florida Statutes, and made or received by the MPO in conjunction with this Agreement, unless such documents are exempt from public access or are confidential pursuant to state and federal law. Failure by the MPO to grant such public access shall be grounds for immediate unilateral cancellation of this Agreement by the Department.
- ii.** In addition, the MPO shall comply with the requirements of section 119.0701, Florida Statutes.

- B. It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof, a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the provisions of this Agreement.
- C. In no event shall the making by the Department of any payment to the MPO constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the MPO and the making of such payment by the Department, while any such breach or default shall exist, shall in no way impair or prejudice any right or remedy available to the Department with respect to such breach or default.
- D. If any provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected. In such an instance, the remainder would then continue to conform to the terms and requirements of applicable law.
- E. By execution of the Agreement, the MPO represents that it has not paid and, also agrees not to pay, any bonus or commission for the purpose of obtaining an approval of its application for the financing hereunder.
- F. Nothing in the Agreement shall require the MPO to observe or enforce compliance with any provision or perform any act or do any other thing in contravention of any applicable state law. If any of the provisions of the Agreement violate any applicable state law, the MPO will at once notify the Department in writing in order that appropriate changes and modifications may be made by the Department and the MPO to the end that the MPO may proceed as soon as possible with the Project.
- G. The MPO shall comply with all applicable federal guidelines, procedures, and regulations. If at any time a review conducted by Department and or FHWA reveals that the applicable federal guidelines, procedures, and regulations were not followed by the MPO and FHWA requires reimbursement of the funds, the MPO will be responsible for repayment to the Department of all funds awarded under the terms of this Agreement.
- H. The MPO:
 - i. shall utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by MPO during the term of the contract; and
 - ii. shall expressly require any contractor, consultant, subcontractors and subconsultants performing work or providing services pursuant to the state contract to likewise utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor or subconsultant during the contract term.
- I. This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which shall constitute the same Agreement. A facsimile or electronic transmission of this Agreement with a signature on behalf of a party will be legal and binding on such party.
- J. The parties agree to comply with s.20.055(5), Florida Statutes, and to incorporate in all subcontracts the obligation to comply with s.20.055(5), Florida Statutes.
- K. This Agreement and any claims arising out of this Agreement shall be governed by the laws of the United States and the State of Florida.

21. Exhibits: The following Exhibits are attached and incorporated into this Agreement:

- A. Exhibit "A", UPWP
- B. Exhibit "B", Federal Financial Assistance (Single Audit Act)
- C. Exhibit "C", Title VI Assurances
- D. Exhibit "D", Contract Payment Requirements

Exhibit "C"
TITLE VI ASSURANCES

During the performance of this Agreement, the MPO, for itself, its assignees and successors in interest (hereinafter collectively referred to as the "contractor") agrees as follows:

- (1.) Compliance with REGULATIONS:** The contractor shall comply with the Regulations relative to nondiscrimination in federally-assisted programs of the U.S. Department of Transportation (hereinafter, "USDOT) ***Title 49, Code of Federal Regulations, Part 21***, as they may be amended from time to time, (hereinafter referred to as the **REGULATIONS**), which are herein incorporated by reference and made a part of this contract.
- (2.) Nondiscrimination:** The contractor, with regard to the work performed by it during the contract, shall not discriminate on the basis of race, color, national origin, or sex in the selection and retention of sub-contractors, including procurements of materials and leases of equipment. The contractor shall not participate either directly or indirectly in the discrimination prohibited by **Section 21.5** of the **REGULATIONS**, including employment practices when the contract covers a program set forth in **Appendix B** of the **REGULATIONS**.
- (3.) Solicitations for Sub-contractors, including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under sub-contract, including procurements of materials or leases of equipment, each potential sub-contractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the **REGULATIONS** relative to nondiscrimination on the basis of race, color, national origin, or sex.
- (4.) Information and Reports:** The contractor shall provide all information and reports required by the **REGULATIONS** or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, and Federal Motor Carrier Safety Administration* to be pertinent to ascertain compliance with such **REGULATIONS**, orders and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to the *Florida Department of Transportation*, or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* as appropriate, and shall set forth what efforts it has made to obtain the information.
- (5.) Sanctions for Noncompliance:** In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the Florida Department of Transportation shall impose such contract sanctions as it or the Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration may determine to be appropriate, including, but not limited to:
 - a. withholding of payments to the contractor under the contract until the contractor complies, and/or
 - b. cancellation, termination or suspension of the contract, in whole or in part.
- (6.) Incorporation of Provisions:** The contractor shall include the provisions of paragraphs (1) through (7) in every sub-contract, including procurements of materials and leases of equipment, unless exempt by the **REGULATIONS**, or directives issued pursuant thereto. The contractor shall take such action with respect to any sub-contract or procurement as the *Florida Department of Transportation* or the *Federal Highway Administration, Federal Transit Administration, Federal Aviation Administration, or Federal Motor Carrier Safety Administration* may direct as a means of enforcing such provisions including sanctions for noncompliance, provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a sub-contractor or supplier as a result of such direction, the contractor may request the *Florida Department of Transportation* to enter into such litigation to protect the interests of the *Florida Department of Transportation*, and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.
- (7.) Compliance with Nondiscrimination Statutes and Authorities:** Title VI of the Civil Rights Act of 1964 (42 U.S.C. § 2000d et seq., 78 stat. 252), (prohibits discrimination on the basis of race, color, national origin); and 49 CFR Part 21; The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, (42 U.S.C. § 4601), (prohibits unfair treatment of persons displaced or whose property has been acquired because of Federal or Federal-aid programs and projects); Federal-Aid Highway Act of 1973, (23 U.S.C. § 324 et seq.), (prohibits discrimination on the basis of sex); Section 504 of the Rehabilitation Act of 1973, (29 U.S.C. § 794 et seq.), as amended, (prohibits

discrimination on the basis of disability); and 49 CFR Part 27; The Age Discrimination Act of 1975, as amended, (42 U.S.C. § 6101 et seq.), (prohibits discrimination on the basis of age); Airport and Airway Improvement Act of 1982, (49 USC § 471, Section 47123), as amended, (prohibits discrimination based on race, creed, color, national origin, or sex); The Civil Rights Restoration Act of 1987, (PL 100-209), (Broadened the scope, coverage and applicability of Title VI of the Civil Rights Act of 1964, The Age Discrimination Act of 1975 and Section 504 of the Rehabilitation Act of 1973, by expanding the definition of the terms “programs or activities” to include all of the programs or activities of the Federal-aid recipients, sub-recipients and contractors, whether such programs or activities are Federally funded or not); Titles II and III of the Americans with Disabilities Act, which prohibit discrimination on the basis of disability in the operation of public entities, public and private transportation systems, places of public accommodation, and certain testing entities (42 U.S.C. §§ 12131 -- 12189) as implemented by Department of Transportation regulations at 49 C.F.R. parts 37 and 38; The Federal Aviation Administration’s Non-discrimination statute (49 U.S.C. § 47123) (prohibits discrimination on the basis of race, color, national origin, and sex); Executive Order 12898, Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations, which ensures non-discrimination against minority populations by discouraging programs, policies, and activities with disproportionately high and adverse human health or environmental effects on minority and low-income populations; Executive Order 13166, Improving Access to Services for Persons with Limited English Proficiency, and resulting agency guidance, national origin discrimination includes discrimination because of limited English proficiency (LEP). To ensure compliance with Title VI, you must take reasonable steps to ensure that LEP persons have meaningful access to your programs (70 Fed. Reg. at 74087 to 74100); Title IX of the Education Amendments of 1972, as amended, which prohibits you from discriminating because of sex in education programs or activities (20 U.S.C. 1681 et seq).

Exhibit “D”
CONTRACT PAYMENT REQUIREMENTS
Florida Department of Financial Services, Reference Guide for State Expenditures
Cost Reimbursement Contracts

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

Salaries: Timesheets that support the hours worked on the Project or activity must be kept. A payroll register, or similar documentation should be maintained. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.

Fringe benefits: Fringe benefits should be supported by invoices showing the amount paid on behalf of the employee, e.g., insurance premiums paid. If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown. Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.

Travel: Reimbursement for travel must be in accordance with s. 112.061, F.S., which includes submission of the claim on the approved state travel voucher along with supporting receipts and invoices.

Other direct costs: Reimbursement will be made based on paid invoices/receipts and proof of payment processing (cancelled/processed checks and bank statements). If nonexpendable property is purchased using state funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with DMS Rule 60A-1.017, F.A.C., regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in s. 273.02, F.S., for subsequent transfer to the State.

Indirect costs: If the contract stipulates that indirect costs will be paid based on a specified rate, then the calculation should be shown. Indirect costs must be in the approved agreement budget and the entity must be able to demonstrate that the costs are not duplicated elsewhere as direct costs. All indirect cost rates must be evaluated for reasonableness and for allowability and must be allocated consistently.

Contracts between state agencies may submit alternative documentation to substantiate the reimbursement request, which may be in the form of FLAIR reports or other detailed reports.

The Florida Department of Financial Services, online Reference Guide for State Expenditures can be found at this web address <https://www.myfloridacfo.com/Division/AA/Manuals/documents/ReferenceGuideforStateExpenditures.pdf>.

^Federal Highway Administration Planning and Federal Transit Administration Section 5305(d) matching funds are Florida Department of Transportation toll credits soft match.

~Inkind contribution from Alachua County, City of Gainesville and University of Florida not included.

FCTD - Florida Commission for the Transportation Disadvantaged

FDOT - Florida Department of Transportation

FHWA - Federal Highway Administration

FTA - Federal Transit Administration

FY - Fiscal Year

MTPO - Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

PL - Consolidated Planning Grant (PL) Planning Funds with Federal Transit Administration Section 5305(d) Allocation

PL-CS - Complete Streets Set-Aside (equal or greater than 2.5 percent)

SU - Surface Transportation Block Grant Funds for Population over 200,000

NOTE - \$368,531 of Fiscal Years 2022-23 and 2023-24 de-obligated planning funds are included in Fiscal Year 2025-26.

NOTE - \$200,000 for Complete Streets Planning in Task 5.0 is 26.1 percent of the \$767,628 PL allocation for Fiscal Year 2025-26.

VII. Action Item C

Metropolitan Transportation Planning Organization For the Gainesville and Alachua County Area

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee/
Citizens Advisory Committee

From: Brad Thoburn

Subject: **Transportation Improvement Program Modification**

RECOMMENDATION

It is recommended that the Metropolitan Transportation Planning Organization Board approve the Transportation Improvement Program (TIP) Modification that provides additional planning funds for Fiscal Year 2025-26.

BACKGROUND

MPOs are required by 23 United States Code (USC) 134(j) to develop a Transportation Improvement Program (TIP). MPOs, in cooperation with FDOT and public transportation operators, develop the TIP per 23 Code of Federal Regulations (CFR) 450.326(a).

The CFR defines the TIP as a prioritized listing/program of transportation projects covering four years that is developed and formally adopted by an MPO as part of the metropolitan transportation planning process, consistent with the Long-Range Transportation Plan (LRTP), and required for projects to be eligible for funding under 23 USC, 49 USC Chapter 53, and [23 CFR 450.104]. State law requires the TIP to cover an additional year, for a total of five years [s.339.175(8)(c)(1), Florida Statutes (FS)]. The TIP reflects short-term investment priorities developed from the Metropolitan Transportation Planning Organization's Long-Range Transportation Plan and the annual List of Priority Projects (LOPP) approved by the MTPO.

The Florida Department of Transportation (FDOT) has requested a modification to the TIP to include additional planning funds, in the amount of \$74,631, provided for Fiscal Year 2025-26.

The TIP modification form is attached, as well as the revised cover page for the TIP, and updated pages referencing the additional planning funds provided.

Attachment

Transportation Improvement Program

Fiscal Years 2025-26 to 2029-30

(October 1, 2025 to September 30 2026;

Total	\$89,675,798	\$158,170,675	\$102,979,143	\$42,075,450	\$45,598,055	\$438,499,121

Disclaimer - The "Total Project Cost" amount displayed for each of the federal and state funded projects in the TIP represents ten years of programming in the Florida Department of Transportation's Work Program database for projects on the Strategic Intermodal System (Fiscal Years 2018-19 through 2027-28) and five years in the Work Program for non-Strategic Intermodal System projects (Fiscal Years 2025-26 through 2029-30), plus historical cost information for all projects having expenditures paid by the Florida Department of Transportation prior to Fiscal Year 2025-26. For a more comprehensive description of the total cost of a particular project for all project phases, please refer to the Year 2045 Long-Range Transportation Plan.

C. Project Selection

The project selection process for the development of this TIP has been conducted in accordance with federal requirements, specifically, Title 23 United States Code and Federal Regulations Section 450.332(b). In accordance with the Florida Department of Transportation Metropolitan Planning Organization Handbook, the Metropolitan Transportation Planning Organization consults with review agencies for comments. The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area receives comments from various agencies and advisory groups to develop its transportation project priority recommendations. These priorities are contained in the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area List of Priority Projects, which is submitted annually to the Florida Department of Transportation.

Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

Transportation Improvement Program Team

Alison Moss, AICP, Interim Executive Director

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

VII. Action Item D

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee
and Citizens Advisory Committee

From: Brad Thoburn

Subject: **Metropolitan Transportation Planning Organization
Bylaws Amendment**

RECOMMENDATION

It is recommended that the Technical Advisory Committee and the Citizens Advisory Committee review and approve the Metropolitan Transportation Planning Organization Bylaws Amendment.

BACKGROUND

The Metropolitan Transportation Planning Organization (MTPO) Bylaws provide an overview of the organization's functions, membership, voting structure, and committees. The bylaws provide a detailed outline of the policies and procedures used by the Metropolitan Transportation Planning Organization Board for collaborative planning in the Gainesville and Alachua County area.

The amendment to the current MTPO Bylaws will reflect recent changes to the MTPO, such as its board membership and organizational structure. The organization has also become more independent leaning.

The MTPO Bylaws updated cover page and revised pages are included as attachments.

Attachment

Bylaws

The preparation of these Bylaws has been financed in part through grants from the Federal Highway Administration, Federal Transit Administration, and the Florida Department of Transportation under the State Planning and Research Program, Section 505 [or Metropolitan Planning Program, Section 104 (f)] of Title 23, United States Code. The contents of this report do not necessarily reflect the official views or policy of the United States Department of Transportation.

Approved by the
Metropolitan Transportation Planning Organization
For the Gainesville Urbanized Area

Chair

August 19, 2025

I. Name

- a. The name of this organization shall be the Metropolitan Transportation Planning Organization (MTPO) for the Gainesville Urbanized Area.
- b. The governance area for the MTPO consists of the Gainesville Urbanized Area as determined by the most recent census, Alachua County, and Cities of Alachua, Archer, Hawthorne, High Springs, Newberry, and Waldo along with the Towns of La Crosse and Micanopy.

II. Purpose

- a. The MTPO in cooperation with the State of Florida and in cooperation with the publicly owned operators of mass transportation services shall be responsible for carrying out the metropolitan transportation planning process in the Gainesville Urbanized Area as prescribed by the state and federal laws and regulations. The MTPO shall be the forum for cooperative decision making by officials of affected government entities in the development of required plans and programs.
- b. The powers, duties, and responsibilities of the MTPO are specified in §339.175, F.S. and in an interlocal agreement authorized under §163.01, F.S. The MTPO shall perform all acts required by federal or state laws or rules, now and subsequently applicable, which are necessary to qualify for federal and state aid.
- c. The functions of the MTPO shall include, but not be limited to, the following:
 - i. To assure the eligibility of the Gainesville Urbanized Area to receive federal capital and operating assistance pursuant to 23 USC §134 and 49 USC § 5303, 5304, 5305, 5307, 5309, 5310, 5314, 5326, 5337, 5339, and 5340. The Interlocal Agreement for the Establishment of the Metropolitan Transportation Planning Organization, recorded on August XX, 2025, in Official Records instrument #####-#####, Public Records of Alachua County, all as amended from time to time (the "Interlocal Agreement");
 - ii. To promote the coordination of transportation planning and programming process, in cooperation with the Florida Department of Transportation (FDOT), in accordance with Sections 334.30(10) (public-private facilities), 339.155 (3) and (4) transportation planning), 339.175 (Metropolitan Planning Organizations), 163.3161 – 1633211 (Comprehensive Planning Act), and Section 163.01 (the Florida Interlocal Cooperation Act of 1969), Florida Statutes;

- iii. To adopt Transportation Work Programs, including but not limited to the Long-Range Transportation Plan (LRTP), the Transportation Improvement Plan (TIP), the Unified Planning work Program (UPWP), incorporating performance goals, measures, and targets into the process of identifying and selecting needed transportation improvements and projects, and a congestion management process for the MTPO Area and coordinated development of all other transportation management systems as required by state or federal law. 23 CFR §450.306(d) and 23 CFR §§450.324, 450.326; and the Interlocal Agreement;
- iv. To assist in the development of transportation systems embracing various modes of transportation in a manner that will maximize the mobility of people and goods within and through the MTPO Area and minimize, to the maximum extent feasible, transportation-related fuel consumption and air pollution;
- v. To carry out the metropolitan planning process, in cooperation with the FDOT, as required by federal, state, and local laws;
- vi. Establish and maintain a Technical Advisory Committee (TAC) to the MTPO, guide and assist the TAC in its activities and ensure local technical review and coordination with state and local plans in the transportation planning process;
- vii. Establish and maintain a Citizens Advisory Committee (CAC) to the MTPO, guide and assist the CAC in its activities and public involvement programs and ensure meaningful citizen participation in the transportation planning process;
- viii. Ensure local review of bicycle and pedestrian projects to improve safety and encourage these modes by establishing and maintaining a Bicycle/Pedestrian Advisory Board to the MTPO;
- ix. To develop transportation plans and programs, in cooperation with the FDOT, that will function as a multi-modal transportation system for Alachua County and the Gainesville Urbanized Area;
- x. To implement and ensure a continuing, cooperative, and comprehensive transportation planning process that results in coordinated plans and programs consistent with the comprehensive planned development of the Gainesville Urbanized Area in cooperation with the FDOT; and
- xi. Perform other duties designated by federal and state laws or rules and regulations.

III. Membership

- a. Voting Members: Pursuant to the Apportionment Plan approved by the Florida Governor, the MTPO Board of Directors (Board) shall consist of the following voting members:
 - i. The five (5) members of the Alachua County Board of County Commissioners;
 - ii. The seven (7) members of the Gainesville City Commission;
 - iii. One (1) representative of the Gainesville-Alachua County Regional Airport Authority;
 - iv. One (1) School Board Member of Alachua County; and
 - v. One (1) One Rural Elected Official Representative from the rural municipalities of Alachua County (hereafter referred to rural municipal representative). For the initial term, an elected official representative from the City of Waldo, Florida, appointed by the City of Waldo's governing board, will serve as a voting member. Subsequently, the rural municipal membership will automatically pass to the next rural municipality in alphabetical order, beginning with the City of Alachua.
- b. Nonvoting Advisors: In addition to the voting members, the MTPO Board shall consist of one representative from the Florida Department of Transportation District 2 Secretary or his/her designee and one representative from the President of University of Florida or his/her designee.
- c. Terms:
 - i. The membership of elected officials representing the City of Gainesville and Alachua County as voting members of the MPO shall coincide with their respective elected terms. The term of office for representatives of the Gainesville-Alachua County Regional Airport Authority Governing Board and School Board shall be two years and these representatives may be appointed for one or more additional one-year terms. The School Board of Alachua County or Gainesville-Alachua County Regional Airport Authority Governing Board may remove and replace its representatives by majority vote. Vacancies shall be filled by the original appointing entity.
 - ii. The initial term of office for the rural municipal representative from the City of Waldo shall be two years. Thereafter, the rural municipal membership shall automatically rotate between the municipalities on an alphabetical basis, beginning with Alachua, then proceeding with Archer, Hawthorne, High Springs, La Crosse, Micanopy, Newberry and Waldo (collectively including the City of Alachua, the "Municipalities") for two-year terms. The term of each rural municipal representative shall begin immediately upon the expiration of the prior representative's term. If a rural municipality fails to appoint a representative to the MTPO within 30 calendar days of the term beginning, the MTPO shall notify the

rural municipality by certified mail of the need to appoint a qualified representative. If the rural municipality does not appoint a representative within 30 calendar days from receipt of such letter, then the term will automatically rotate to the next rural municipality.

- iii. All terms will commence on July 1 of the year of appointment and representatives appointed to fill an unexpired term shall be allowed to fulfill the remaining term before commencing with their two-year term. The term of any representative automatically terminates upon the representative leaving the elected or appointed office for any reason.

d. Member Participation: regular participation by Board members is critical to the effectiveness of the MTPO. As such:

- i. the MTPO Board will maintain a member attendance log that will be included in the regular Board meeting packet;
- ii. if either the rural representative or School Board representative is absent for more than 50% of the meetings in a year or three consecutive meetings, a majority of the MTPO Board may remove that representative and request a replacement; and
- iii. if the representative of the Gainesville-Alachua County Regional Airport Authority is absent for more than 50% of the meetings in a year or misses three consecutive meetings, a majority of the MTPO Board can request a replacement representative.

IV. Regular and Special Meetings

- a. Regular meetings of the MTPO Board shall be held in accordance with an annual regular meeting schedule as adopted and amended by the MTPO.
- b. Special meetings of the MTPO Board shall be called by the Chair or by the initiative of four (4) or more voting members of the MTPO petitioning the Chair.
- c. Notice of regular and special meetings and agendas shall be sent to members at least seven (7) calendar days prior to MTPO meetings.
- d. Regular meetings and special meetings shall be publicly noticed at least seven (7) calendar days prior to such meeting. The notice shall provide the date, time and place, a brief description of the purpose of the meeting and the address (including virtual meeting information) where interested persons may obtain a copy of the agenda.
- e. All MTPO meetings shall be open to the public and news media.

- f. Meetings shall be held in locations that are Americans with Disabilities Act (ADA) compliant.
- g. There must be majority representation to constitute a quorum for the transaction of business. A quorum is defined as 51 percent of the sitting voting members with at least one (1) member from both the Alachua County Board of County Commissioners and the Gainesville City Commission. A quorum must be present for any matters to be voted on at any duly convened meeting.
- h. Voting and non-voting members are allowed to attend virtually using the meeting information provided in the announcement. Voting members attending virtually are authorized to vote on agenda items. However, virtual attendance by a voting member does not count towards meeting the definition of quorum.

V. Officers and Elections

- a. The MTPO Board shall hold an organizational meeting each year for the purpose of electing the following officers:
 - i. Chair;
 - ii. Vice-Chair;
 - iii. Representative to the Florida Metropolitan Planning Organization Advisory Council; and
 - iv. Alternative representative to the Florida Metropolitan Planning Organization Council.

The Chair and Vice-Chair shall be members of different member governments.

- b. Officers shall be elected by a majority of the votes of members present at the organizational meeting, scheduled for the last MTPO meeting of the calendar year. If this meeting is cancelled, then the organizational meeting shall occur at the next regularly scheduled meeting. The Chair and Vice Chair shall serve a term of one year from January 1 to December 31. The representative and alternate to the Florida Metropolitan Planning Organization Advisory Council shall serve a term of three calendar years.
- c. The Chair shall preside over all meetings and shall sign official documents of the MTPO. In the event of the Chair's absence, or at the Chair's direction, the Vice Chair shall assume the powers and duties of the Chair. In the absence of both a Chair and Vice Chair at a regular or special Board meeting, a temporary Chair shall be elected by majority vote at said meeting to serve as Chair of the meeting, for this meeting alone. The Chair shall:

- i. Sign, on behalf of the MTPO resolutions, contracts, deeds, certifications, vouchers and all other instruments whether relating to real or personal property or otherwise;
 - ii. Approve or revise the final agenda presented by the Executive Director;
 - iii. Accept agenda items from other MTPO members with advice of the Executive Director;
 - iv. Draft the annual performance evaluation of the Executive Director, distribute it to MTPO membership for comments, and develop the final evaluation for the MTPO approval;
 - v. Have authority to approve certain personnel actions, such as salary adjustments, disciplinary actions, and final approval of staff evaluations completed by the Executive Director; and
 - vi. Perform other duties as, from time to time, may be assigned by the MTPO.
- d. If the Chair is unable to serve the remainder of the Chair's term, the Vice Chair shall automatically become the Chair and the MTPO Board of Directors shall elect a new vice-chair. In the event of the permanent inability of the Chair or Vice Chair of the MTPO Board of Directors to serve, a new officer(s) will be elected from the membership at the next meeting.

VI. Executive Director

- a. The Executive Director shall report directly to the MTPO Board for all matters regarding the administration and operation of the MPTO. The Executive Director and staff shall be county employees, however, the MTPO shall be an independent agency. Compensation for the Executive Director shall be established by the MTPO Board. The Alachua County Administrator, with the assistance of the County Human Resources Department, shall be responsible for managing the hiring process of the Executive Director, however the MTPO Board shall be responsible for the hiring and annual evaluation of the MTPO Executive Director. The MTPO Board shall have the exclusive authority to suspend, discharge or remove the MTPO Executive Director.
- b. The Executive Director shall assist the MTPO Board Chair in preparation and dissemination of agendas, notices, correspondence and reports. The Executive Director or his/her designee will serve as the MTPO clerk and be responsible for preparing meeting minutes and maintaining agency records.
- c. The Executive Director shall be authorized to take such actions, such as, but not limited to, signing all federal and state invoices for reimbursement of transportation planning expenses, as may be required consistent with applicable statutes, ordinances and MTPO Board approved agreements to enable the MTPO to achieve its purposes, including in emergency situations.

- d. The Executive Director shall be authorized to sign any new agreements, invoices or task orders containing obligations that are less than \$50,000 but shall place such signed agreements, invoices or task orders on the MPO Board agenda as a noted item.
- e. In the absence of the Executive Director, the County Manager or the County Manager's designee, shall be authorized to perform any duties of the Executive Director including, without limitation, those duties authorized by Section VI and VII.
- f. Annually present an audit report.

VII. Emergency Situations

- a. In cases of emergencies, the Executive Director is authorized to make decisions on staffing, procurement, and continuity of operations, as needed and in documented consultation with the County Administrator and with a written notice to the MTPO Chair (or next successor) when conditions warrant.
- b. In the event of a federal, state, or locally declared emergency which prevents the MTPO Board from convening:
 - i. The Executive Director is authorized to approve amendments to the Transportation Improvement Program (TIP) if said amendments either add a project already in the Long-Range Transportation Plan to the TIP, or add projects or phases of a project with a construction budget of five million dollars or less; and
 - ii. The Executive Director shall execute amendments, supplements, and administrative documents, contracts, Unified Planning Work Programs and other time sensitive agreements as needed to meet mandatory deadlines, to implement action taken by the MPO Board, or to reflect available funding or for de-obligation purposes.
- c. Authorizations and actions in accordance with state and federal laws bestowed upon the Executive Director shall not affect the allocation of funds to or by the MTPO or approved project priorities and shall be subject to ratification by the MTPO Board.

VIII. Meeting and Workshop Agendas

- a. At least five (5) to seven (7) days prior to a meeting or workshop, the MTPO shall have prepared, and shall make available, an agenda for distribution on the request of any interested person.

- b. The agenda shall list the items in the order they are to be considered. If directed by the Chair, items on the agenda may be considered out of their stated order.
- c. The agenda shall be specific as to items to be considered. All matters involving the exercise of MTPO discretion and policy making shall be listed and summarized on the agenda. Additions to agenda items shall be for considering solely ministerial or internal-administrative matters which do not affect the interests of the public generally, unless the public has been provided with an opportunity to be heard on such matters in accordance with Section 286.0114, Florida Statutes, or the matter is otherwise exempt from the requirements of Section 286.0114, Florida Statutes.
- d. The MTPO shall provide that the meeting or workshop shall be open to the public unless specifically provided otherwise by law and in accordance with MTPO Public Participation Plan.

IX. Committees

- a. The following committees have been created by the MTPO Board of Directors, are ratified herein and shall serve as standing committees.:
 - i. The Technical Advisory Committee (TAC), which shall function as provided in Section 339.175(6)(d) and (8)(b), Florida Statutes, and as otherwise directed by the MTPO Board. The TAC serves at the pleasure of the MTPO Board.
 - 1. The TAC serves in an advisory capacity to the MTPO on matters related to coordinating transportation planning and programming including, but not limited to, review of MTPO related transportation studies, reports, plans and programs. The TAC shall assist the MTPO by providing technical resources and recommendations as requested.
 - 2. The membership of the TAC must include, whenever possible, planners; engineers; representatives. At minimum this includes representative(s) of the Gainesville-Alachua County Regional Airport Authority; Gainesville Regional Transit System; the University of Florida; and School Board of Alachua County; and other appropriate representatives of affected local governments.
 - 3. In addition, the TAC shall coordinate its actions with local school boards and other local programs and organizations within the metropolitan area which participate in school safety activities, such as locally established community traffic safety teams. Local school boards must provide the MTPO with information concerning future school sites and in the coordination of transportation service.

4. The TAC may have additional advisory (non-voting) members as the MTPO Board deems advisable.
 5. Each member of the TAC is expected to demonstrate interest in the TAC's activities through attendance at the regularly scheduled meetings except for reasons of an unavoidable nature. A majority of the TAC may recommend the removal of any member who fails to attend, or arrange for an alternate to attend, three or more meetings in a one-year period. Such recommendations shall be forwarded to the appointing agency or governmental unit through the MTPO Executive Director.
- ii. The Citizens Advisory Committee (CAC) shall function as provided in Section 339.175(6)(e)1 and (8)(b), Florida Statutes, and as otherwise directed by the MTPO Board. The CAC membership is subject to appointment by the MTPO Board and serves at the pleasure of the MTPO Board. The membership on the CAC must reflect a broad cross-section of local residents with an interest in the development of an efficient, safe, and cost-effective multimodal transportation system. Minorities, the elderly, and the handicapped must be adequately represented as well as representatives and users of various transportation modes.
 1. The community at large shall be represented in the transportation planning process by the CAC. The CAC serves in an advisory capacity to the MTPO for the purpose of assisting in the formulation of the MTPO's goals and objectives, seeking reaction to planning proposals and providing comment with respect to the concerns of various segments of the population regarding their transportation needs.
 2. Notwithstanding the above provisions, the MTPO may, with the approval of the department and the applicable federal governmental agency, adopt an alternative program or mechanism to ensure citizen involvement in the transportation planning process.
 - iii. By Resolution No. 95-3, the MTPO created a Bicycle/Pedestrian Advisory Board, to which the MTPO appoints four (4) members, for the purpose of studying and making recommendations to the MTPO, City of Gainesville, and Alachua County solely related to the maintenance of policies, programs and facilities for the safe and efficient integration of bicyclists and pedestrians into the metropolitan transportation system.
- b. Other standing or ad-hoc advisory committees may be established by the MTPO as necessary to investigate and report on specific subject areas of interest to the MTPO. Standing and ad-hoc committees meetings shall have the same meeting requirements as MTPO meetings.

X. Amendments

- a. These bylaws may be amended at any non-emergency meeting providing notice of the meeting has been given in accordance with Section IV, the consideration of a bylaws amendment has been included on the agenda made available in accordance with Section IV, and the text of the proposed amendment(s) has been provided with the agenda to each MTPO Board member and made available to the public.
- b. The affirmative vote of two-thirds of the voting membership of the MTPO Board shall be required to amend these bylaws.

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

VII. Action Item E

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee/
Citizens Advisory Committee

From: Brad Thoburn

Subject: **Transportation Improvement Program Administrative Roll Forward**

RECOMMENDATION

It is recommended that the Technical Advisory Committee and Citizens Advisory Committee approve the Transportation Improvement Program (TIP) Administrative Roll Forward request by the Florida Department of Transportation.

BACKGROUND

MPOs are required by 23 United States Code (USC) 134(j) to develop a Transportation Improvement Program (TIP). MPOs, in cooperation with FDOT and public transportation operators, develop the TIP per 23 Code of Federal Regulations (CFR) 450.326(a).

The CFR defines the TIP as a prioritized listing/program of transportation projects covering four years that is developed and formally adopted by an MPO as part of the metropolitan transportation planning process, consistent with the Long-Range Transportation Plan (LRTP), and required for projects to be eligible for funding under 23 USC, 49 USC Chapter 53, and [23 CFR 450.104]. State law requires the TIP to cover an additional year, for a total of five years [s.339.175(8)(c)(1), Florida Statutes (FS)]. The TIP reflects short-term investment priorities developed from the Metropolitan Transportation Planning Organization's Long-Range Transportation Plan and the annual List of Priority Projects (LOPP) approved by the MTPO.

The Florida Department of Transportation (FDOT) requests approval to roll forward funds from Fiscal Year 2024-25 to Fiscal Year 2025-26 for projects within the Gainesville Metropolitan Area identified in the FDOT Office Work Program Roll Forward Report.

The FDOT request and Roll Forward Report are attached.

Re: FDOT Requests Amendment to the Gainesville MTPO Transportation Improvement Program (TIP) FY 2025/26-2029/30

Dear Alison:

The Florida Department of Transportation (FDOT) requests a Roll Forward Amendment to the FY 2025/26 – 2029/30 TIP. Please add the attached Roll Forward Amendment request for action by the TAC, CAC and TPO Board at their August meeting.

The Roll Forward Amendment represents those projects, or phases of projects, that were approved in the FY 2024/25 – 2028/29 TIP that were not authorized or begun prior to the beginning of the new fiscal year on July 1, 2025. These projects are then “Rolled Forward” into the first year of the new FY 2025/26 – 2029/30 TIP. The attached list contains the projects included in the Roll Forward Amendment.

If you have any questions about this amendment request, please call me at (904) 360.5414.

Sincerely,

Achaia Brown
Transportation Planning Manager
FDOT District Two

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

VII. Action Item F

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

August 13, 2025

MEETING MEMORANDUM

To: Technical Advisory Committee/
Citizens Advisory Committee

From: Brad Thoburn

Subject: **Intergovernmental Coordination and Review Execution**

RECOMMENDATION

It is recommended that the Technical Advisory Committee and the Citizens Advisory Committee authorize the Metropolitan Transportation Planning Organization Chair to execute the Intergovernmental Coordination and Review.

BACKGROUND

The Intergovernmental Coordination and Review (ICAR) outlines the responsibilities between multiple regional governmental entities and the Florida Department of Transportation. The governmental entities represented in the ICAR include the MTPO, the North Central Florida Regional Planning Council, the City of Gainesville's Regional Transit System (RTS), the Gainesville-Alachua County Regional Airport Authority, and the University of Florida. The ICAR is a federal mandate whose intent is to ensure collaboration between these regional and state entities in local and regional planning efforts for the Gainesville and Alachua County area. The document primarily outlines responsibilities related to drafting and updating MTPO documents while ensuring there are no inconsistencies between the MTPO and other local governmental organizations and outlines a dispute resolution process.

The updated Draft ICAR is attached.

PUBLIC TRANSPORTATION COLLABORATIVE PLANNING AGREEMENT

THIS INTERGOVERNMENTAL COORDINATION AND REVIEW AND PUBLIC TRANSPORTATION COLLABORATIVE PLANNING AGREEMENT is made and entered into on this [insert day of month] day of [insert month], 2025, by and between the FLORIDA DEPARTMENT OF TRANSPORTATION (Department); the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area; the North Central Florida Regional Planning Council; City of Gainesville - Regional Transit System; and the Gainesville-Alachua County Regional Airport Authority; collectively referred to as the Parties.

RECITALS

WHEREAS, the Federal Government, under the authority of 23 United States Code (USC) § 134 and 49 USC § 5303 and any subsequent applicable amendments, requires each metropolitan area, as a condition to the receipt of federal capital or operating assistance, to have a continuing, cooperative, and comprehensive transportation planning process in designated urbanized areas to develop and implement plans and programs consistent with the comprehensively planned development of the metropolitan area;

WHEREAS, 23 USC § 134, 49 USC § 5303, and Section 339.175, Florida Statutes (F.S.), provide for the creation of metropolitan planning organizations to develop transportation plans and programs for urbanized areas;

WHEREAS, 23 Code of Federal Regulations (CFR) § 450 requires that the State, the Metropolitan Planning Organization, and the operators of publicly owned transportation systems shall enter into an agreement clearly identifying the responsibilities for cooperatively carrying out such transportation planning (including multimodal, systems-level corridor and subarea planning studies pursuant to 23 CFR § 450) and programming;

WHEREAS, pursuant to Section 20.23, F.S., the Department has been created by the State of Florida, and the Department has the powers and duties relating to transportation, as outlined in Section 334.044, F.S.;

WHEREAS, pursuant to 23 USC § 134, 49 USC § 5303, 23 CFR § 450, and Section 339.175 F.S., the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area, herein after referred to as the MPO, has been designated and its membership apportioned by the Governor of the State of Florida, with the agreement of the affected units of general purpose local government, to organize and establish the Metropolitan Planning Organization;

WHEREAS, pursuant to Section 339.175 F.S., the MPO shall execute and maintain an agreement with the metropolitan and regional intergovernmental coordination and review agencies serving the Metropolitan Planning Area;

WHEREAS, the agreement must describe the means by which activities will be coordinated and specify how transportation planning and programming will be part of the comprehensively planned development of the Metropolitan Planning Area;

WHEREAS, pursuant to Section 186.505, F.S., the RPC is to review plans of metropolitan planning organizations to identify inconsistencies between those agencies' plans and applicable local government comprehensive plans adopted pursuant to Chapter 163, F.S.;

WHEREAS, the RPC, pursuant to Section 186.507, F.S., is required to prepare a Strategic Regional Policy Plan, which will contain regional goals and policies that address regional transportation issues;

WHEREAS, based on the RPC statutory mandate to identify inconsistencies between plans of metropolitan planning organizations and applicable local government comprehensive plans, and to prepare and adopt a Strategic Regional Policy Plan, the RPC is appropriately situated to assist in the intergovernmental coordination of the transportation planning process;

WHEREAS, pursuant to Section 186.509, F.S., the RPC has adopted a conflict and dispute resolution process;

WHEREAS, the purpose of the dispute resolution process is to reconcile differences in planning and growth management issues between local governments, regional agencies, and private interests;

WHEREAS, the Parties hereto have determined that the voluntary dispute resolution process can be useful in resolving conflicts and disputes arising in the transportation planning process;

WHEREAS, pursuant to 23 CFR § 450 and Section 339.175, F.S., the MPO must execute and maintain an agreement with the operators of public transportation systems, including transit systems, commuter rail systems, airports, seaports, and spaceports, describing the means by which activities will be coordinated and specifying how public transit, commuter rail, aviation, and seaport planning (including multimodal, systems-level corridor and subarea planning studies pursuant to 23 CFR § 450) and programming will be part of the comprehensively planned development of the Metropolitan Planning Area;

WHEREAS, it is in the public interest that the MPO, operators of public transportation systems, including transit systems, commuter rail systems, port and aviation authorities, jointly pledge their intention to cooperatively participate in the planning and programming of transportation improvements within this Metropolitan Planning Area;

WHEREAS, the Intergovernmental Coordination and Review and Public Transportation Coordination Joint Participation Agreement, dated enter date, is hereby replaced and superseded in its entirety by this Agreement.

WHEREAS, the undersigned Parties have determined that this Agreement satisfies the requirements of and is consistent with 23 CFR § 450 and Section 339.175, F.S.; and

WHEREAS, the Parties to this Agreement desire to participate cooperatively in the performance, on a continuing basis, of a cooperative, and comprehensive transportation planning process to assure that highway facilities, transit systems, bicycle and pedestrian facilities, rail systems, air transportation, and other facilities will be located and developed in relation to the overall plan of community development.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representation herein, the Parties desiring to be legally bound, do agree as follows:

ARTICLE 1

RECITALS AND DEFINITIONS

1.01. **Recitals.** Each and all of the foregoing recitals are incorporated herein and acknowledged to be true and correct. Failure of any of the foregoing recitals to be true and correct shall not operate to invalidate this Agreement.

1.02. **Definitions.** The following words when used in this Agreement (unless the context shall clearly indicate the contrary) shall have the following meanings:

- (a) **Agreement** means this instrument, as may be amended from time to time.
- (b) **Corridor or Subarea Study** means studies involving major investment decisions or as otherwise identified in 23 CFR § 450.
- (c) **Department** means the Florida Department of Transportation, an agency of the State of Florida, created pursuant to Section 20.23, F.S.
- (d) **FHWA** means the Federal Highway Administration.
- (e) **Long Range Transportation Plan (LRTP)** means the 20-year transportation planning horizon which identifies transportation facilities; includes a financial plan that demonstrates how the plan can be implemented and assesses capital improvements necessary to preserve the existing metropolitan transportation system and make efficient use of existing transportation facilities; indicates proposed transportation activities; and, in ozone/carbon monoxide nonattainment areas is coordinated with the State Implementation Plan, all as required by 23 USC § 134, 49 USC § 5303, 23 CFR § 450, and Section 339.175, F.S.
- (f) **Metropolitan Planning Area** means the planning area as determined by agreement between the MPO and the Governor for the urbanized areas designated by the United States Bureau of the Census as described in 23 USC § 134, 49 USC § 5303, and Section 339.175, F.S., and including the existing urbanized area and the contiguous area expected to become urbanized within a 20-year forecast period, which shall be subject to the Metropolitan Planning Organization's planning authority.
- (g) **Metropolitan Planning Organization (MPO)** means the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area formed pursuant to Interlocal Agreement as described in 23 USC § 134, 49 USC § 5303, and Section 339.175, F.S. This may also be referred to as a Transportation Planning Organization (TPO).
- (h) **Regional Planning Council (RPC)** means the North Central Florida Regional Planning Council created pursuant to Section 186.504, F.S., and identified in Rule 29C, F.A.C.
- (i) **Transportation Improvement Program (TIP)** means the staged multi-year program of transportation improvement projects developed by a Metropolitan Planning Organization consistent with the Long Range Transportation Plan, developed pursuant to 23 USC §§ 134 and 450, 49 USC § 5303, and Section 339.175, F.S.
- (j) **Unified Planning Work Program (UPWP)** means a biennial program developed in cooperation with the Department and public transportation providers, that identifies the

planning priorities and activities to be carried out within a metropolitan planning area to be undertaken during a 2-year period, together with a complete description thereof and an estimated budget, as required by 23 CFR § 450.308(c), and Section 339.175, F.S.

ARTICLE 2

PURPOSE

2.01. Coordination with public transportation system operators. This Agreement is to provide for cooperation between the Parties in the development and preparation of the UPWP, the TIP, the LRTP, and any applicable Corridor or Subarea Studies.

2.02. Intergovernmental coordination; Regional Planning Council. Further, this Agreement is to provide a process through the RPC for intergovernmental coordination and review and identification of inconsistencies between proposed MPO transportation plans and local government comprehensive plans adopted pursuant to Chapter 163, F.S., and reviewed by the Division of Community Development within the Florida Department of Economic Opportunity.

2.03. Dispute resolution. This Agreement also provides a process for conflict and dispute resolution through the RPC.

ARTICLE 3

COOPERATIVE PROCEDURES FOR PLANNING AND PROGRAMMING WITH OPERATORS OF PUBLIC TRANSPORTATION SYSTEMS

3.01. Cooperation with operators of public transportation systems; coordination with local government approved comprehensive plans.

- (a) The MPO shall cooperate with the City of Gainesville - Regional Transit System and the Gainesville-Alachua County Regional Airport Authority to optimize the planning and programming of an integrated and balanced intermodal transportation system for the Metropolitan Planning Area.
- (b) The MPO shall implement a continuing, cooperative, and comprehensive transportation planning process that is consistent, to the maximum extent feasible, with port and aviation master plans, and public transit development plans of the units of local governments whose boundaries are within the Metropolitan Planning Area.
- (c) As a means towards achievement of the goals in paragraphs (a) and (b) and in an effort to coordinate intermodal transportation planning and programming, the MPO may include, but shall include if within a transportation management area, as part of its membership officials of agencies that administer or operate major modes or systems of transportation, including but not limited to transit operators, sponsors of major local airports, maritime ports, and rail operators per Federal regulations. The representatives of the major modes or systems of transportation may be accorded voting or non-voting advisor status. In the Metropolitan Planning Area if authorities or agencies are created by law to perform transportation functions and are not under the jurisdiction of a general purpose local government represented on the MPO, the MPO may request the Governor to designate said authority or agency as a voting member of the MPO in accordance with the requirements of Section 339.175, F.S. If the new member would significantly alter local government representation in the MPO, the MPO shall propose a revised apportionment plan to the Governor to ensure voting

membership on the MPO to be an elected official representing public transit authorities which have been, or may be, created by law.

The MPO shall ensure that representatives of ports, transit authorities, rail authorities, and airports within the Metropolitan Planning Area are provided membership on the MPO Technical Advisory Committee.

3.02. Preparation of transportation related plans.

- (a) Although the adoption or approval of the UPWP, the TIP, and the LRTP is the responsibility of the MPO, development of such plans or programs shall be viewed as a cooperative effort involving the Parties to this Agreement. In developing its plans and programs, the MPO shall solicit the comments and recommendations of the other Parties to this Agreement in the preparation of such plans and programs.
- (b) When preparing the UPWP, the TIP, or the LRTP, or preparing other than a minor amendment thereto (as determined by the MPO), the MPO shall provide notice to all other Parties to this Agreement to advise them of the scope of the work to be undertaken and inviting comment and participation in the development process. The MPO shall ensure that the chief operating officials of the other Parties receive written notice at least 15 days prior to the date of all public workshops and hearings, or within the specified number of days per MPO bylaws or public participation plan, relating to the development of such plans and programs.
- (c) Local government comprehensive plans.
 - (1) In developing the TIP, the LRTP, or Corridor or Subarea studies, or preparing other than a minor amendment thereto (as determined by the MPO), the MPO and Transportation Authorities shall review for consistency for each local government in the Metropolitan Planning Area:
 - (i) each comprehensive plan's future land use element;
 - (ii) the goals, objectives, and policies of each comprehensive plan; and
 - (iii) the zoning, of each local government in the Metropolitan Planning Area.
 - (2) Based upon the foregoing review and in consideration of other relevant growth management plans, the MPO and Transportation Authorities shall provide written recommendations to local governments in the Metropolitan Planning Area in the development, amendment, and implementation of their comprehensive plans. A copy of the recommendations shall be sent to the RPC.
 - (3) The MPO agrees that, to the maximum extent feasible, the LRTP and the projects and project-phases within the TIP shall be consistent with the future land use element and the goals, objectives, and policies of each comprehensive plan of the local governments in the Metropolitan Planning Area. If the MPO's TIP is inconsistent with a local government's comprehensive plan, the MPO shall so indicate, and the MPO shall present, as part of the TIP, justification for including the project in the program.
- (d) Multi-modal transportation agency plans.

- (1) In developing the TIP, the LRTP, or Corridor or Subarea studies, or preparing other than a minor amendment thereto (as determined by the MPO), the MPO shall analyze the master plans of the Transportation Authorities. Based upon the foregoing review and a consideration of other transportation related factors, the MPO, shall from time to time and as appropriate, provide recommendations to the other Parties to this Agreement as well as local governments within the Metropolitan Planning Area, for the development, amendment, and implementation of their master, development, or comprehensive plans.
- (2) In developing or revising their respective master, development, or comprehensive plans, the Parties to this Agreement shall analyze the draft or approved UPWP, TIP, LRTP, or Corridor or Subarea studies, or amendments thereto. Based upon the foregoing review and a consideration of other transportation related factors, the Parties to this Agreement shall as appropriate, provide written recommendations to the MPO with regard to development, amendment, and implementation of the plans, programs, and studies.
- (3) The MPO agrees that, to the maximum extent feasible, the TIP shall be consistent with the affected growth management and other relevant plans of the other Parties to this Agreement.

ARTICLE 4

INTERGOVERNMENTAL COORDINATION AND REVIEW

4.01. Coordination with Regional Planning Council. The RPC shall do the following:

- (a) Within 30 days of receipt, the RPC shall review the draft TIP, LRTP, Corridor and Subarea studies, or amendments thereto, as requested by the MPO, to identify inconsistencies between these plans and programs and applicable local government comprehensive plans adopted pursuant to Chapter 163, F.S., for counties and cities within the Metropolitan Planning Area and the adopted Strategic Regional Policy Plan.
 - (1) The Parties recognize that, pursuant to Florida law, the LRTP and the TIP of the MPO must be considered by cities and counties within the Metropolitan Planning Area in the preparation, amendment, and update/revision of their comprehensive plans. Further, the LRTP and the projects and project phases within the TIP are to be consistent with the future land use element and goals, objectives, and policies of the comprehensive plans of local governments in the Metropolitan Planning Area. Upon completion of its review of a draft TIP or LRTP, the RPC shall advise the MPO and each county or city of its findings;
 - (2) The RPC shall advise the MPO in writing of its concerns and identify those portions of the submittals which need to be reevaluated and potentially modified if the RPC review identifies inconsistencies between the draft TIP or LRTP and local comprehensive plans; and
 - (3) Upon final adoption of the proposed TIP, LRTP, Corridor and Subarea studies, or amendments thereto, the MPO may request that the RPC consider adoption of regional transportation goals, objectives, and policies in the Strategic Regional Policy Plan implementing the adopted TIP, LRTP, Corridor and Subarea studies, or amendments thereto. If the proposed plan, program, or study, or amendments

thereto, was the subject of previous adverse comment by the RPC, the MPO will identify the change in the final adopted plan intended to resolve the adverse comment, or alternatively, the MPO shall identify the reason for not amending the plan as suggested by the RPC.

- (b) Provide the availability of the conflict and dispute resolution process as set forth in Article 5 of this Agreement.

ARTICLE 5

CONFLICT AND DISPUTE RESOLUTION PROCESS

5.01. Disputes and conflicts under this Agreement. This process shall apply to conflicts and disputes relating to matters subject to this Agreement, or conflicts arising from the performance of this Agreement. Except as otherwise provided in this Article 5, only representatives of a party to this Agreement with conflicts or disputes shall engage in conflict resolution.

5.02. Initial resolution. The affected parties to this Agreement shall, at a minimum, ensure the attempted early resolution of conflicts relating to such matters. Early resolution shall be handled by direct discussion between the following officials:

Department: District Director for Planning and Programs

MPO: Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area

RPC: North Central Florida Regional Planning Council

5.03. Resolution by senior agency official. If the conflict remains unresolved, the conflict shall be resolved by the officials listed on section 5.02 of this Agreement, with the exception of the Department's listed official, which for purposes of this section 5.03 shall be the District Secretary.

5.04. Resolution by the Office of the Governor. If the conflict is not resolved through conflict resolution pursuant to sections 5.01, 5.02, and 5.03 of this Agreement, the affected parties shall petition the Executive Office of the Governor for resolution of the conflict pursuant to its procedures. Resolution of the conflict by the Executive Office of the Governor shall be binding on the affected parties.

ARTICLE 6

MISCELLANEOUS PROVISION

6.01. Constitutional or statutory duties and responsibilities of parties. This Agreement shall not be construed to authorize the delegation of the constitutional or statutory duties of any of the Parties. In addition, this Agreement does not relieve any of the Parties of an obligation or responsibility imposed upon them by law, except to the extent of actual and timely performance thereof by one or more of the Parties to this Agreement or any legal or administrative entity created or authorized by this Agreement, in which case this performance may be offered in satisfaction of the obligation or responsibility.

6.02. Amendment of Agreement. Amendments or modifications of this Agreement may only be made by written agreement signed by all Parties hereto with the same formalities as the original Agreement.

6.03. Duration; withdrawal procedure.

- (a) Duration. This Agreement shall have a term of five (5) years and the Parties hereto shall examine the terms hereof and agree to amend the provisions or reaffirm the same in a timely manner. However, the failure to amend or to reaffirm the terms of this Agreement shall not invalidate or otherwise terminate this Agreement.
- (b) Withdrawal procedure. With the exception of the MPO, any party to this Agreement may withdraw after presenting in written form a notice of intent to withdraw to the other Parties to this Agreement, at least ninety (90) days prior to the intended date of withdrawal; provided, that financial commitments made prior to withdrawal are effective and binding for their full term and amount regardless of withdrawal.

6.04. Notices. All notices, demands and correspondence required or provided for under this Agreement shall be in writing and delivered in person or dispatched by certified mail, postage prepaid, return receipt requested, to the officials identified for each party in section 5.02 of this agreement.

A party may unilaterally change its address or addressee by giving notice in writing to the other Parties as provided in this section. Thereafter, notices, demands and other pertinent correspondence shall be addressed and transmitted to the new address.

6.05. Interpretation.

- (a) Drafters of Agreement. All Parties to this Agreement were each represented by, or afforded the opportunity for representation by legal counsel, and participated in the drafting of this Agreement and in the choice of wording. Consequently, no provision hereof should be more strongly construed against any party as drafter of this Agreement.
- (b) Severability. Invalidation of any one of the provisions of this Agreement or any part, clause or word hereof, or the application thereof in specific circumstances, by judgment, court order, or administrative hearing or order shall not affect any other provisions or applications in other circumstances, all of which shall remain in full force and effect; provided, that such remainder would then continue to conform to the terms and requirements of applicable law.
- (c) Rules of construction. In interpreting this Agreement, the following rules of construction shall apply unless the context indicates otherwise:
 - (1) The singular of any word or term includes the plural;
 - (2) The masculine gender includes the feminine gender; and
 - (3) The word “shall” is mandatory, and “may” is permissive.

6.06. Attorney’s Fees. In the event of any judicial or administrative action to enforce or interpret this Agreement by any party hereto, each party shall bear its own costs and attorney’s fees in connection with such proceeding.

6.07. Agreement execution; use of counterpart signature pages. This Agreement, and any amendments hereto, may be simultaneously executed in several counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute one and the same instrument.

6.08. Effective date. This Agreement shall become effective on the date last signed by the Parties hereto.

6.09. Other authority. In the event that any election, referendum, approval, permit, notice, or other proceeding or authorization is required under applicable law to enable the Parties to enter into this Agreement or to undertake the provisions set forth hereunder, or to observe, assume or carry out any of the provisions of the Agreement, said Parties will initiate and consummate, as provided by law, all actions necessary with respect to any such matters as required.

6.10. Parties not obligated to third parties. No party hereto shall be obligated or be liable hereunder to any party not a signatory to this Agreement. There are no express or intended third-party beneficiaries to this Agreement.

6.11. Rights and remedies not waived. In no event shall the making by the Department of any payment to the MPO constitute or be construed as a waiver by the Department of any breach of covenant or any default which may then exist on the part of the MPO, and the making of any such payment by the Department while any such breach or default exists shall in no way impair or prejudice any right or remedy available to the Department in respect of such breach or default.

6.12. Data, records, reports and other documents. Subject to the right to claim an exemption from the Florida Public Records Law, Chapter 119, F.S., the Parties, excluding the Department, shall provide to each other such data, reports, records, contracts, and other documents in its possession relating to the MPO as is requested. Charges are to be in accordance with Chapter 119, F.S.

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

VIII. Information Item A

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

VIII. Information Item B

THE SECRETARY OF TRANSPORTATION
WASHINGTON, DC 20590

July 1, 2025

Dear Governor:

Safety is the U.S. Department of Transportation (DOT)'s top priority. While I am encouraged that the estimates of traffic fatalities for 2024 continue a downward trend, by decreasing 3.8 percent from 2023, we still have more work to do to improve safety and mobility on our Nation's highways. In 2024, the estimated number was a stunning 39,345. This is unacceptable. I ask that you join DOT and support our national initiative, Safe Arterials for Everyone through Reliable Operations and Distraction-Reducing Strategies (SAFE ROADS), to help improve safety and mobility, eliminate distractions, and keep people and goods moving throughout the United States.

DOT has strong partnerships with your State department of transportation (State DOT) to implement projects and achieve important national priorities, most notably safe mobility. The SAFE ROADS national initiative will focus on the non-freeway arterials within your State, including safety and operation at intersections and along segments, consistent and recognizable traffic control devices including crosswalk and intersection markings, and orderly use of the right-of-way that is kept free from distractions. These routes are where more than half of roadway fatalities in America occur and deserve enhanced attention. The goal of the SAFE ROADS national initiative is to partner with State and local governments to make the entire roadway right-of-way easier to interpret and navigate for all users, including pedestrians, vehicle operators, and automated vehicles alike. We ask that you ensure compliance with Federal statutes and regulations and accelerate the deployment of proven safety and operational solutions to make roads safer across America.

We are getting back to the basics – using data to guide decision-making and prioritize investments that reduce distraction while improving mobility and safety for all road users. Within 60 days, I request that your State DOT, in coordination with your metropolitan planning organizations, use available safety data, analysis, and assessments to develop a list of arterial segments, including intersections, with the highest safety, operational, or compliance concerns that will be addressed by the end of Fiscal Year 2026. Please submit the list of locations to your Federal Highway Administration (FHWA) Division Office.

FHWA will track the progress of this important nationwide initiative and stands ready to support you and your State DOT as you develop your plans. FHWA offers technical resources to assist with road safety audits and assessments in selecting effective safety and operational countermeasures, accelerating implementation of improvements, and complying with Federal standards, such as those for traffic control devices and use of the roadway right-of-way. Please

continue to inform your FHWA Division Office on progress as you take steps to address these locations. I look forward to meeting you at a future opportunity to learn about your success stories and best practices.

With our shared goals of moving people and goods safely and efficiently, we can make the expectation that all Americans make it home safely and on-time a reality.

Sincerely,

A handwritten signature in blue ink, appearing to read "SPDuffy", with a stylized flourish at the end.

Sean P. Duffy

SAFE ROADS Initiative

FDOT's Project List

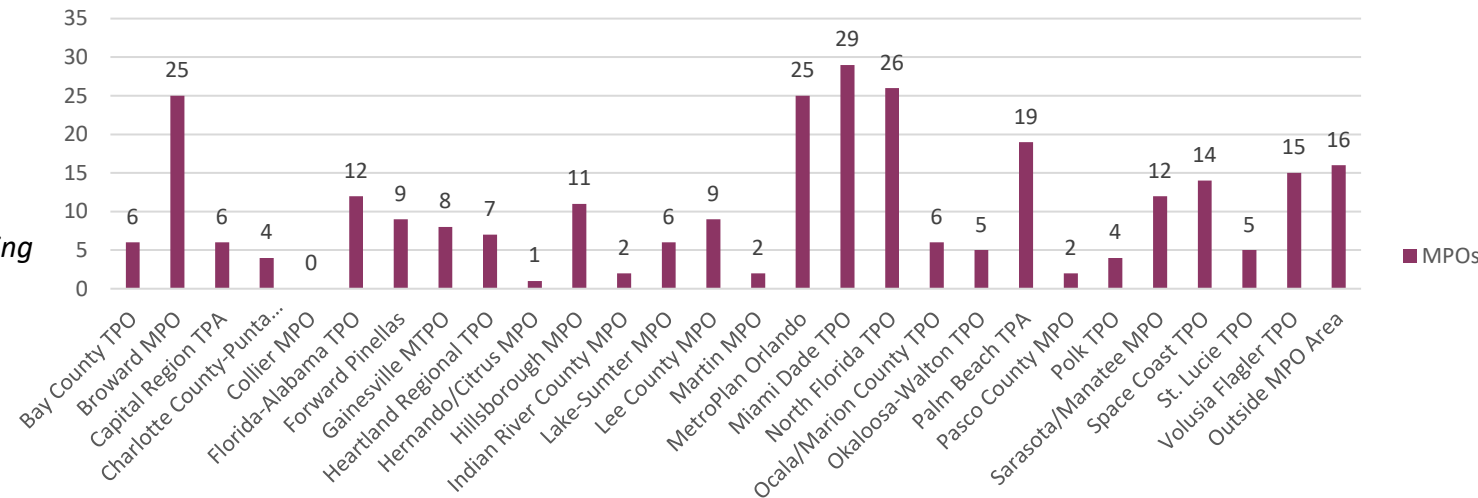

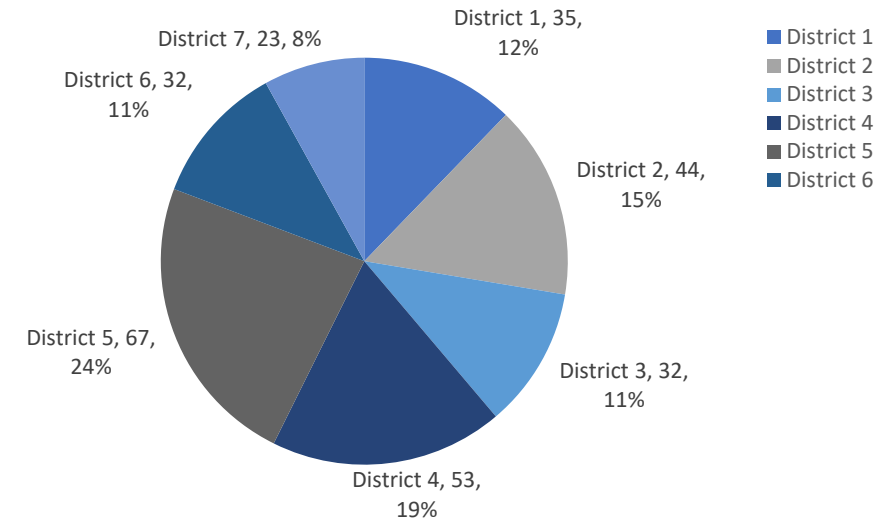

286 Projects

FDOT's approach to the Florida SAFE ROADS project list:

1. FDOT Work Program – FY2026
2. Located on Arterial Roadway (Minor Arterial or Principal Arterial Other)
3. Safety Specific Project:
 - Pedestrian Safety Improvement
 - Sidewalk
 - Lighting
 - Safety Project
 - Bike Lane/Sidewalk
 - Bike Path
 - Roundabout
 - Guardrail
 - Median Modification
4. Overlap with Ongoing Safety Screening Efforts:
 - Vulnerable Road User Tier 1-3 Segments
 - SSO High Crash List (Signal 4 crash rates & Risk Based Analysis)
 - TEO's SAFE Candidate Intersections & Segment Network Screening
5. District Safety Engineers/Administrators & MPO Feedback

Attendance Rule:

- Each voting member of the Technical Advisory Committee may name one (1) or more alternates who may vote only in the absence of that member on a one vote per member basis.
- Each member of the Technical Advisory Committee is expected to demonstrate his or her interest in the Technical Advisory Committee's activities through attendance of the scheduled meetings, except for reasons of an unavoidable nature. In each instance of an unavoidable absence, the absent member should ensure that one of his or her alternates attends. No more than three (3) consecutive absences will be allowed by the member. The Technical Advisory Committee addresses consistent absences and is empowered to recommend corrective action for Metropolitan Transportation Planning Organization consideration.

Mike Escalante	N/A	<input type="checkbox"/> Absent	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	No
Quorum met?	Yes	Yes			

Attendance Rule:

Any appointee of the Metropolitan Transportation Planning Organization to the Citizens Advisory Committee shall be automatically removed from the committee upon filing with the Chair of the Metropolitan Transportation Planning Organization appropriate proof that such person has had three (3) or more consecutive excused or unexcused absences. Excused absences are hereby defined to be those absences which occur from regular or special meetings after notification by such person to the Chair prior to such absence explaining the reasons therefore. All other absences are hereby defined to be unexcused.

Please note that attendance is recorded for all scheduled Citizens Advisory Committee meetings whether or not a quorum is met.

ADDITIONAL NOTE: Members denoted in BOLD ITALICS are at risk for attendance rule violation if the next meeting is missed.

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area
