Social and Economic Opportunity

Background:

This agreement extends from July 1, 2023-June 30, 2028. The Gainesville/Alachua County Metropolitan Transportation Planning Organization (MTPo) and the State Transportation Disadvantaged Commission selected MV Transportation (MVT) to serve the transportation needs of the transportation disadvantaged population of Alachua County. On February 13, 2018, the County entered into an Agreement with MVT to serve the transportation needs of the County's transportation disadvantaged population. The Agreement also provided transportation services for the County's Foster Grandparent Program Volunteers. The County entered into the First Amendment to the Agreement on February 12, 2019, which extended the term of the Agreement through September 30, 2019. The Second Amendment extends the term of the Agreement through June 30, 2023, provides that the trip rates to be paid to MVT shall be automatically adjusted annually in accordance with the annual rate adjustments approved by the Alachua County Transportation Disadvantages Coordinating Board, and established an annual Contract Price Not to Exceed \$190,100.00 per fiscal year.

Since January 2008, Alachua County has contracted with MV Transportation to further the needs of transportation disadvantaged population of Alachua County. The Gainesville/Alachua County Metropolitan Transportation Planning Organization (MTPO) and the State Transportation Disadvantaged Commission selected MV Transportation as the provider. The State of Florida Memorandum of Agreement addresses the transportation needs and plan operation to provide for the coordinator on transportation-disadvantaged services to Alachua County citizens. The plan includes general ambulatory and wheelchair transportation services, operating routes, and routes within the urban areas of Alachua County. Services are available Monday through Friday and excludes holidays during the hours of 8:00am-5:00pm. Rides are prioritized as (1) Medical, (2) Employment and (3) Education.
