Jeremy,

I will be ordering these soon, and I will need to have them delivered in a reefer trailer. Would you do me a huge favor and provide me with a quote in an e-mail for 375,000 1st Generation improved containerized Longleaf @ a cost of \$210//thousand?

Thank you,

Scott

The price is the same \$200/1000. We have a good crop this year and that number is possible but like always we sell first come first serve, ordering generally starts July 1st but with the 4th on a Tuesday we will begin entering orders on the 5th when we return from the holiday weekend.

Good afternoon Jeremy,

Just wanted to check in and let you know that I will be placing on order for 375,000 Improved 1st Generation containerized Longleaf soon. Is the price still the same of \$200/thousand? Will FFS be able to fill this quantity?

Thanks,

Scott

Jeremy,

Will the seedling prices for Improved 1st Generation containerized Longleaf for the 2023-24 planting season be \$200/thousand?

Thanks,
Scott

Jeremy,

We're going to be getting a grant from the National Arbor Day Foundation to cover the cost of the seedlings (for planting in Dec 2023 – Feb 2024). Will the cost be \$200/M for improved 1st Generation containerized longleaf?

Thanks,
Scott

It is for the official order but will help me with the sowing schedule this spring.

Great! I would like to put in a pre-order for 387,000 seedlings. Is it too early to request this?

Thanks,
Scott

Jeremy,

I know that sowing season is quite a ways off yet, but I was wondering if you could tell me if FFS will be growing containerized longleaf for the 2023-24 planting season.

Thanks,
Scott
