The renewal may be entered upon written request by the Department and written concurrence by the County. The renewal shall be in writing and shall be subject to the same terms and conditions as set forth in this Agreement. 5. RIGHTS AND RESPONSIBILITIES OF THE DEPARTMENT AND THE COUNTY

5.1 The County's responsibility for the Orange Creek BMAP project is the installation of the Main Street Wet Detention Pond Outflow Filter. The project is a retrofit of an existing County maintained wet detention pond located off of Main Street, in the City of Gainesville, within Alachua County. The project area is 0.2 acres on the northern bank of the current wet detention pond. The retrofit will add an outflow filter system to enhance treatment processes and remove additional nutrients from pond outflow. The pond receives stormwater runoff from approximately 10.6 acres of commercial land use along and around North Main Street and discharges to Springstead Creek, which is a tributary to Hogtown Creek within the Orange Creek Basin. The outflow filter will use Bio-sorption Activated Media (BAM) to remove dissolved nitrogen and phosphorus. This will improve water quality discharge from the pond.

5.2 The County will provide the Department with the County's calculations of nutrient load reduction amounts from which the Estimated Load Reduction credits will be determined.

5.3 The Department's responsibility with respect to the project is to share the cost and to compensate the County as provided in this Agreement to a maximum amount not to exceed EIGHTY-SIX THOUSAND AND NO/100 DOLLARS (\$86,000.00) ("Maximum Participation Amount") over the Term of this Agreement which is up to and including December 31, 2023. In return, the Department shall receive 40% of the total Estimated Load Reduction credit allocated to this project as calculated and approved by FDEP under Section 403.067, Florida Statutes (2021), to meet the Department's load allocation for the OCBMAP.

6. SERVICES

6.1 The County shall perform the services outlined in 5.1 of this Agreement in a good and workmanlike manner, exercising reasonable care, in accordance with the terms and provisions hereof and all applicable federal, state, local, administrative, regulatory, safety and environmental laws, codes, rules, regulations, policies, manuals, procedures, processes, guidelines, standards and permits, as may be amended from time to time, including without limitation, those of the Department, applicable Water Management District, Florida Department of Environmental Protection, Environmental Protection Agency, Army Corps of Engineers, United States Coast Guard, and local government entities ("Governmental Law").

6.2 The County shall be responsible for performing or administering contracts to perform all services under this Agreement. The service unit rates shall include all costs, overhead, paper and electronic documents, copies, supervision, labor, materials, supplies, equipment, and transportation required to fulfill the terms and conditions of this Agreement.

 - i. Recipients of financial assistance from the Department should be aware of the following time frames. Inspection and approval of deliverables and costs incurred shall take no longer than twenty (20) days from the Department's receipt of the invoice. The Department has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of

the date the invoice is received or the deliverables and costs incurred are received, inspected, and approved.

ii. If a payment is not available within forty (40) days, a separate interest penalty at a rate as established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Recipient. Interest penalties of less than one (1) dollar will not be enforced unless the County requests payment. Invoices that are returned to the County because of County's preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.

Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.
- h. The County must submit the final invoice on the Project to the Department within one-hundred and twenty (120) days after the completion of the project, or by the end of the Effective Date of this Agreement, which is December 31, 2023, whichever comes first, unless otherwise extended or renewed in writing. Any funds made available to the County by the Department pursuant to this Agreement which are determined by the Department to have been expended by the County in violation of this Agreement or any other applicable law or regulation, shall be promptly refunded in full to the Department. Acceptance by the Department of any documentation or certifications, mandatory or otherwise permitted, that the County files shall not constitute a waiver of the Department's rights as the funding agency to verify all information at a later date by audit or investigation.

7.2 In determining the amount of the payment, the Department will exclude all Permit Project costs incurred by the County prior to the execution of this Agreement, costs incurred after the expiration of the Agreement, costs agreed to be borne by the County or its contractors and subcontractors for not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department.

Any assignment shall comply with all applicable Law, including without limitation, Chapter 163 Florida Statutes, as may be amended from time to time. Nothing herein shall prevent the County from delegating its duties hereunder to contractors, but such delegation shall not release the County from its obligation to perform the Agreement.

21. INTERPRETATION

No term or provision of the Agreement shall be interpreted for or against any party because that party or that party's legal representative drafted the provision.

22. CAPTIONS

24. COMPUTATION OF TIME

In computing any period of time prescribed in the Agreement, the day of the act, event, or default from which the designated period of time begins to run, shall not be included. The last day of the period shall

be included unless it is a Saturday, Sunday, or legal holiday, in which event the period shall run until the end of the next day which is not a Saturday, Sunday, or legal holiday.

25. MODIFICATION OF AGREEMENT

A modification or waiver of any of the provisions of the Agreement shall be effective only if made in writing and executed with the same formality as the Agreement.

The parties shall offer this Agreement as evidence in all proceedings concerning any subject matter of this Agreement, and, if acceptable to the Court, will cause a copy of the Agreement to be incorporated by reference in the judgment rendered. Notwithstanding incorporation in the judgment, this Agreement shall not be merged in it, but shall survive the judgment and be binding on the parties for all time.

27. ANNUAL APPROPRIATION

27.1. The Department shall authorize services based upon priority and availability of budget. Execution of this Agreement does not guarantee that the work will be authorized.

27.2. The Department's obligation to pay is contingent upon the annual appropriation by the Florida Legislature. In the event this contract is for services in excess of \$25,000.00 and a term for a period of more than one (1) year, the provisions of Section 339.135(6) (a), Florida Statutes, as may be amended from time to time, are hereby incorporated:

"The department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The department shall require a statement from the comptroller of the department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years; and this paragraph shall be incorporated verbatim in all contracts of the department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

27.3. The County agrees that in the event the funds are not appropriated to the Department then this Agreement may be terminated. The Department shall notify the County in writing within thirty (30) days of the date the Department is notified by the Florida Legislature the funds shall not be appropriated. Upon notification by the Department that funds are not appropriated, and this Agreement is terminated, the County shall no longer be obligated to provide services not yet rendered. Nothing in this termination clause shall exempt the County from continuing to provide services already paid for by the Department.

28. RECORDKEEPING

The County shall maintain an accounting system or separate accounts to ensure funds and projects are tracked separately. Records of costs incurred under the terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for five (5) years after the final payment is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred include the County's general accounting records and the project records, together with supporting documents and records, of the County and all subcontractors performing work on the project, and all other records of the County and subcontractors considered necessary by the Department for a proper audit of costs. Prior to the destruction of any documents, the County shall transfer all documents to the Department in compliance with Section 29 below.

29. PUBLIC RECORDS

County shall comply with Chapter 119, Florida Statutes. Specifically, the County shall:

29.1 Keep and maintain public records that ordinarily and necessarily would be required by the Department to perform this Agreement.

29.2 Upon request from the Department's custodian of public records, provide the Department with a copy of the requested records or allow the records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

29.3 Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of this Agreement and following completion of the Agreement if Agency does not transfer the records to the Department.

29.4 Upon completion of this Agreement, transfer, at no cost, to the Department all public records in possession of Applicant or keep and maintain public records required by the Department to perform this Agreement. If County transfers all public records to the public Agency upon completion of this Agreement, County shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If County keeps and maintain public records upon completion of this Agreement, County shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the Department, upon request from the Department's custodian of public records, in a format that is compatible with the information technology systems of the Department.

Failure by County to act in accordance with Chapter 119 and the foregoing shall be grounds for immediate unilateral cancellation of this Agreement by the Department. County shall promptly provide the Department with a copy of any request to inspect or copy public records in possession of County and shall promptly provide the Department a copy of Applicant's response to each such request.
