SOLICITATION OVERVIEW

Project Title	Annual Fireline Road and Fuels Treatment Projects
Project ID	ITB 24-63-MM
Project Type	Invitation To Bid
Release Date	September 6, 2023
Due Date	October 4, 2023
Procurement Agent	Mandy Mullins
Project Description	<p>A. Fuels Treatment- Project Goal: Reduce the stature and alter the arrangement of wildland fire fuels in an area to increase safety during fire operations and improve smoke management issues.</p> <p>B. Fireline and Road Projects –Project Goal: Create and maintain drivable and defendable firelines and roads within Alachua County lands for the purposes of prescribed burning, wildfire protection and other stewardship activities.</p>

Introduction

Purpose:

Reduce the stature and alter the arrangement of wildland fire fuels in an area to increase safety during fire operations and improve smoke management issues.

Create and maintain drivable and defendable firelines and roads within Alachua County lands for the purposes of prescribed burning, wildfire protection and other stewardship activities.

Summary

Alachua County Board of County Commissioners are requesting the submission of Bids for ITB 24-63-MM Annual Fireline Road and Fuels Treatment Projects.

The following apply to this Invitation to Bid (ITB): [Introduction](#), [Instruction to Bidders](#), [Terms and Conditions](#), [Insurance](#), [Scope of Services](#), [Sample Agreement](#), [Attachments](#), [Submittals](#), and [ITB Pricing Form](#). Specifications and supplementary documents are essential parts of the ITB and requirements occurring in one are as binding as though occurring in all.

Services, as defined herein, are to include all labor, materials, supplies and equipment in accordance with the terms, conditions, and specifications set forth within this solicitation.

Bidder must be qualified and fully capable of performing the required Services while adhering to all laws, specifications, procedures, protocols, applicable guidance, and industry best practices.

- A. **Fuels Treatment- Project Goal:** *Reduce the stature and alter the arrangement of wildland fire fuels in an area to increase safety during fire operations and improve smoke management issues.*
- B. **Fireline and Road Projects –Project Goal:** *Create and maintain drivable and defensible firelines and roads within Alachua County lands for the purposes of prescribed burning, wildfire protection and other stewardship activities.*

Background

Location: Alachua County is located in North Central Florida. The County government seat is situated in Gainesville. Gainesville is located 70 miles southwest of Jacksonville, 129 miles southeast of Tallahassee, 140 miles northeast of Tampa - St. Petersburg and 109 miles northwest of Orlando. Alachua County has a population of over 250,000 and a regional airport. The County itself consists of a total area of 969 square miles.

Form of Government: Alachua County is governed by a Board of five (5) elected County Commissioners and operates under the established County Manager Charter form of government. In addition to the five County Commissioners, there are five elected Constitutional Officers: Supervisor of Elections, Sheriff, Clerk of the Court, Tax Collector, and the Property Appraiser. The Alachua County Attorney also reports to the Board.

QUESTIONS AND ANSWERS

Approved, Unanswered Questions

Approved, Answers Provided

1. 5.6 - A: Overhanging Branches

Sep 23, 2023 10:17 AM

Question: Can trimming of overhanging branches be performed with a tractor or tracked skid steer mounted saw/equipment, or does it have to be completed with handheld equipment?

Sep 23, 2023 10:17 AM

EXECUTIVE SUMMARY

ITB No. ITB 24-63-MM

Annual Fireline Road and Fuels Treatment Projects

Answered by David Hoyt: The trimming of overhanging branches with handheld power equipment is described in paragraph 5.6 of the scope (see below) and is line item 11 on the ITB pricing form. The reasons for specifying handheld power tools are it maintains a pleasing appearance for the public, produces a better fuel break for prescribed burning and wildfire events, and provides for the health of the trees. There are some non-public use areas where larger equipment may be used for trimming overhanging branches at county staff's discretion. The vendor should enter this type of equipment on line 8 of the ITB pricing form and specify per mile (trimming one side of a road) or per hour. 5.6. Fireline and Road Maintenance Maintain drivable and defendable firelines and roads within Alachua County lands for the purposes of prescribed burning, wildfire protection and other stewardship activities. Quote per mile - Trim overhanging branches and vegetation from one side of a fireline or road to a minimum height of 12 feet. Trim back to the width of the existing road clearing. Using handheld power tools. Disperse cut materials into the woods along road or fireline. Do not pile.
