It is understood that the Services may be modified, but to be effective and binding, any such modification must be in writing executed by both the Parties.
3. **Term.** This Agreement is effective upon (“effective date”) and continues until September 30, 2024 unless earlier terminated as provided herein. This Agreement may be amended for two additional two-year term(s) at the same terms and conditions outlined herein. If the Contractor chooses not to renew the Agreement, the Contractor must provide the County with written notice 90 days prior to the end of County’s fiscal year starting October 1 for each term renewal.
4. **Qualifications.** By executing this Agreement, Contractor makes the following representations to County:
  - A. Contractor is qualified to provide the Services and will maintain all certifications, permits and licenses necessary to provide the Services during the term of this Agreement.
  - B. Contractor will assure that all personnel who perform the Services, or perform any part of the Services, are competent, reliable, and experienced to perform their assigned task properly and satisfactory. Contractor will perform the Services with the skill and care which would be exercised by a qualified contractor performing similar services at the time and place such services are performed. If failure to meet these standards results in a deficiency in the Services or the related tasks or designs, Contractor will, at his/her/its own cost and expense, re-do the Services to correct the deficiency, and shall be responsible for any and all consequential damages arising from the deficiency.
  - C. Contractor is familiar with the Services and the conditions of the site, location, project, and specifics of the Services to be provided, designed or constructed.
  - D. Contractor will coordinate, cooperate, and work with any other contractors, professionals, and

5. **Payment.**

- A. The County will pay Contractor for timely and completed Services as described in this Agreement. The Parties agree that the amount to be paid to Contractor for the Services will not exceed \$100,000.00 **annually** (“NTE amount”). Contractor's invoice must describe the Service rendered, the date performed [*and time expended, if billed by hour*], and the person(s) rendering such Services. Contractor's invoice shall be accompanied by documentation or data in support of expenses, as the County may require. The invoice shall additionally reflect the allocations as provided and shall state the percentage of completion as to each such allocation. Each invoice shall constitute the Contractor's representation to the County that the Services indicated have reached the level stated, have served a public purpose, have been properly and timely performed, that the expenses included in the invoice have been reasonably incurred in accordance with this Agreement, that all obligations of Contractor covered by prior invoices have been paid in full, and that the amount requested is currently due and owing. - E. The County's performance and obligation to pay under this Agreement is contingent upon a specific annual appropriation by the Alachua County Board of County Commissioners (“Board”). The Parties hereto understand that this Agreement is not a commitment of future appropriations. Continuation of this Agreement beyond the term or the end of any County fiscal year shall be subject to both the appropriation and the availability of funds in accordance with Chapter 129, Florida Statutes; and that the failure of the Board to do so shall not constitute a breach or default of this Agreement.
- F. In the event any part of this Agreement or the Services, is to be funded by Federal, State, or other local agency monies, Contractor hereby agrees to cooperate with the County in order to assure compliance with all requirements of the funding entity applicable to the use of the monies, including providing access to and the right to examine relevant documents related to

9. **Permits.** Contractor will obtain and pay for all necessary permits, permit application fees, licenses or any fees required for performing the Services.

10. **Alachua County Minimum Wage.** If, as determined by County, the Services to be performed pursuant to this Agreement are ‘Covered Services’, as defined under the Alachua County Government Minimum Wage Ordinance (“Wage Ordinance”), then during the term of this Agreement and any renewals, Contractor shall pay its ‘Covered Employees’, as defined in the Wage Ordinance, no less than the Alachua County Government Minimum Wage (“Minimum Wage”), as may be amended by the County. Trails less than 6 feet in width will be mowed using a walk-behind brush mower, weed-trimmer or in some cases, if conditions permit, a riding or zero-turn mower.

- B. Mow groundcover to the shortest possible height without soil disturbance – avoid scalping.
- C. Mow groundcover to the edge of the trail/roadway (i.e., as bounded by large woody vegetation, or to the extent that mowing has occurred in the past).
- D. The Contractor is responsible for removing downed trees and debris that must be moved to mow roads, trails, firebreaks, and levees EXCEPT for downed trees/limbs that exceed 18” in diameter within the mowed area (roadway, trail, firebreak). In such cases the contractor must contact the project manager to arrange for clearing.
- E. In addition to mowing, Contractors will be required to blow/sweep debris off boardwalks and bridges, weed trim around structures along trails (signs, benches, and recreation infrastructure, etc.), trim around blaze trees, and pick up trash.

**Trailhead/Parking Area Mowing and Maintenance:**

Provide mowing services for trailhead and parking areas. There will be 6 or more natural or manmade obstacles such as trees, signs, parking stops, kiosks, fences, and other infrastructure per half acre inside these areas. - A. The Contractor shall pick up and dispose of all trash/litter at trailhead.

Should the surface of the water be nearer, then mowing should extend out over the surface of the water as far as possible. Mow around trees larger than 4 inches in diameter or around vegetation that is located such that it cannot be mowed without damage to surrounding larger trees. Areas to be mowed are generally as follows, but will be depicted more specifically on maps:
- C. Mowing shall occur to the toe of the slope on the inside slope of the entire levee (many large trees are present and must be mown around on the east, south and west levees). Elevation difference between the water surface and the surface of the levee varies from 3 feet to 6+ feet. Slopes are 3:1 or steeper.

- D. Mow to the toe of the slope on the outside of the north and west levee (no large woody vegetation to mow around). The elevation difference between the water or ground surface and the surface of the levee varies from 3 feet to 8+ feet. Slopes are 3:1 or steeper.
