Notes / Terms

SCOPE OF WORK :

- SSPC-SP-3: Power Tool Cleaning As in hand tool cleaning, SP-3 is a method of steel surface preparation intended to remove all loose (as opposed to adherent) mill scale, rust, paint, and other contaminants that may be detrimental to a coating application.
- Spot Primer Bare Surfaces with High solids epoxy coating
- (2) Two Coats Engineered siloxane coating.

Top Coat Colors must be selected by The Alachua County
