Background:

The City of High Springs contacted Alachua County Fire Rescue (ACFR) for assistance with the fire prevention aspects of their fire department. These duties were previously completed by their Fire Chief. Currently, the city is in the process of hiring a new fire chief. This agreement allows ACFR to conduct new construction plan reviews and inspections. ACFR will also complete State required inspections of existing occupancies.

There is no cost to the City of High Springs. ACFR will charge the customer for reviews and inspections.
