Background:

An internal review in the Minutes Department has determined there are several sets of meeting minutes from 2023 that have not formally been submitted to the BOCC for ratification. This occurred after the change to the new Escribe agenda system which now allows the minutes to be published after review by Clerk and County management staff. All the minutes in the attached list have been published on the county's website for review by the public. Any changes or modifications to the minutes at the BOCC meeting will be published as final revised minutes on the Escribe Meeting system. Minutes for BoCC ratification:
