Background:

The Alachua County Citizens Academy was designed and implemented by a team of Board of County Commissioner employees in 2003. The Alachua County Citizens Academy includes presentations from Board Departments, Constitutional and Judicial Offices, and Special Districts. The program is designed to provide community members with an introduction to, and a behind-the-scenes look at what their local county government offices do and show the participants how their tax dollars are utilized. In order to be a Graduate of the Alachua County Citizens Academy, a participant has completed 6 of the 8 program sessions during April and May of this year..
