**WHEREAS**, Chapter 163, Florida Statutes, authorizes public agencies, including counties and cities, to enter agreements to provide services and to exercise jointly the power, privilege, or authority they share in common and which each might exercise separately; and,

**WHEREAS**, the County and City desire to establish an "Employee Exchange Program" whereby the County and City will each exchange the services of one employee; and

**WHEREAS**, the establishment of an Employee Exchange Program will provide consistency of emergency medical initial response in Alachua County by enhancing the City Fire Department's initial response to Advanced Life Support Fire Response.

**NOW, THEREFORE**, in consideration of the mutual covenants declared herein and other good and valuable consideration each Party agrees as follows:

## **Section 1. Intent and Term of Agreement.**

- A. The City Fire Department shall be a part of the countywide cooperative system established by the Board of County Commissioners, known as the "Fire Services Network." The County and the City will reciprocate fire and first response EMS/rescue services as dispatched by the Combined Communication Center (CCC).
- B. The term of this Agreement shall commence on October 1, 2019. This Agreement shall remain in effect until terminated by agreement of the Parties or as otherwise provided herein.

## **Section 2. Definitions.**

For the purposes of this Agreement, the terms listed below shall have the following meanings:

- A. Alachua County Fire Rescue (ACFR) shall mean the County department charged with the responsibility for providing and/or coordinating Emergency Management, radio communications, Emergency Medical, Rescue Services, and Fire Protection services.
- B. CCC shall mean the Alachua County Combined Communications Center.
- C. First Response Rescue Services shall mean the initial fire based non-transport response to requests for medical assistance for accident victims and health related incidents.
- D. Standard Communications Protocol shall mean a step-by-step approach to radio communications which uses "plain language" and is based on uniform standards developed and/or adopted by the County.
- E. Incident shall mean a call for fire suppression or first response services to a given location, regardless of the number of apparatus responding.
- F. District Chief shall mean the person who is employed by ACFR and who is designated to assume and assign command and control of emergency incidents.

Fire Services Network shall mean a county-wide cooperative system established by the Board of County Commissioners to ensure the safe and effective delivery of fire/rescue services through the core fundamentals of incident command, common terminology, equipment, training, dispatch protocols, radio system, and response assignments.
- H. Insurance Services Office (ISO) shall mean the agency that evaluates and rates the level of fire protection provided by a given agency. This classification score is used by

subscriber insurance companies to determine homeowner and business owner insurance rates.

- I. Fire Services Territory shall mean the primary response area representing the area closest to the City's station as depicted in Exhibit "A" to this Agreement.

### **Section 3. Fire Suppression and First Response EMS/Rescue Services.**

- A. Service Provider and Service Area. The City shall provide the initial response and support to all fire suppression and EMS/rescue incidents throughout Alachua County as dispatched by the Combined Communication Center (CCC) irrespective of political boundaries. The County shall provide initial response and support to all fire suppression and EMS/rescue incidents within the municipal boundaries of the City as dispatched by the Combined Communication Center (CCC).
- B. Incident Command. Command and control of every incident shall comply with the National Incident Management System. Each party may retain, assign, or assume command of a fire incident occurring within its political jurisdiction.
- C. Level of Service (LOS) Standards. City's Fire Department shall meet the following LOS Standards:
  1. Unit response shall occur within one (1) minute of dispatch (completion of the initial page).
  2. All personnel must meet the Florida Fire Standards and Training Requirements as set forth in Chapter 633, Part IV, Florida Statutes. In addition, paid personnel shall be certified emergency medical technicians or paramedics.

7. The City Fire Department shall maintain a minimum ISO Class 9 rating. A failure of the City's Fire Department to maintain this minimum classification will result in a reduction in the amount due to the City under Section 10(A) of this Agreement.

The amount of reduction shall be equivalent to the percentage representing the City Fire Department's non-medical incident responses, as further defined in Exhibit "B" to this Agreement, for the last fiscal year in which the City's Fire Department had an ISO rating of Class 9 or better. The percentage reduction shall be taken on each payment due and owing to the City beginning the first payment immediately following the effective date of the ISO Class change. Should an ISO Class 9 or better rating be restored, payment will return to the amount specified in this Agreement beginning the fiscal year immediately following the effective date of the improved ISO classification.

For the purpose of this subsection, the City shall provide ACFR copies of any correspondence received from ISO which indicates a minimum rating greater than 9, within 30 days of receipt.

8. The City's Fire Department shall be responsible for first response fire and EMS within the department's defined Fire Services Territory, to include all responsibility for reporting to the Florida Incident Fire Reporting System (FIFRS). 9. ACFR shall be responsible for control of all fire investigations within the City Fire Department's defined Fire Services Territory, excluding those within the municipal boundaries.
10. In addition to the above requirements, the County and City agree to an enhanced level of service (Tier 2) at a price of \$713.39 per response which consists of:

This objective is currently being met through the Employee Exchange Program between the City and ACFR. Both parties agree the Employee Exchange Program will continue as the city works to expand its ability to provide its own Advanced Life Support. Upon the expiration of the Employee Exchange Program, ACFR agrees to provide the City with a Certificate of Public Convenience and Necessity, for non-transport first response ALS.

#### **Section 5. Dispatch Protocols.**

The City may make protocol recommendations. Dispatch protocols shall be developed by ACFR. Final authority to approve and implement dispatch protocols lies solely with the Chief of ACFR.

**Section 10. Payment.**

- A. The County shall pay the City for services provided to the County identified in this agreement in accordance with the following (example below):
  - 1. The total number of responses for service provided by the City to unincorporated Alachua County, and municipalities where ACFR is designated as the first response fire suppression and EMS provider.

2. For the purposes of calculating payment for services, the calculation time period shall be based on the previous calendar year (January 1 – December 31).
3. Each call for service shall be compensated at a rate of \$713.39 per response to an incident.
4. The established compensation rate per response shall be increased annually based on the previous calendar years Consumer Price Index (CPI) from the Bureau of Labor Statistics-South Region. CPI will be determined during the annual budget process. The County shall notify the City of this rate at the annual meeting described below.
5. The City Fire Chief and ACFR Fire Chief, or their designee, shall confer annually, between January 1 and March 1, to establish, in writing, the compensation rate for the following fiscal year. Additionally, this meeting will confirm in writing the compensable number of responses from the previous calendar year, allowing both entities to properly budget for the following fiscal year.

B. Payments to the City shall be made in twelve (12) equal payments made on a monthly basis in accordance with the provisions for § 218, Part VII Florida Statutes (“Local Government Prompt Payment Act”). Payment must be received no later than the 30<sup>th</sup> of the month that the payment is due.

1. Monthly payment calculation:

- *Step 1* – County and City determine the number of responses by the City in to the County from the previous calendar year.
- *Step 2* – County and City determine the number of responses by the County into the City from the previous calendar year, excluding responses specified in item F below.
- *Step 3* – Deduct the number of calls run by the County into the City, from the number of calls run by the City into the County.
- *Step 4* – Multiply the net number of calls by the agreed upon response rate for that year.
- *Step 5*- Divide the total annual payment by 12.

•*Example* – City of Newberry runs 100 calls into Alachua County, Alachua County runs 10 calls into Newberry. The agreed upon rate for the year is \$720.00 per call.

100	(Newberry calls)
- 10	(County calls)
90	Net Calls

90 x \$720.00 = \$64,800.00 Annual contract amount  
 \$64,800 / 12 months = \$5,400.00 monthly due from County

- C. In the event this agreement is terminated pursuant to Section 12, a prorated share of funds shall be payable until the date of termination.
- D. In the event that the City Fire Department fails to maintain a minimum ISO Class 9 rating, the amount due under this Agreement shall be reduced as specified in Section 3(C)(6) of this Agreement.
- E. The County shall fund the items listed below for the City's participation in the Fire Services Network :
  - 1. Administrative oversight and management of the Fire Services Network.
  - 2. Replenishment of Disposable Medical supplies.
  - 3. Access to and use of the Countywide Radio System.
  - 4. Mobile and portable radios.
  - 5. Dispatch and radio communication services.
- F. The City shall reciprocate payment equal to the per response payment paid by the County to the City when County fire apparatus (excluding rescue and command) are dispatched as the primary responder within the municipal boundaries of the City. "Primary responder" is defined as the only unit dispatched to an incident or when dispatched as the closest unit due to the unavailability of appropriate apparatus from the City Fire Department. The County shall not include in this reciprocity payment any County response in the City if the City is simultaneously responding to a call in the County.
- G. Notwithstanding any provision to the contrary, after September 30, 2019, the City may notify the County of its desire to renegotiate the amount specified in subsection (A) by providing written notice to ACFR to be received by December 31<sup>st</sup> of the year immediately preceding the fiscal year in which the change in contract amount is sought.

**Recommended Action:**

Approve and sign the Interlocal Agreements for Fire Suppression & First Response EMS/Rescue services between Alachua County and Rural municipalities

At the December 4, 2018 BoCC meeting, Commissioner Cornell moved the following:

1. Continue fully funding each non-municipal department with increases not exceed Consumer Price Index (CPI).
2. Negotiate contracts with Municipal Departments based on Cost per response \$605.48 to find this Tier Level 1 Service for Lacrosse and Micanopy and that we negotiate contracts with Municipal Departments on Cost per response of \$713.39 based on that level of service with Newberry and High Springs and we negotiate long term contracts for 3 to 4 years depending on what County Manager Lieberman brings back in her recommendation.
3. Request Interim Fire Chief Harold Theus to bring back his assessment of the Capital Equipment for the Non-Municipal Stations (Cross Creek, Melrose and Windsor) and add Lacrosse Station within 90 days.

**The motion carried 5-0.**

At the March 26, 2019, BoCC Meeting, **Commissioner Cornell** moved the following:

- A. To reaffirm commitment to 1 and 2 listed below:
  1. Continue fully funding each non-municipal department with increases not to exceed Consumer Price Index (CPI).
  2. Negotiate with Municipal Departments based on cost per response \$605.48 to find this Tier Level 1 Service for Lacrosse and Micanopy and that we negotiate contracts with Municipal Departments on cost per response of \$713.39 based on that level of service with Newberry and High Springs and we negotiate long term contracts for 3

to 4 years depending on what County Manager Lieberman brings back in her recommendation.

- B. That the County looks at the one time capital needs in conjunction with the Budgeting process with the Alachua County Fire Rescue request. As part of that request the County considers potentially program replacement funds into the Alachua County Fire Rescue budget.
- C. Direct staff to work with Cross Creek and Congressman Yoho on any additional capital grants that are available and bring those opportunities back to the Board for consideration.
- D. Direct that local stations get first right of refusal on County surpluses equipment. Allow local stations to purchase through the County Purchasing process to achieve savings.

**The motion carried 5-0.**

**Fiscal Consideration:**

FY20 Contract amounts are as follows:

City of High Springs	\$336,506.00
City of Newberry	\$206,883.10
Town of LaCrosse	\$248,731.00
City of Micanopy	\$189,515.24
Town of Cross Creek	\$263,120.00
Windsor Volunteer Fire Department	\$263,120.00
Melrose Volunteer Fire Department	\$263,120.00

**Background:**

For many years the residents of Alachua County have benefited from established cooperative partnerships between rural fire departments and the County. This year, staff was directed to negotiate contracts with all seven rural providers. Four of the providers are municipal based fire departments and staff negotiated a cost per response methodology with a 4 year term. For the remaining three departments, which are located in unincorporated areas of Alachua County, a fixed price was negotiated to ensure 2-person staffing, 24 hours per day.

All contracts contain language stating that annual increases shall not exceed the Consumer Price Index (CPI).
