Fiscal Note:

Facilities budgeted sufficient funds in account 001.19.1912.529.46.80 (Repairs and Maintenance Services Maintenance Contracts) for this contract.

Strategic Guide:

All Other Mandatory and Discretionary Services

Background:

The security system includes the electronic/mechanical door controls, twenty-nine control/viewing stations, 299 cameras and the required hardware to store 30 days of data.

The jail security system was competitively bid with RFP 09-396 and awarded to Montgomery Technology Inc. and in 2009 provided the design and installation of the Jail Security Camera and Touch Screen System. In 2018, the vendor was awarded a sole source bid for maintenance and upgrades from analog to digital. The vendor is the manufacturer and only supplier of repair parts for this system.

This purchase is exempt from the County's competitive bidding requirements pursuant to Section 22.3-302 (28) of the Alachua County Procurement Code, Sole Source procurements in accordance with the Procurement Procedures Manual. However, since the dollar amount of the purchase exceeds the purchasing authority of the Procurement Manager, this Purchase Order is being submitted for Board consideration and approval.
