Introduction

The Alachua County Board of County Commissioners (BOCC) has determined that art shall be an integral component of the County and in 2017 designated County Government as the official Local Arts Agency. Local Arts Agencies (LAA) provide services, support, and programs for arts organizations, artists, and their local communities.

In 2018, the BOCC passed Ordinance 18-07, establishing the Alachua County Public Arts Program which has the following goals:

1. To increase public access to art and the aesthetically designed environments and promote understanding and awareness of the visual arts in the public environment;
2. To contribute to civic pride, tourism and economic development of our community;
3. To enhance the climate for artistic creativity in our community;
4. To enrich the public environment for both residents and visitors to the area through incorporation of the visual arts; and
5. To enhance our community's recognition as a cultural center.

The Ordinance included a provision for a Citizens Advisory Committee, which serves as the designated advisory board for the Local Arts Agency and the County Public Arts Program. Resolution 18-17 lists the responsibilities and duties of the Advisory Board, which the BOCC designated as a special committee called the Alachua County Arts Advisory Council (ACAC). They are to:

1. Serve as a resource for local artists and arts agencies within all municipalities throughout Alachua County.
2. Prepare applications for state and federal grants and, re-grant eligible grants to local artists and local arts agencies.
3. Prepare applications for eligible state and federal grants to provide enhanced resources for local artists and local arts agencies.
4. Educate and advocate at the state and federal level on issues affecting the arts.
5. Promote and facilitate the inclusion of art into an established process that connects artists, partners, and communities for the purpose of enhancing the vitality of the County,
6. Be responsible for oversight, administration and promotion of Art Tag proceeds and Local Arts Agency dedicated funding.
7. Develop an inclusive strategic plan for County-wide arts and cultural assets that is reviewed and updated annually.
8. Report annually, or as necessary, to the Alachua County Board of County Commissioners on the goals and accomplishments of the Advisory Committee.

The Arts, or Art as used in this document and by the Council, refers to the collection of artistic endeavors which may be somewhat arbitrarily classified into four groups, sometimes referred to as "pillars". The pillars include: 1) Communicative Arts such as theatre, literature, poetry, story telling, 2) Musical events, 3) Dance, and, 4) Visual Arts such as painting, drawing and sculpture. Each pillar has sub-groups of disciplines. The main purpose of this section is to emphasize that the term Art as used in this plan encompasses a broad spectrum of creative activities.

Vision

Our vision for Alachua County: residents will have their lives enriched through enjoyment of Art in their daily lives, an increase in visitors who are attracted by the expansive cultural environment, and artists who are empowered to create.

Mission

The strategies employed to meet the our goals include:

Establishing alliances with art agencies and organizations

- Providing information,
- Promoting integration among disciplines
- Promoting diversity in shaping the arts
- Bringing attention to the value of art in economic development
- Promoting sustainability of the arts and artists

Income and Budget

The first fiscal year funding for the programs offered by the Arts Council relied on funds transferred from the City of Gainesville that had been generated from the sale of specialty license plates plus revenue from the ongoing purchase of license plates (approximately \$23,700). Staffing and office support depend on in-kind service of County staff and ACAC members. ACAC also has advisory responsibility for the Public Arts Program but these funds are not shown in the budget. The budget includes support for baseline activities. Grants submitted to LAA will expand these activities but those funded from other sources will address special projects such as programs implementing school-based programs or special events.

Budget

In order to fulfill the expectations described in the ordinance and resolution and detailed in the strategic plan, the BOCC should provide funding for the Arts. The budget shown is based on the availability of funds from the County and license plate revenue as shown below. In order to fulfill the role of LAA and achieve the goals of the strategic plan the council will not be able to continue to rely on in-kind support.
