The purpose of this Committee is to approve, approve with conditions, or deny proposed development in Alachua County in accordance with the Comprehensive Plan and the Unified Land Development Code requirements. The DRC is governed in accordance with its Rules of Procedure adopted on April 13, 2021 by Resolution 2022-20. The Committee was established by Ordinance 05-10, known as the "Alachua County Unified Land Development Code".

The DRC has no authority to change zoning of property or to change any existing ordinances or regulations. Approval of zoning or amendments to ordinances can only be done by the Alachua County Board of County Commissioners. The DRC members are not directly involved with the detailed review of the DRC development applications. The DRC shall take final action on all items specified in the Unified Land Development Code and specifically Section 401.17, and if further action is required by the Board of County Commissioners, then the date and time of such meeting will be provided to you.

Appeals of all development orders and other applications included in the Unified Land Development Code shall be by petition for writ of certiorari filed in the Circuit Court for Alachua County within 30 days of the date of the final development decision, except as otherwise provided in Florida Statute.
