Peter,

What was the fire assessment amount for that parcel? I'll need to update the recertification.

Could you resend the excel version?

Thank you,  
Cheryl

Good Afternoon Peter:

I received an email from the Property Appraiser's Office that parcel 06974-103-002 was removed from the roll due to a computer glitch. That parcel has been added back to the 2024 tax roll. This is one of the parcels that was removed from the Alachua County Fire Non-Ad Valorem Assessment file.

Do you want to add that parcel back and send a new file? I sincerely apologize for the confusion.
