Dear Mr. Moore.

DLR Group is pleased to submit this fee proposal to Renovate the 4th Floor of the Alachua County Criminal Courthouse for Judicial Chambers. Our proposal is based on the discussions and direction with the County to make a more efficient New Civil Courts building by consolidating the Clerk's office into one zone. By relocating the criminal court clerks on the 4th floor the new building with the civil clerk's office and Administration, the project will save squarefootage and increase operational efficiency. DLR Group will be responsible for the Professional Services for the Architecture and Engineering, including consultants.

Commensurate with the scope of the new building, DLR Group and our Consultants are to provide Architectural and Engineering design services from Predesign through Construction for a 12,418 SF interior renovation with significant alterations for walls, finishes, ceilings and MEP systems on the 4th floor for Judicial Chambers, private restrooms, and Court Administration offices. Work is limited to this planned departmental area on level 4 and associated MEP for new work on that floor. Assumes no changes or upgrades to existing stairs, elevators, existing public/staff restrooms, AHUs, or core MEP infrastructure.

Due to the existing building, BIM modeling of the existing building 4<sup>th</sup> floor components will be produced for demolition and coordination drawings. All work is assume to be interior. No exterior envelope modifications or upgrades.

Construction cost will be determined and evaluated by the Construction Manager. Environmental/Asbestos testing for existing building renovation shall be performed by the county or contractor.
