Create a Child Care Center (Day Care)

**Our Motivation:** Aware of the need that exists in our environment, of families who have to work every day and do not have a safe place to leave their small children, a place where they receive love, training in values, respect among others. These are the reasons that have motivated us to create our Care and Training Center.

Vision, Mission.

**Population:** These services are aimed at a population of children from one year of age to 5 years of age.

**What We Offer to Our Infants:** What happens in early childhood matters for life, where the family unit plays a fundamental role in their lives, therefore our training is designed for family integration.

**Staffing Practices:**

**Training in Values:** Our programs are based above all on promoting Christian values, respect for oneself and others. In the same way we will use teaching materials, according to early childhood, these materials promote autonomy, art, love and respect for nature and the environment where we live. Early stimulation, children's gymnastics, outdoors or indoors according to the weather.

**Health and Nutrition Practice:** We have a varied menu, designed by a person with extensive knowledge in nutrition and appropriate to the needs of the infant.

**Safety Supervision and Practice:** Our staff would be trained not only at an educational level but also to act in case of emergency such as CPR, earthquakes, hurricanes, among others.

**Child Care Policies and Procedures:** Our child care policies and procedures will help us communicate our expectations to both parents and staff. These policies will help us when questions arise about facts or fortuitous events, such as Covid 19.

**Physical Structures:** Our Center consists of large, illuminated, climatically set spaces for the relaxation of children and staff.

**Indoor Environment:** Classrooms...(description of the classrooms, 4 classrooms or lounges, 1 reception or hall, 1 kitchen, 1 dining room, 2 bathrooms, rest area, dressing rooms, etc.)

**Outdoor Environment:** Play area, types of games, garden (future orchard). Parking, etc.

**Rates and Schedules:**

-

**(QRIS) National Accreditation:** We will be a Center with all the accreditations required by the regulations imposed in our state. For this we have advisors who are graduates in the area and have extensive experience.

**16. Please describe how your project will build capacity, enhance effectiveness and/or efficiency of your agency's service delivery\***

*Maximum response length: 2500 characters*

This project will help the surrounding members of the community who are possibly living at below poverty level. Our church is right next to a common bus route stop and would be accessible to families who do not have access to private transportation or a vehicle. Offering day care services that include Cristian teachings will open possibilities to have these families also assist service. When they assist service, we can provide families with even more resources that we offer to help families with groceries, clothing, and most importantly to help provide a refuge for healing and be able to provide that emotional support that many families with low resources lack.

**17. Describe measurable outcomes for the project.\***

Pass  Fail

*Maximum response length: 2500 characters*

1. Amount of children signed up for the daycare
2. Children performing better academically
3. Children receiving better nutrition and falling ill less often
4. Single mothers able to save money and provide better living conditions for themselves and children

5. Decrease mental health resources usage

6. Higher 'ready to learn' measures

**Please Note:** Responses to this question may be publicly displayed after the due date has passed.

**18. Describe the timeline and anticipated milestone dates for the project.\***

Pass  Fail

Maximum response length: 2500 characters

The project may take up to 6 months to implement.

The first step ( 2 months) would be to ensure our building is up to code, this would include fixing of the church's current roofing structure. We obtained two quotes to fix the roofing. One of the quotes is for shingle roofing materials (not including labor) at \$8,795.52

The other quote is for metal roofing materials (not including labor) at \$11,614.30

The next step ( 2 months) would be to work together with **(QRIS) National Accreditation** to ensure that all safety measures and precautions are up to par in our current structural buildings where we would place the daycare.

Following Step (1 month) would be to train the volunteers that would be helping the various roles within the daycare: i.e, staff, teachers, cooks, etc.

Final Step (1month) would be promoting of the daycare within the nearby communities: door to door, flyers, online promotions, social media marketing.
