Re: Proposal for Eviction Prevention Legal Services

Dear Director Cabrera,

Thank you for meeting with us last week to discuss a plan to respond to the need for eviction prevention services in Alachua County. We understand that tenants throughout the county have an overwhelming need for legal assistance and that preserving housing is essential in avoiding and minimizing myriad other social, economic, and legal challenges. We believe that the approach we discussed last week would produce meaningful results for significant numbers of county residents.

As the attached budget details, we propose three primary components: 1) a series of tenant education workshops to help tenants understand their legal rights; 2) a legal helpline for advice and limited services, and 3) dedicated staff attorneys providing extended legal assistance in landlord-tenant and related legal issues that would support housing stability.

Based on the numbers of contacts and applications for rental assistance that you have reported, we would expect a legal helpline focusing on eviction assistance to Alachua County residents to receive approximately 1,300 calls per year. The helpline attorneys would provide a combination of advice and counsel, along with brief services such as negotiations with landlords. We are also proposing to provide two full-time attorneys handling extended services for clients who have received or are currently receiving ERAP assistance. We estimate that together these attorneys could handle 250 cases per year. Additionally, we are proposing that the four project attorneys conduct 30 tenant education workshops per year to help Alachua County renters understand their legal rights and responsibilities.

OUR VISION: A FLORIDA WITH JUSTICE AND EQUALITY FOR ALL
AN EQUAL OPPORTUNITY EMPLOYER

The four attorneys would be supplemented and supported by a paralegal who would assist with client contact, administration, workshop scheduling, and managing any deposits of funds in the court registry.

The attached workbook includes several options for staffing and funding at different levels. We believe that the most comprehensive plan with the five staff members described above would provide the best opportunity for the project to succeed in helping Alachua County residents avoid eviction. The proposals in tabs 2 and 3 reflect reduced staffing based on lower levels of funding. We are providing these for comparison purposes. While any dedicated staffing would be a step in the right direction, a fully staffed project would be most effective given the documented level of demand.

As you will note, the primary cost in our budget projections is for attorney salaries and benefits. We are using a de minimis 10% indirect cost rate and have included modest line items for supplies, litigation costs, interpreters, and travel. The alternative proposals in tabs 2 and 3 reduce the overall annual cost by reducing the staffing. Of course, those proposals would result in fewer clients receiving services.

I hope this information is helpful and provides the feedback you need. Please let me know if we can provide any additional detail or explanation.

Thank you for the opportunity to submit this proposal. We look forward to working with you.

Sincerely,

Christopher M. Jones
Attorney at Law
