Attendance

Detailed explanation of how attendance estimates were determined:

Gator Waterpolo 2023 total revenue was \$337,175.

The attendance ratio for our 2025 events is expected to be 19.76, which should give us 20 points according to the chart in the application form.

Ratio was calculated by dividing the amount of funding request (Maximum request since our 2023 total revenue was over \$200,000) by the expected attendance (adding athletes and athlete's family members).

Funding request (\$50,000) / Expected attendance (2,400 attendees) = 20.83 ratio.

GWP 2022 990 revenue is \$316,765. The funding request will be the maximum \$50,000, since our revenue is over \$200,000.

Attendance was determined by adding the number of total attendees (athletes, and athlete's family members) attending our events in 2025. We are expecting 90% of those families to be from out of Alachua county. They will come to Gainesville and spend at least one or two nights at our hotels and/or spend money in our restaurants.

Total athletes:	600
Athlete's family members	1,800
Total, attendance	2,400 attendees

Merit and support

History of the organization/contribution to sporting activities in Alachua County:

Gator Water Polo (GWP) is a 501(c)(3) non-profit organization. Our program is about growing the sport of water polo in Gainesville, Florida. The program started in 2013 with 0 kids involved and has grown to 150 in 2023. Our membership now comprises athletes in age divisions: 10/12u, 14u and 18u. The program includes athletes from area high schools. GWP was able to establish a High School team at GHS in 2016. The first year, the team went 2-8 and by the second year, was participating in the District Tournament. GWP offers opportunities for male and female athletes. The GHS boy's water polo team became district champions for the first time in history in 2019.

In 2019 GWP developed its swim academy. Swim Academy has served athletes from several schools ages 4-10 from elementary schools in Alachua County.

Swim Academy will give the opportunity to every kid in Alachua County to learn how to swim and how to be safe in the water. At the same time, the swim academy will teach youth athletes to develop their potential swim skills to compete at high school.

Besides branching out and growing at the local high school level, GWP in 2019 organized the first international water polo event on the east coast and the largest international event in the US. The event was led by Professional and Olympic Coaches from Barcelona, Spain (2019 World Champion Men's and Women's Silver Medal Winners) and was open for boys and girls 12-18 years of age. Alachua County athletes also participated. Alachua athletes would have had to travel to California or Europe to experience anything like this programming. National and international athletes were able to appreciate our city and state while making friends from other regions and cultures. A total of 140 athletes from 12 different countries and 8 states attended our event. Countries represented were: USA, Czech Republic, Hungary, the Netherlands, Spain, Germany, South Africa, Australia, Peru, Colombia, Puerto Rico, and Canada. States included: Florida, Tennessee, Georgia, Washington St, Maryland, New York, Maryland, and California.

In 2021 we were able to successfully run our Saturday tournaments (twice a month), collegiate annual tournament, and our international summer event. All of them brought athletes and families from outside Alachua County to Gainesville spending money in our hotels and restaurants.

GWP Saturday tournaments brought teams from different parts of Florida (Orlando, Venice, Jacksonville, Tampa, and Miami) and Georgia.

The collegiate tournament brought athletes and families from New York, California, West Virginia, Connecticut, North Carolina, Georgia, Washington DC, and other parts of Florida.

Our international summer event brought 260 athletes to Gainesville from all over the US as well as Puerto Rico and The Bahamas. Even though we had petitions from athletes from other countries, COVID restrictions did not allow them to enter the US at the time.

In 2022, we were able to continue to run our tournaments as we did in 2021, adding our spring tournament hosting teams from Florida and Georgia.

Our international summer event was again a success, having over 320 athletes among the 3 tournament days. International athletes from Colombia, Puerto Rico, Mexico, Canada, The Bahamas, and Spain were able to compete against athletes from the US (New York, California, Pennsylvania, Colorado, Washington, Texas, Maryland, Georgia, Tennessee, and Florida).

In 2023, we were able to continue to run our tournaments as we did in 2022, adding our spring tournament hosting teams from Florida and Georgia, as well as the collegiate tournament.

Our international summer event was a success, having over 360 athletes among the 3 tournament days. We brought to Gainesville athletes and teams from 4 of the 5 continents. Only Asia was not represented in 2024. International athletes from South Africa, Egypt, Australia, Guatemala, Puerto Rico, Mexico, Canada, Trinidad and Tobago, and Spain were able to compete against athletes from the US (New York, California, Connecticut, Pennsylvania, Colorado, Texas, Maryland, Georgia, Tennessee, and Florida).

In 2024, we were able to continue to run our 12U and 14U tournaments as we did in 2023, our Florida/Georgia Tournament, and our 3 summer tournaments. Our three summer tournaments were even more successful as in 2023. We had about 280 athletes from outside Gainesville participating. Athletes and teams came from all over the US (Florida, Ohio, Illinois, Florida, California, Washington, New York, Connecticut, Virginia, Georgia, Tennessee, and Texas) as well as different countries around the world (Spain, Puerto Rico, Trinidad and Tobago, Colombia, Netherlands, Mexico, Canada, England, Scotland, and Australia).

It was an excellent international experience for everyone. Athletes, officials, coaches, and staff were hosted at the Holiday Inn, University Center during the 3 weeks of the summer event. They all had dinner at the UF dining hall. They also had time to visit around Gainesville (shops, restaurants, campus life...). A Good number of families stayed through the week at different hotels in town.

In 2025, we expect to keep growing in number of athletes for our summer international events and tournaments since they have become well-known both nationally and internationally.

We also expect to increase the number of teams coming to Gainesville for our Florida Series tournament.

GWP organizes our summer event with another local organization, RF Learning & Sports, which specializes in international exchanges for athletes and students as well as The Barcelona International Water Polo Academy (BIWPA), an international water polo academy in Barcelona that staffs professional and Olympic coaches and has experience delivering top-level water polo events and tournaments internationally. This variety of professional expertise guarantees a well-run, cost-effective tournament that is a growth opportunity for all athletes. Our partners all participate in the promotion. The excellence of the tournaments is a reflection of a staff that is well-versed in many areas. Adding to, and integral to the success of the event, is the inclusion of athletes from the UF Women's Water Polo Club. We are able to offer them a stipend to participate in our event as counselors and assistant coaches. They become our athlete's role models and at the same time, give back to the sport that has given them so much as they were developing as well. These student-athletes also learn about responsibility, professionalism, and management.

Several entities have given us different types of support and collaborated with us in 2024. All of these contributions have helped with the logistics of the event. The City of Gainesville lends chairs and tables and allows us use of their amazing facilities, The Holiday Inn University Center made arrangements to make the athlete's stay a successful one, and a private donor gave us a scholarship for two of our athletes who could not afford to attend. Thanks to the Local Sports Destination Enhancement Grant, we were able to market our events at a national and international level, bringing athletes and families from all over the world to Gainesville.

Gator Water Polo - 2025

Detailed project

Gator Water Polo Club has planned to host and run several water polo events during 2025.

These events will bring athletes, family members, and friends to Gainesville from other parts of Florida (Tampa, Orlando, Miami, Jacksonville), other US States, and other countries around the world. As an example, in 2024, we had athletes and teams competing in Gainesville from 3 different continents (Europe, America, and Australia).

Waterpolo Events

Summer 2025 Tournaments

- **Host 3 single-day tournaments: June 27th, July 4th, and July 11th.**
