Background:

This bid will be used by multiple departments to purchase safety shoes for County employees on a continuing supply basis. The bids received from each of the three vendors consists of discounts, indicated by percentages, that the vendor will deduct from its published price list, with the vendor's published price list being subject to change without County approval. So, if the vendor bid 18% for a particular safety shoe, then the County would pay the vendor's current published price list amount for that shoe minus the 18% discount.

Bid 25-209-MM Annual Purchase of Safety Shoes was released January 8, 2025. The deadline for receipt of Bid 25-209-MM Annual Purchase of Safety Shoes was February 5, 2025; three (3) vendors responded.
