MEETING MEMORANDUM

To: Metropolitan Transportation
Planning Organization Board

From: Brad Thoburn

Subject: **Title VI and Limited English Proficiency Plan**

RECOMMENDATION

It is recommended that the Metropolitan Transportation Planning Organization adopt the Title VI and Limited English Proficiency Plan.

BACKGROUND

As with all transportation planning legislated by federal and state laws, the MTPO is responsible for ensuring adequate representation of and compatibility among state, county, and municipal projects in the transportation planning process. This includes consideration of all modes of transportation with respect to various members of the public. As a result, a responsibility is placed on metropolitan planning organizations to develop a Public Participation Plan (PPP) where the opportunity for public involvement is assured and there is no discrimination based on race, sex, age, religion, national origin, disability, color, or income. As part of the PPP, outreach will be made to connect with persons identified as Limited English Proficient and mechanisms are provided to prohibit discrimination as well as provide a process to file discrimination complaints. These requirements and the procedures are detailed further in this Title VI Nondiscrimination Plan and Limited English Proficiency Plan.

The draft Title VI and Limited English Proficiency Plan was presented to the Technical Advisory Committee and Citizens Advisory Committee for review and recommendations on February 12, 2025, and March 19, 2025. The plan was made available for public comment along with the PPP for a 45-day comment period starting February 18, 2025. It was adopted by the Technical Advisory Committee and Citizens Advisory Committee on March 19, 2025. It is now being presented to the Metropolitan Transportation Planning Organization Board for adoption. The Title VI and Limited English Proficiency Plan is attached.

Introduction

Representatives of the City of Gainesville and Alachua County along with representatives from the Gainesville/Alachua County Regional Airport, Alachua County Schools, and the rural municipalities within Alachua County are involved in the transportation planning process facilitated by the Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (MTPO). The MTPO's purpose is to provide effective leadership in the initiation and development of transportation plans, programs and strategies.

As the governmental body most directly responsible for guidance of the transportation planning process, the MTPO strives to ensure that the recommendations are in keeping with the goals and standards of the Federal Government, the State, the City of Gainesville, Alachua County and the rural municipalities within Alachua County. The MTPO functions include, but are not limited to, the preparation of the tasks required by state rule or by federal policy.

The MTPO's major annual responsibilities are to perform the tasks of preparing the Unified Planning Work Program (UPWP), the Transportation Improvement Program (TIP), and the annual List of Priority Projects (LOPP). As with all transportation planning legislated by federal and state laws, the MTPO is responsible for ensuring adequate representation of and compatibility among state, county, and municipal projects in the transportation planning process. This includes consideration of all modes of transportation with respect to various members of the public. For example, the MTPO incorporates into its planning efforts the needs of the elderly and persons with disabilities as outlined in the Americans with Disabilities Act (ADA).

As part of the planning process, public involvement is given a major priority. Projects funded through public dollars are to be planned in a manner that encourages public participation and incorporates public comments into planning efforts. As a result, a responsibility is placed on metropolitan planning organizations to develop a Public Participation Plan (PPP) where the opportunity for public involvement is assured and there is no discrimination based on race, sex, age, religion, national origin, disability, color, or income. As part of the PPP, outreach will be made to connect with persons identified as limited English proficient and mechanisms are provided to prohibit discrimination as well as provide a process to file discrimination complaints. These requirements and the procedures are detailed further in this Title VI Nondiscrimination Plan and Limited English Proficiency (LEP) Plan.

Title VI Nondiscrimination Plan

The Metropolitan Transportation Planning Organization for the Gainesville Urbanized Area (MTPO) is a Metropolitan Planning Organization and a recipient of federal funds from the United States Department of Transportation (USDOT) through the Federal Highway Administration (FHWA) and Florida Department of Transportation (FDOT). All recipients of federal funding must comply with the requirements of Title VI of the Civil Rights Act of 1964 which prohibits discrimination on the bases of race, color, and national origin. This Title VI Nondiscrimination Plan includes summary information on the structure of the MTPO's Title VI Nondiscrimination Program as well as the policies, procedures, and practices that support nondiscrimination requirements. It also is intended to be regularly reviewed and updated by the MTPO to meaningfully reflect the program as it changes and grows. Limited English Proficiency Plan

The MTPO is an independent yet cooperative forum for regional planning and the allocation of millions of dollars in federal transportation funding annually. The MTPO works with the public, planning organizations, government agencies, elected officials, and community groups and helps citizens speak with one voice to their state and federal legislators on transportation-related issues. The Limited English Proficiency (LEP) Plan plays an integral role in the process. This document provides guidance for assisting LEP persons to ensure accessibility to the MTPO's programs and services.

A. Legal Basis for Language Assistance Requirements

This LEP Plan addresses Title VI of the Civil Rights Act of 1964 and its implementing regulations which provide that no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity that receives federal financial assistance.

In 1974, the U.S. Supreme Court affirmed that the failure to ensure a meaningful opportunity for national origin minorities, with limited-English proficiency, to participate in a federally funded program violates Title VI regulations. Recipients of federal funding must comply with Title VI and LEP guidelines of the federal agency from which funds are provided. The final LEP Plan should be consistent with the fundamental mission of the organization, though not unduly burdening the organization.

To ensure LEP individuals have meaningful access to the transportation planning process, the MTPO conducts a self-assessment in areas relevant to the development of an effective LEP Plan. This assessment includes:

- Relevant demographic information for the MTPO planning area;
- Frequency of contact that the organization has with limited English proficiency persons;
- Nature or importance of programs or services deemed vital; and
- Resources and associated costs.

The LEP Plan works in concert with the organization's overall PPP, which identifies specific strategies for outreach and engagement; as well as the Title VI Nondiscrimination Plan.

B. Limited English Proficiency Policy

It is the policy of the MTPO to ensure that persons with Limited English Proficiency are neither discriminated against nor denied meaningful access to and participation in the organization's programs and services. It is the intent of the organization that in providing language services to persons with limited English proficiency, the process achieves a balance that ensures meaningful

Title VI and LEP Plan | 2025

access to programs and services while not incurring undue burdens on resources of the organization.

The MTPO will respond to requests for language assistance in the manner described in this plan, which includes:

- A mechanism to provide ongoing assessment of needs, programs, and activities of target audiences, along with the organization's capacity to meet these needs using the LEP Plan;
- Translation of vital written materials in languages other than English where there is a significant number or percentage of persons with limited English proficiency;
- Oral language assistance to Limited English Proficiency persons for programs, where such assistance is requested and/or anticipated;
- Identified procedures and a designated representative from MTPO responsible for implementing activities related to the LEP Plan;
- Notification of the availability of free language services to those persons in the target audience, through oral and written notice in the relevant primary language assistance activities; and
- Staff training on policies and procedures of the organization's language assistance activities.

1. Who is an LEP Individual?

The LEP Plan applies to individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English. As defined in the United States Census: American Community Survey, LEP refers to any individual who speaks a language at home other than English as their primary language, and who speak or understand English less than "very well". Individuals, who have a limited ability to read, write, speak, or understand English are LEP.

2. LEP Limitations

This LEP Plan applies to individuals who do not speak English as their primary language and who have a limited ability to read, speak, write, or understand English. For example, the limitations of this plan do not extend to the following individuals:

- Hearing or visual impairments – Sign language interpretation and Braille text are accommodations provided under the Americans with Disabilities Act; and
- Illiteracy, generally – The inability to speak, read, or write English and conditions that may trigger language assistance under Title VI are distinguished with a key factor.

Title VI and LEP Plan | 2025

A LEP person cannot speak, read, or write English – but rather primarily speaks, reads, or writes in a language other than English.

C. Administration of LEP Plan

The LEP Plan policy and procedures are considered throughout the transportation planning process. Administration of this plan is described in the following sections.

1. Complaint Procedure

For persons included in a regularly encountered LEP group, written notification of the opportunity to file a discrimination complaint in accordance with federal regulations shall be provided. For infrequently encountered groups, LEP persons may be advised orally of the opportunity to file a discrimination complaint pursuant to federal regulations. See Appendix A for complaint forms in both English and Spanish.

2. Designated Staff Coordinator

The MTPO designates Jacqueline Chung, Equal Opportunity Manager/Title VI Coordinator, as the individual responsible for oversight and implementation of the LEP Plan. Responsibilities include coordinating and facilitating delivery of related services, staff training on the plan's policies and procedures, and ongoing monitoring and assessment of the plan's effectiveness. Jacqueline Chung can be reached at (352) 374-5275 or jac@alachuacounty.us.

3. Definitions

Limited English Proficiency (LEP): Refers to a person who is not fluent in the English language. The MTPO has a LEP plan to ensure individuals with limited English skills can participate in the process.

Recipient of Federal Financial Assistance: Includes grants, training, use of equipment, donations of surplus property, and other assistance. Sub-recipients are also covered when federal funds are passed from one recipient to a sub-recipient.

Title VI and LEP Plan | 2025

Vital Communication: Any document or spoken work that contains information critical to benefits that are supported by federal funds or required by law. Guidance by the U.S. Department of Justice provides:

- A document will be considered vital if it contains information that is critical for obtaining federal services and/or benefits or is required by law. Vital documents include, for example: applications; consent and complaint forms; notices of rights and disciplinary action; and notices advising LEP persons of the availability of free language assistance.
- Vital documents must be translated when a significant number or percentage of the population eligible to be served, or likely to be directly affected by the program/activity, needs services or information in a language other than English to communicate effectively. For many larger documents, translation of vital information contained within the document will suffice and the documents need not be translated in their entirety.
- It may sometimes be difficult to draw a distinction between vital and non-vital documents, particularly when considering outreach or other documents designed to raise awareness of rights or services. Though meaningful access to a program requires an awareness of the program's existence, we recognize that it would be impossible, from a practical and cost-based perspective, to translate every piece of outreach material into every language. Title VI does not require this of recipients of federal financial assistance.
- Nevertheless, because in some circumstances lack of awareness of the existence of a particular program may effectively deny LEP individuals meaningful access, it is important for federal agencies to continually survey/assess the needs of eligible service populations in order to determine whether certain critical outreach materials should be translated into other languages.

Interpretation: The act of listening to spoken words in one language (the source) and orally translating it into another language (the target).

Translation: The replacement of a written text from one language into an equivalent written text in another language.

4. Self-Assessment

As a recipient of federal funds, the MTPO must take reasonable steps to ensure meaningful access to the information and services it provides. As part of the MTPO certification by FHWA and FTA, the LEP Plan will be assessed and evaluated.

Public transit is a key means of achieving mobility for many LEP persons. By providing language assistance to persons with limited English proficiency, the MTPO will help to ensure that the

Title VI and LEP Plan | 2025

services are safe, reliable, convenient and accessible. These efforts may attract riders who would otherwise be excluded from participating in the service because of language barriers.

LEP services can be provided in two ways: verbal interpretation and written translation of vital documents. There are four factors for consideration when deciding what reasonable steps should be taken to ensure access for LEP persons.

A. Four-Factor Analysis

The United States Department of Transportation (USDOT) issued policy guidance in the Federal Register, Volume 70; Number 239 on Wednesday, December 14, 2005, concerning recipient's responsibilities to LEP persons. The USDOT guidance outlines four factors recipients should apply to the various kinds of contacts they have with the public to assess language needs and decide what reasonable steps they should take to ensure meaningful access for LEP persons.

The USDOT policy guidance gives recipients of federal funds substantial flexibility in determining what language assistance is appropriate based on a local assessments on the four factors listed above. The following is a self- assessment of needs in Alachua County in relation to the four factors and the transportation planning process. The four-factor analysis will allow the MTPO to be in a better position to implement cost- effective language assistance measures and to target areas and resources appropriately. The results of this assessment for LEP programs and services are detailed in the following subsections.

1. Factor 1: The Number and Proportion of LEP Persons Eligible to be Served

The first step towards understanding the profile of individuals that could participate in the transportation planning process is a review of Census data. **Table 1** summarizes the LEP

Title VI and LEP Plan | 2025

population for the Alachua County and provides demographic data related to individuals who speak English "Less Than Very Well" (LEP) among different age groups.

Table 1. Persons in Households Speaking a Foreign Language Five Years Old or Older

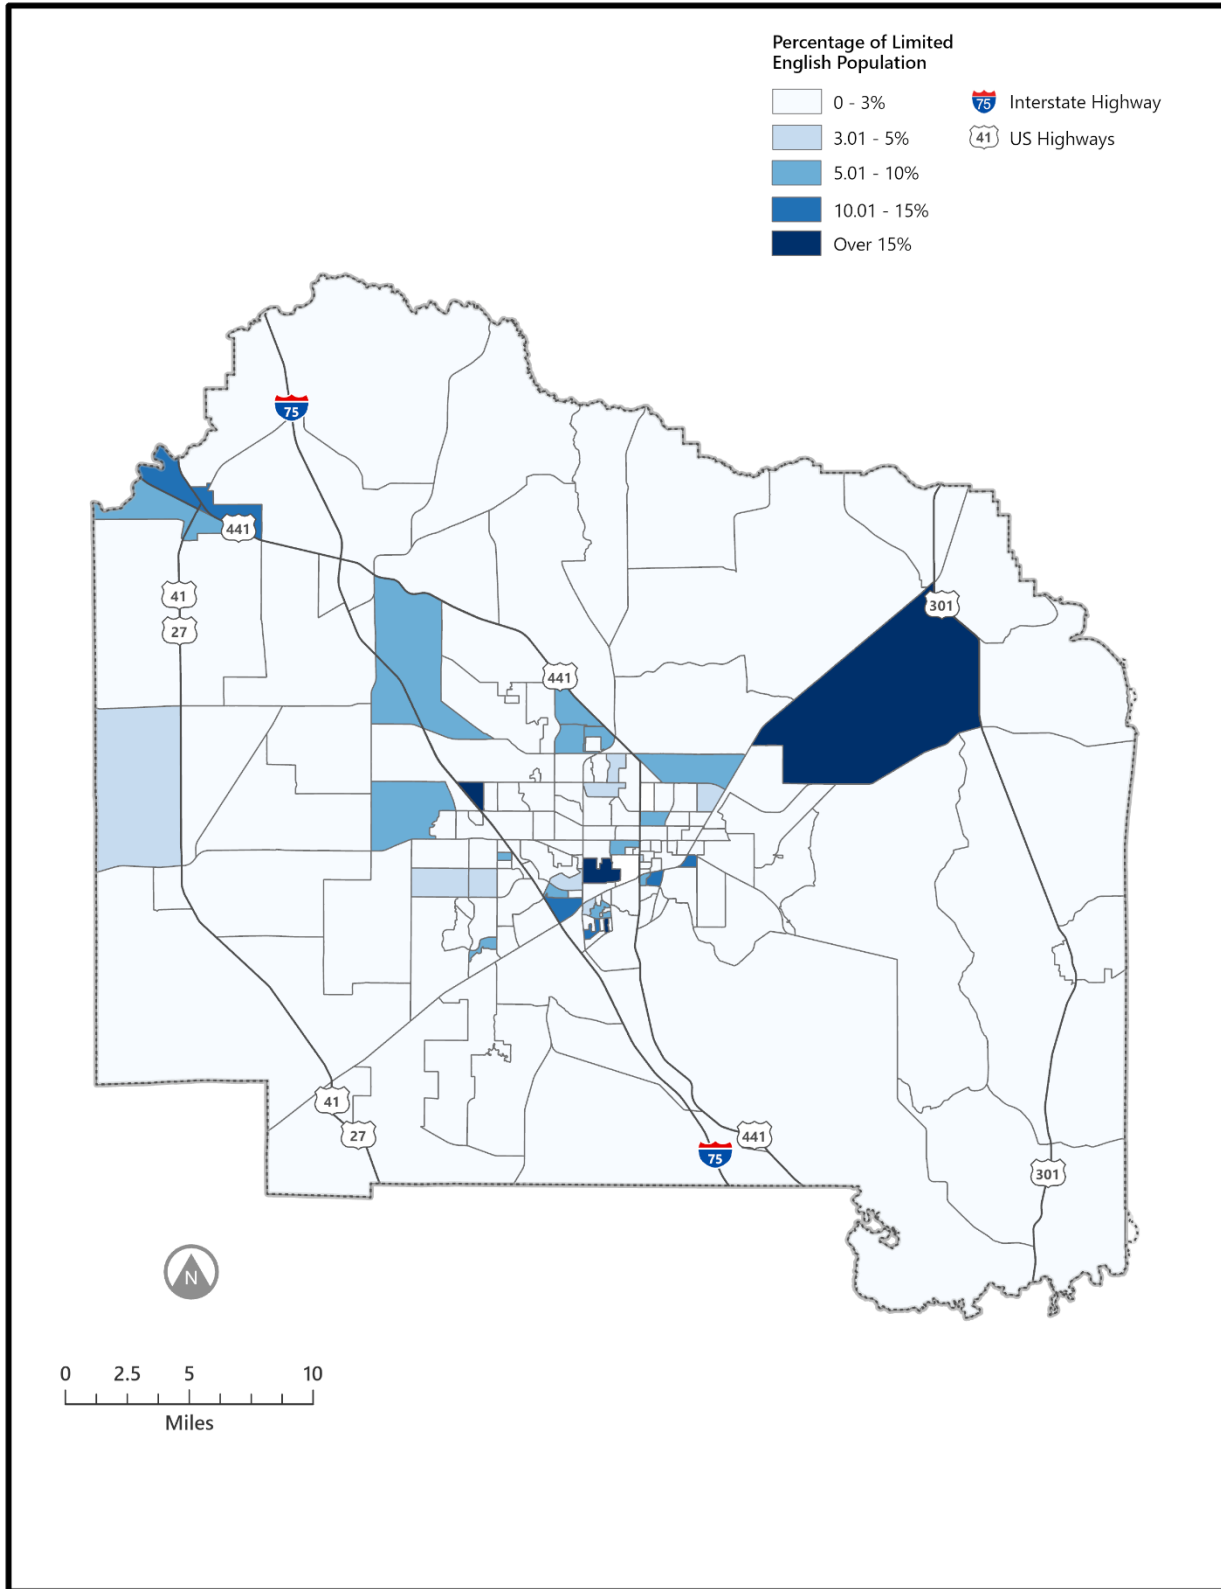

Foreign Language Group	Number	Percent
Spanish-Speaking Persons	21,583	8.0%
Spanish-Speaking Persons That Do Not Speak English "Very Well"	4,201	1.6%
Other Indo-European Language-Speaking Persons	10,478	3.9%
Other Indo-European Language-Speaking Persons That Do Not Speak English "Very Well"	1,944	0.7%
Asian & Pacific Island Language-Speaking Persons	9,137	3.4%
Asian & Pacific Island Language-Speaking Persons That Do Not Speak English "Very Well"	2,598	1.0%
Other Language-Speaking Persons	2,000	0.7%
Other Language-Speaking Persons That Do Not Speak English "Very Well"	262	0.1%
Total Persons Five Years Old or Older	268,212	100%

To demonstrate the geographic extent of the LEP populations in the region, **Figure 1** provides a visual representation. In addition to analyzing the Census data, the MTPO consults with transit staff, community organizations, school systems, and state and local governments to better serve the LEP community.

Figure 1. Alachua County LEP Populations

2. Factor 2: Frequency of Contact of LEP Persons

The results of the Census data indicate that Spanish is the most significant language spoken by the LEP population in Alachua County. To date, no requests for language assistance services have been made by LEP individuals or groups to the MTPO. The MTPO public notices and information flyers in both English and Spanish, as requested. The MTPO will also provide translation services upon request at public meetings. The full list of LEP assistance is provided in **Table 2**.

All advertisements for public meetings sponsored by the MTPO will contain the following language:

“Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services, which are provided at no cost, should contact Alachua County Equal Opportunity Office at (352) 374-5275 or email jac@alachuacounty.us at least three (3) business days prior to the event.”

The MTPO conducts regular board meetings, advisory committee meetings and public hearings throughout the year. Public outreach and the MTPO website are the main sources of potential contact between the MTPO and LEP persons.

Table 2. Administered by MTPO

Program/Activity	Frequency of Contact	Resources Available
Board Meetings	Monthly	Special assistance notice in newspaper, and on website, LEP-specific notice on all agendas, case-by-case response
Advisory Committee Meetings	Monthly	LEP-specific notice on all board agendas, case-by-case response
Community Events	Varies	Spanish language brochures when in areas of high Spanish speaking populations, Spanish language surveys, “I Speak” cards
Website	Varies as Needed	Spanish language translation through Google Translate feature
Public Hearings	Annually	Spanish language brochures as requested, Spanish language forms, “I Speak” cards

3. Factor 3: The Nature and Importance of the Program Service or Activity

Metropolitan Planning Organizations receive federal funds to develop transportation plans for a designated urban area. The planning process is guided by federal and state law, including public involvement requirements to ensure diverse public outreach, notice, and opportunities for input. All MTPO programs are important; however, those related to safety, public transportation, right-of-way, the environment, nondiscrimination, and public involvement are among the most important. The MTPO must ensure that all segments of the population, including LEP persons, have been involved or have had the opportunity to be involved in the transportation planning process to be consistent with the goal of the Federal Environmental Justice Program and Policy. One area that has been focused on is the Transportation Disadvantaged Program. This program has been identified as a potential provider of important services for LEP persons.

The planning process does not include any direct service or program that requires vital, immediate, or emergency assistance, such as medical treatment or services for basic needs (like food or shelter). Additionally, the MTPO does not require documents, such as completed applications, for participation. However, when determining whether materials, information, and/or notification related to an action is “vital,” the absence of direct services or application requirements is not the only consideration.

US Department of Justice

...in some circumstances lack of awareness of the existence of a particular program may effectively deny LEP individuals meaningful access, it is important for federal agencies to continually survey/ assess the needs of eligible service populations in order to determine whether certain critical outreach materials should be translated into other languages.

Language assistance involving notification of services, translation of public input forms and/or surveys related to a formal public hearings, and maintenance of the Spanish language portal on www.acgnavmobility.org/ have high priority. Other activities, such as community events, optional meetings, and specialized speakers’ bureau programs have a lower priority if/when resources preclude the organization from executing all language assistance options.

4. Factor 4: Resources Available

Given the small size of the LEP population in Alachua County and current financial constraints, full language translations of plan documents are not considered warranted or cost feasible at this time. The MTPO will continually evaluate its programs, services and activities to ensure that

persons who may be LEP are always provided with meaningful access. The MTPO will provide verbal and written translation if requested within a reasonable time and if within the available resources.

Language Assistance and Implementation

This section of the LEP Plan provides the implementation process used to address appropriate language needs identified and described in the Self-Assessment section.

A. LEP Implementation Goals

- Provide meaningful access to MTPO programs and services for Limited English Proficiency persons identified using the four-factor analysis presented in Self Assessment section of the LEP Plan;
- Identify various resources, with or without associated costs, to ensure the organization can balance meaningful access to programs and services, while not incurring undue burdens on financial resources; and
- Complete plan updates every three (3) years and staff reviews annually to ensure resources identified remain consistent with identified needs.

B. Language Assistance and Translation/Interpretation Services

Engaging the LEP population within the MTPO planning area is vital. The MTPO implements language assistance through the following strategies and techniques:

- Staff involved with the public will provide the Census Bureau's "I Speak" language cards at workshop and public meeting sign-in tables. Staff will be able to identify language needs to match them with available services. These cards will be made available at the MTPO Office;
- The MTPO will develop partnerships with local agencies, organizations, law enforcement, colleges/universities, Alachua County Schools and social service agencies to inform LEP individuals of MTPO services and the availability of language assistance;
- The MTPO will begin to accommodate the cost of translating programs by providing fact sheets, flyers and brochures;
- Initiate the development of Executive Summaries of major programs, such as the Unified Planning Work Program, Transportation Improvement Program, Public Participation Plan and Long-Range Transportation Plan, and any other key document available in Spanish. To accommodate the cost, the MTPO will provide these summaries in formats such as fact sheets, flyers, newsletters, and brochures, capturing the significant points;

Title VI and LEP Plan | 2025

- Provide Spanish language outreach materials from other organizations including federal, state, and local transportation agencies when possible;
- The MTPO will install the Google Translate program <http://translate.google.com> on every page of the website. The use of this will allow users to view HTML content in other languages. It is understood this is not a perfect system, but it will provide enough information for an LEP individual or group to make contact to the MTPO for comments or questions;
- Efficient Transportation Decision Making (ETDM) allows for the identification of readily apparent effects and evaluation of the likelihood of potential sociocultural effects within a project area during the early phases of the transportation planning process, prior to the project entering the FDOT Work Program;
- Ensure public meetings have access by public transportation;
- Weigh the demand for language assistance against the MTPO's financial resources;
- Will consider cost effective practices for providing language services;
- State in outreach documents that language services are available from the agency free of charge with sufficient advance notice; and
- Communicate through press releases, announcements at community meetings, website, signs, and handouts.

C. Notifications

MTPO will publicize the availability of Spanish interpreter services, free of charge when requested, prior to board and committee meetings, workshops, and public hearings. Notification will be provided on the organization's website, within meeting notices, and on each agenda.

When appropriate, additional notification may be provided including:

- Signage;
- Public outreach materials;
- Partner outreach materials;
- Via community-based organizations; and
- Local Spanish newspapers and publications.

The need for additional notification will be determined, in part, by the nature of the meeting or event and the degree in which such assistance is anticipated.

D. Standard Notification Regarding Language Assistance

As previously noted, all advertisements for public meetings sponsored by the MTPO will contain the following language:

Title VI and LEP Plan | 2025

"Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services, which are provided at no cost, should contact Alachua County Equal Opportunity Office at (352) 374-5275 or email jac@alachuacounty.us at least three (3) business days prior to the event."

E. Staff Training

The MTPO will incorporate the LEP Plan into the PPP. Staff will be properly trained in LEP procedures to provide meaningful access to information and services for LEP individuals. Staff will assist in person as well as by telephone when requested.

F. Providing Notice to LEP Persons

It is important to notify LEP persons of services available free of charge in a language the LEP persons would understand. The MTPO will provide meeting notifications in English and Spanish where appropriate. The MTPO will state in outreach documents that language services are available.

G. Dissemination of the MTPO Limited English Proficiency Plan

The MTPO will post the LEP Plan on its website at: www.acgnavmobility.org/. Any person may obtain copies/translations of the plan upon request.

H. Additional Resources

Serving as additional resources to staff, the following organizations will be called as needed based on individual circumstances:

- American Translators Association: www.atanet.org
- National Virtual Translation Center: www.nvtc.gov

I. Monitoring and Updating the LEP Plan

At a minimum, the MTPO will review and evaluate the plan annually to ensure compliance of federal laws and various nondiscrimination regulations. The MTPO will make appropriate changes, as needed, to ensure effectiveness. For questions or concerns regarding the MTPO's commitment to nondiscrimination or to request LEP services, contact:
