ARTICLE 23: CONTRACT PRICE ADJUSTMENTS

Price Decreases

If Contractor's Direct Cost decreases at any time during the full term of this award, Contractor must immediately pass the decrease on to H-GAC and lower its prices by the amount of the decrease in Direct Cost. (Direct Cost means Contractor's cost from the manufacturer of any item or if Contractor is the manufacturer, the cost of raw materials required to manufacture the item, plus costs of transportation from manufacturer to Contractor and Contractor to H-GAC. Contractor must notify H-GAC of price decreases in the same way as for price increases set out below. The price decrease shall become effective upon H-GAC's receipt of Contractor's notice. If Contractor routinely offers discounted contract pricing, H-GAC may request Contractor accept amended contract pricing equivalent to the routinely discounted pricing.

Price Increase

Contractors may request a price increase for items priced as Base Bid items and Published Options. The amount of any increase will not exceed actual documented increase in Contractor's Direct Cost and will not exceed 10% of

the previous bid price. Considerations on the percentage limit will be given if the price increase is the result of increased tariff charges or other governmental actions, or other economic factors. Manufacturer price/contract changes involving the sale of motor vehicles will be considered and may be allowed during the entire contract period subject to submission and verification of the proper documentation required for a contract change as referenced in this section.

Price Changes

Any permanent increase or decrease in offered pricing for a base contract item or published option is considered a price change. Temporary increases in pricing by whatever name (e.g., 'surcharge', 'adjustment', 'equalization charge', 'compliance charge', 'recovery charge', etc.), are also considered to be price changes.

For published catalogs and price sheets as part of an H-GAC contract, requests to amend the contract to reflect any new published catalog or price sheet must be submitted whenever the manufacturer publishes a new document. The request must include the new catalog or price sheet. All Products shall, at time of sale, be equipped as required under any then current applicable local, state, and federal government requirements. If, during any contract, changes are made to any government requirements which cause a manufacturer's costs of production to increase, Contractor may increase pricing to the extent of Contractor's actual cost increase. The increase must be substantiated with support documentation acceptable to H-GAC prior to taking effect. Modifications to a Product required to comply with such requirements which become effective after the date of any sale are the responsibility of the Customer.

Requesting Price Increase/Required Documentation

Contractor must submit a written overview of changes requested and reasons for the request, stating the amount of the increase, along with an itemized list of any increased prices, showing the Contractor's current price, revised price, the actual dollar difference and the percentage of the price increase by line item. Price change requests must be supported with substantive documentation (e.g., notices from suppliers and manufacturers of pricing changes in products, components, transportation, raw materials or commodities, and/or product availability, copies of invoices from suppliers, etc.) clearly showing that Contractor's actual costs have increased per the applicable line-item bid. The Producer Price Index (PPI) may be used as partial justification, subject to approval by H-GAC, but no price increase based solely on an increase in the PPI will be allowed. This documentation should be submitted in Excel format to facilitate analysis and updating of the website. The letter and documentation must be sent to Lead Program Coordinator, james.glover@h-gac.com.

Review/Approval of Requests

If H-GAC approves the price increase, Contractor will be notified in writing; no price increase will be effective until Contractor receives this notice. If H-GAC does not approve Contractor's price increase, Contractor may terminate its performance upon sixty (60) days advance written notice to H-GAC, however Contractor must fulfill any outstanding Purchase Orders. Termination of performance is Contractor's only remedy if H-GAC does not approve the price increase. H-GAC reserves the right to accept or reject any price change request.

ARTICLE 2: END USER MASTER AGREEMENTS ("EUA")

H-GAC acknowledges that the END USER, which is the HGACBuy customer utilizing the contract (CUSTOMER and END USER may be used interchangeably) may choose to enter into an End User Master Agreement (EUA) with the Contractor through this Master Agreement. A CUSTOMER/END USER is a state agency, county, municipality, special district, or other political subdivision of a state, or a qualifying non-profit corporation (providing one or more governmental function or service that possess legal authority to enter into the Contract. The term of the EUA may exceed the term of the current H-GAC Master Agreement.

H-GAC's acknowledgement is not an endorsement or approval of the End User Master Agreement's terms and conditions. Contractor agrees not to offer, agree to or accept from the CUSTOMER/END USER, any terms or conditions that conflict with those in Contractor's Master Agreement with H-GAC. Contractor affirms that termination of its Master Agreement with H-GAC for any reason shall not result in the termination of any underlying EUA, which shall in each instance, continue pursuant to the EUA's stated terms and duration. Pursuant to the terms of this Master Agreement, termination of this Master Agreement will disallow the Contractor from entering into any new EUA with CUSTOMER/END USER. Applicable H-GAC order processing charges will be due and payable to H-GAC on any EUAs, surviving termination of this Master Agreement between H-GAC and Contractor.

Contractor shall provide its most favorable pricing and terms to H-GAC. If at any time during this Master Agreement, Contractor develops a regularly followed standard procedure of entering into Master Agreements with other governmental customers within the State of Texas, and offers the same or substantially the same products/services offered to H-GAC on a basis that provides prices, warranties, benefits, and or terms more favorable than those provided to H-GAC, Contractor shall notify H-GAC within ten (10) business days thereafter, and this Master Agreement shall be deemed to be automatically retroactively amended, to the effective date of Contractor's most favorable past Master Agreement with another entity. Contractor shall provide the same prices, warranties, benefits, or terms to H-GAC and its CUSTOMER/END USER as provided in its most favorable past Master Agreement. H-GAC shall have the right and option at any time to decline to accept any such change, in which case the amendment shall be deemed null and void. If Contractor claims that a more favorable price, warranty, benefit, or term that was charged or offered to another entity during the term of this Master Agreement, does not constitute more favorable treatment, than Contractor shall, within ten (10) business days, notify H-GAC in writing, setting forth the detailed reasons Contractor believes the aforesaid

offer is not in fact most favored treatment. H-GAC, after due consideration of Contractor's written explanation, may decline to accept such explanation and thereupon this Master Agreement between H-GAC and Contractor shall be automatically amended, effective retroactively, to the effective date of the most favored Master Agreement, to provide the same prices, warranties, benefits, or terms to H-GAC and the CUSTOMER/END USER.

Further, Contractor agrees to encourage entities who are not members of H-GAC's Cooperative Purchasing Program to execute an H-GAC Interlocal Master Agreement. H-GAC reserves the right to take appropriate actions including, but not limited to, Master Agreement termination if Contractor fails to promptly remit the appropriate order processing charge to H-GAC. In no event shall H-GAC have any liability to Contractor for any goods or services a CUSTOMER/END USER procures from Contractor. United States Department of Agriculture (USDA) Natural Resources Conservation Service (NRCS) Public Notice
Notice of Availability of the Draft Environmental Assessment (EA)
Brookglen Stormwater Detention Basin, B512-02-00-E001
Harris County Flood Control District
Harris County, Texas

NR197442XXXXC044

To: All interested Federal, State, and Local Agencies, Groups, and Individuals

Interested persons are hereby notified that the USDA's NRCS has awarded Harris County Flood Control District (Flood Control District) grant funds for the purpose of constructing a stormwater detention basin in Harris County, Texas. The project will be funded under the Emergency Watershed Protection Program, for infrastructure improvements under NR197442XXXXC044. In compliance with the National Environmental Policy Act (NEPA) of 1969, National Historic Preservation Act (NHPA), Executive Order 11988, Executive Order 11990, and USDA Departmental Regulation 9500-3, Land Use Policy, an Environmental Assessment (EA) was prepared to assess the potential impacts of the Proposed Action on the human and natural environment. The purpose of this notice is to inform the public of this Proposed Action and request comments concerning the scope of work and environmental effects outlined in the draft EA.

The project area consists of the Brookglen subdivision located in southeast Harris County with Spencer Highway to the north, Venture Lane to the south, Canada Road to the east, and Willow Springs Bayou (B112-00-00) to the west. The Brookglen subdivision was constructed in the late 1970s through the early 1990s within the floodplain of Willow Springs Bayou, a tributary of Armand Bayou. Since its construction, multiple flood events have been recorded in the area. To restore the floodplain and reduce flood risk within the Armand Bayou watershed, a portion of the Brookglen subdivision will be converted into a two-compartment, dry-bottom detention basin that will outfall into Willow Springs Bayou and Tributary to Willow Springs Bayou (B112-02-00). The proposed Brookglen Stormwater Detention Basin (SWDB) project, HCFCD Project ID B512-02-00-E001 (project), consists of approximately 14.3 acres, which includes the construction of a dry-bottom detention basin with approximately 50.4 acre-feet (ac-ft) of stormwater storage capacity intended to mitigate flooding in the watershed. The purpose of this project is to reduce floodwater elevations and floodplain extent under a 10-year flood event.

Information about this project was disseminated to the public during two Community Engagement Meetings. The first was a virtual meeting held online at www.hcfcd.org via Webex on Thursday, October 15, 2020. The second was a virtual meeting held online at www.hcfcd.org via Webex on Thursday, May 5, 2022. Video recordings of these two meetings can be found at the website listed below.

The draft EA is available for review at the Flood Control District's main office located at 9900 Northwest Freeway, Houston, Texas 77092, online at <https://www.hcfcd.org/B512-02-00>, and by request through the email listed below. For comments or questions on the proposed action and associated impacts, please contact the Flood Control District's Projects and Studies hotline, at 346 286-4040. The draft EA will be posted for 30 consecutive days. Written comments may be submitted via email to communications@hcfcd.hctx.net or through the website listed above. Comments must be received within 45 days of this notice for consideration.

1. Summary and Timeline

1.1. Summary

The Cooperative Purchasing Program (HGACBuy) of the Houston-Galveston Area Council of Governments is soliciting offerings for the furnishing of products/services as described in this Solicitation. Texas Local Government Code (Title 7, Chapters 771 and 791) establishes the authority for H-GAC to provide cooperative contract products and services to Texas local governments and in other states if their statutes allow. With that authority, H-GAC makes varied categories of contracted products and services available.

1.2. Background

About the Cooperative

H-GAC is a government agency which provides a Cooperative Purchasing Program as part of its service to other government agencies. The Program currently makes blanket type contracts covering products and services for the use of its membership of more than 9000 local government participants in Texas and other States (Customers) which include cities, counties, emergency services districts, school districts, and non-profit organizations. Any local government or non-profit organization may participate in the Program if their state law allows. There is no cost to join and become a member of the H-GAC Cooperative Purchasing Program.

H-GAC's Cooperative Purchasing Program, known as HGACBuy, was established pursuant to Texas Interlocal Cooperation Act [Texas Local Government Code, Title 7, Chapter 791]. The Act allows local governments and certain non-profits to contract or agree under the terms of the Act to make purchases or provide purchasing services and other administrative functions appropriately established by another government entity. The Interlocal Contract (ILC) is the required legal document that establishes a link between the Customer (local governments and certain non-profits) and HGACBuy and gives the Customer access to HGACBuy contracts.

HGACBuy contracts are established based on the requirements of Texas Local Government Code, Chapter 252 and/or other applicable State of Texas or Federal procurement requirements. Products and services are contracted after having been subjected to either a competitive bid (ITB); competitive proposal (RFP); or Request for Qualification and Pre-Qualification (RFQ) depending on the category type.

Contracts are blanket type, usually for a term of two (2), three (3), or four (4) years. Use of HGACBuy for purchases by any Customer is strictly at the discretion of that entity. Customers issue purchase orders and pay the HGACBuy Contractor directly. The Customer also sends HGACBuy a copy of the purchase order and the Contractor is responsible for reporting the sale to HGACBuy as a contract requirement.

3.1. Contractor Orientation and Training

The Contact Person listed on Contractor Status and Contact Form or an alternate, will be required to participate in an H-GAC vendor orientation and training as soon as possible after contract execution. In addition, other Contractor's staff who will be involved in any way with the HGACBuy Program should participate in orientation. The orientation may be presented as a teleconference or webinar or may be held in H-GAC's offices as determined by H-GAC and Contractor to be the most efficient and effective form of delivery. Please visit <https://www.hgacbuy.org/events> for more information.

3.2. Nationwide Sales Opportunity

HGACBuy contracts provide various products and services to local governments and qualifying non-profits throughout the nation, and desires to make established contracts available to Customers wherever and whenever practicable. Once a contract is executed, Contractor is expected to expand the scope of its marketing effort to include sales to Customers in all areas of the United States. Please also view important guidelines and additional information regarding marketing the program at: <https://www.hgacbuy.org/marketing>.

3.3. Corporate/Sales Commitment

Contractor is required to make some basic commitments to ensure the overall success of the HGACBuy program. By submission of a response, Respondent agrees that HGACBuy has the support of senior management and HGACBuy will be the primary government contracting vehicle when offering services/products awarded from this solicitation to eligible Customers nationwide. A further commitment to aggressively market the program, both independently as well in partnership with HGACBuy.

3.4. Manufacturer as Respondent

If Respondent is a manufacturer or wholesale distributor, the response received will be evaluated based on a response made in conjunction with that manufacturer's authorized dealer/reseller network. Unless stated otherwise, a manufacturer or wholesale distributor Respondent is assumed to have a documented relationship with their dealer/reseller network where that network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this Solicitation on behalf of the manufacturer or wholesale distributor Respondent. Any listed dealer/reseller will be considered a sub-contractor of the Respondent. The relationship between the manufacturer and wholesale distributor Respondent and its dealer/reseller network must be indicated at the time of the submission.

3.5. Dealer/Reseller as Respondent

If Respondent is a dealer/reseller of the products/services proposed, the response will be evaluated based on the Respondent's authorization to provide those products and services from the manufacturer.

3.6. Approval by Manufacturer

Any awarded contractor must be approved by the manufacturer to sell, install, and service the brand of equipment submitted. Respondents to this solicitation must submit an approval letter from each manufacturer; authorization letters must include the regions in which equipment may be sold or serviced.

3.7. Structure of Response

Depending on the Product or Service, market structures and sales practices can differ substantially. For example, dealers may sell into any market or may be restricted to certain territories, manufacturers may sell direct or be limited by law to selling through independent dealerships, etc. H-GAC's objective is to ensure that Customers, no matter where located, can buy contracted products/services and receive quality and timely service and support, while allowing for the most appropriate and effective response to this Solicitation. Responses to this Solicitation will only be accepted in conformance with the below scenarios and requirements. **Note: Respondent can only be a party to one response structure.**

- A. **Single Respondent Acting Alone Or As "Lead" For A Group:** Respondent must complete and sign a Signature Page and all other required forms and, if contracted, will be solely responsible for all contractual requirements including administration, processing of purchase orders and handling of payments for transactions which may involve other dealers/distributors who deliver the products or services. Unless stated otherwise, a manufacturer or wholesale distributor Respondent is assumed to have a documented relationship with their dealer network where that dealer network is informed of, and authorized to accept, purchase orders pursuant to any Contract resulting from this Solicitation on behalf of the manufacturer or wholesale distributor Respondent. Any listed dealer will be considered a sub-contractor of the Respondent. The use of any dealer or reseller is not required if manufacturer or distributor does not employ such.
- B. **Multiple Respondents Acting Jointly:** A single Response will be submitted, and each party to the Response must complete and sign a Signature Page and all other required forms must be included in the single Response. If the Response is successful, each party will sign a separate contract with H-GAC and will be individually responsible for compliance with all terms and conditions. Only those parties which have executed a contract with H-GAC are authorized to process purchase orders for sales and payments under the HGACBuy program.

Contractor may sell through HGACBuy anywhere subject to compliance with applicable laws and regulations. If the market structure in which Contractor operates requires a contract assignment for any sale, in certain limited circumstances, H-GAC may allow the contract to be assigned to a Manufacturer or another Dealer(s). Such assignment must be specific and detailed and must be approved by the

Contractor and H-GAC. Once assigned, the Contractor and assignee may NOT sell or service the same product line or category.

Depending on the structure of the network, H-GAC recognizes in some cases it may be necessary for the Purchase Order to be issued in the name of the reseller/dealer, etc., however the reseller, dealer, etc. is recognized only as a sub-contractor and will not receive a separate contract award or be assigned any portion of the contract. Any Lead Respondent utilizing a dealer/reseller network who is awarded a contract will be responsible for the processing of the Purchase Order through the network and the activities of the sale, reporting requirements, and remittance of applicable order processing fees

3.8. Contractor Status

- D. The Contractor and the HGACBuy member agree on a Purchase Order. Purchase Orders/Supplemental Contracts are reported and sent by individual HGACBuy members to the Contractor and to HGACBuy, where pricing is confirmed against the contract, an Order Confirmation is issued to the HGACBuy Member and copies of the Purchase Order/Supplemental Contract are logged and filed.

10. Evaluation Process

In the event of any tie bids H-GAC may award a contract by drawing lots or by awarding to multiple contractors. If time permits the bidders involved shall be given an opportunity to attend the drawing. The drawing must be witnessed by at least three (3) persons and the contract file must contain the names and addresses of the witnesses and the person supervising the drawing. When an award is made by drawing by lot after receipt of equal low bids, the buyer must describe how the tie was broken by providing a written statement that the contract award was made in accordance with the circumstances justifying the priority used to break the tie or select bids for a drawing by lot. This does not prohibit H-GAC from rejecting all bids.

An evaluation committee may consist of representatives from H-GAC and other stakeholders. The committee members will individually evaluate and numerically score each submission in accordance with the evaluation criteria section of this Solicitation. Submissions will be evaluated based on a total top score of 100. The committee members will individually evaluate and numerically score each submission in accordance with the evaluation criteria section of this Solicitation. Respondents with a score of at least **70** may be eligible for a contract award recommendation, at the sole discretion of H-GAC.

11. Presentation / Demo/ Interview and Best and Final

Presentation / Demonstration / Interview: The evaluation committee reserves the right to request and require that each Respondent provide a final presentation/demonstration/interview regarding submission at a scheduled date and time. No Respondent is entitled to this opportunity, and no Respondent will be entitled to attend the presentation/demonstration/interview of any other Respondent. The purpose of the presentation/demonstration/interview is to inform the work of the evaluation committee. If necessary, Respondents may be required to make more than one presentation/demonstration/interview. Interviews can incorporate clarifying questions of the evaluation committee and H-GAC reserves the right to utilize the information to complete final scoring of proposals after the presentation/demonstration/interview. During this process, the proposer cannot incorporate, or present new information not contained in the original submitted proposal.

Best and Final Offer (BAFO): H-GAC reserves the right to request a Best and Final Offer from finalist Respondent(s), if it deems such an approach necessary. In general, BAFO would consist of updated costs and answers to specific questions that were identified during the evaluation. If H-GAC chooses to invoke this option, Submissions would be re-evaluated by incorporating the information requested in the BAFO document, including costs, and answers to specific questions presented in the document. The specific format for the BAFO would be determined during evaluation discussions. Turnaround time for responding to a BAFO is usually brief (i.e., five (5) business days).

12. Selection / Final Approval and Award

A recommendation will be presented to the H-GAC Board of Directors for approval to execute a contract. H-GAC reserves the right to award based on the best interests of H-GAC, whether that be single or multiple awards. However, the final approval and selection of award lies with the Board of Directors. H-GAC reserves the right to delay that date as needed and to reject any and all submissions as deemed in its interest. H-GAC reserves the right to require the awarded Contractor attend a post award meeting with H-GAC staff and/or other designated persons at H-GAC offices in Houston, Texas within thirty (30) calendar days after the award. The purpose of the meeting will be to discuss the terms and conditions and to provide additional information regarding the work tasks and requirements. Awarded Contractor and H-GAC will identify specific goals, strategies and activities planned for meeting program objectives.

H-GAC reserves the right to accept or reject, in whole or in part, any or all responses received and to make an award on the basis of individual item, combination of items, or overall best value response, as it is deemed in the best interest of H-GAC and its Customers.

13. Debrief / Protest

Requesting a Debrief: Requests for a debriefing must be made in writing to HGACBuySolicitations@h-gac.com within five (5) working days after notification of non-selection. H-GAC reserves the right to not conduct debriefings if requests are made after that time. This procedure is NOT available to Respondents who did not participate in the selected Solicitation, to non-responsive or non-timely Respondents, or when all submissions are rejected.

Resolution of Protested Solicitations: Any Respondent who is aggrieved in connection with a purchase transaction may file a grievance. The grievance may be filed at any phase of the procurement, and up to five (5) days after the H-GAC Board of Directors public agenda is posted for action regarding the questioned item. Grievances filed more than five (5) working days after action by the H-GAC Board of Directors will not be deemed timely and will not be considered. In order for a Respondent to enter the grievance process, a written complaint must be sent to the Deputy Assistant Director of H-GAC by certified mail and sent to 3555 Timmons Lane, Houston, Texas 77027, which includes the following:

- A. Name, mailing address and business phone number of the complainant.
- B. Appropriate identification of the procurement being questioned.
- C. A precise statement of the reasons for the protest.
- D. Supporting exhibits, evidence, or documents to substantiate any claims.

The grievance must be based on an alleged violation of H-GAC's Procurement Procedures, a violation of State or Federal Law (if applicable), or a violation of applicable grant or contract agreements to which H-GAC is a party. Failure to receive a procurement award from H-GAC in and of itself does not constitute a valid grievance. Upon receipt of grievance, the Deputy Executive Director will initiate the informal resolution process.

The Procurement and Contracts Department will contact the complainant and all interested parties and attempt to resolve the allegations informally within ten (10) working days from the date of complaint. If the allegations are successfully resolved by mutual agreement, documentation will be forwarded to the Deputy Executive Director of the resolution with specifics on each point addressed in the original complaint.

If the Procurement and Contracts Department is not successful in resolving the allegations, the complaint, along with the comments, will be forwarded to the Deputy Executive Director immediately. The Deputy Executive Director will review all documentation. All interested parties will be given written notice of the date, time, and place of hearing and an opportunity to present evidence. A written decision will be issued within five (5) working days after the hearing along with notice of appeal rights.

The complainant may appeal the Deputy Executive Director's decision by submitting a written appeal, within five (5) working days, to the Executive Director of H-GAC. The Executive Director, upon receipt of a written notice of appeal, will contact the complainant and schedule a hearing within ten (10) working days. The Executive Director of H-GAC has the option of appointing a Hearing Officer to preside over the hearing. If appointed, the Hearing Officer will conduct a hearing and forward a summary and recommended resolution to the Executive Director.

The decision reached by the Executive Director or his designee will be final and conclusive. This decision will be forwarded to the complainant in writing within thirty (30) working days.

The Respondent may, if it elects to do so, appeal the final and conclusive decision of the Executive Director to a court of competent jurisdiction.
