Kristina,

I am not sure how Public Works was going to actually get the additional funding from the department.

I thought it would be from an increase in the amount charged via internal service accounts, like when repairs and fuel are charged back to the departments.

If you are just adding the normal account for a vehicle to the PO, in conservation lands it is:
001.41.4160.537.64.00

There isn't any budget in that line at the moment, but if let us know how much is needed, OMB can move it into that account.

Let me know if you have questions Kristina.

Kristina - Mo told me they would still honor these PO's previously approved, however, I don't know the specifics on how it was to be paid.
