# BoCC Motion/Discussion

December 10, 2024: To discuss community centers in a broad conversation as several of them are struggling in the current economy

# Community Resource Center Definition

A public location where members of a community gather for group activities, social support, public information, and other purposes. They may be open for the whole community or for a specialized subgroup within the greater community. Community centers can be religious in nature, such as Christian churches, Islamic mosques, Jewish synagogues, Hindu temples, or Buddhist temples; though they can also be secular and in some cases government-run, such as youth clubs or senior centers.

1. That staff identify for the Commission of the list which of these entities are municipally run versus run by nonprofits and/or volunteers, 501c(3) and provide that back to the Commission by email is fine.
2. Request any operating budgets that May or May not exist relating to these entities and provide that back to the Commission by email is fine.
3. That the Commission refer to staff to work with the Community Foundation and the Children's Trust and develop recommendations with regards to both the amount and a method or process for potential funding in fiscal year 2025-2026.
4. Staff be utilized to help these organizations gather that information.
5. Explore opportunities to utilize surplus and government access to resources and software for support of these centers.
