**Background:**

The CCAC was established in November 2019 to assist and advise the County, the City of Gainesville, and other municipalities within Alachua County on bold and innovative climate adaptation and mitigation strategies, policies, and target goals and to promote a greater community awareness of climate-related issues and initiatives. The Board made a motion on February 11, 2025, that included a request for the CCAC to consider adding a youth member to the committee. This agenda item is a request to adopt a resolution that allows for the CCAC to have a voting youth member added to the committee.
