Sequence No. ACS-«SeqNum»
Parcel ID#: «PID»
Legal Description: «LegalDesc»

*****NOTICE TO GOVERNMENT PROPERTY OWNER*****

Dear Alachua County Government Property Owner:

The past decade has brought increasing recognition of environmental impacts associated with stormwater runoff from developed property, including water pollution, flooding, and collection of standing water on our streets and other property. Alachua County (the "County") has initiated efforts to improve stormwater management services and provide a dedicated funding source to restore clean water to local creeks, lakes, springs, rivers, and our drinking water aquifer. Stormwater management services also include County maintenance of stormwater drainage infrastructure to reduce flooding.

The Stormwater Service Assessments and Stormwater Service Fees are based upon the estimated amount of stormwater runoff generated by impervious surface on the property. Impervious surfaces include rooftops, patios, driveways, parking lots, and similar areas. The County has determined that the median single-family residence in the County includes 4,011 square feet of impervious surface, which is the value of one "equivalent residential unit" or "ERU Value." Single family residential parcels are categorized into one of four tiers based on the estimated amount of impervious area associated with each parcel (computed by using the building footprint of the residence).

Condominium parcels are charged generally by calculating the total number of ERUs applicable to the condominium complex as a whole, then dividing that total number of ERUs by the total number of condominium residential units on the property. For general parcels, such as commercial or governmental properties, the number of ERUs has been calculated individually for each parcel of property by dividing the total impervious surface area by 4,011 square feet.

The annual Stormwater Service Fee rate for government properties for the upcoming Fiscal Year and for future fiscal years without further notice will be \$60.00 for each ERU. It is estimated that the County will collect \$3.600,000 from the Stormwater Service Assessments and Stormwater Service Fees for Fiscal Year 2025-26.

Copies of the Ordinance, Initial Assessment Resolution, Final Assessment Resolution and Preliminary Assessment Resolution Initiating the annual process of updating the assessment roll and reimposing the stormwater service fees and assessments, and the updated stormwater assessment roll are available for inspection at the Alachua County Environmental Protection Department, 14 NE 1st St, Gainesville, Florida 32601.

The following provides information about the above parcel:

The number of ERUs on the above parcel is «ERUText».

The Annual Stormwater Service Fee for the above parcel for Fiscal Year 2025-26 and future fiscal years without further notice is \$«TotalChargeText».

The County Commission will hold a public hearing at 5:01 p.m. or as soon thereafter as it may be heard on September 11, 2025, in Room 209, 2nd Floor of the Alachua County Administration Building, 12 S.E. 1st Street, Gainesville, Florida, to receive comments on the proposed Stormwater Service Assessments, including their collection on the ad valorem tax bill, and the Stormwater Fees imposed against government property. You are invited to attend and participate in the hearing. You may also file written objections with the Board within twenty (20) days of the date of this notice. Please include your name, parcel number, and the reason for your objection on all written objections as follows: The Alachua County Board of County Commissioners, Attn: Stormwater Service Fee, 12 S.E. 1st Street, Gainesville, FL 32601. If you decide to appeal any decision made by the Board with respect to any matter considered at the hearing, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, if you need a special accommodation or an interpreter to participate in this proceeding, please contact the Alachua County Equal Opportunity Office, at (352) 374-5275 or TDD number (352) 374-5286.

The Stormwater Service Fee will be collected by a separate bill to be mailed by the County in November. Failure to pay the Stormwater Service Fee may force the County to take alternative action to collect the stormwater service fee.

If you have any questions regarding the number of ERUs assigned to your property or the amount of the Stormwater Fee, please contact the Alachua County Stormwater Hotline by telephone at (352) 264-6850 or email at stormwater@alachuacounty.us.

*****THIS IS NOT A BILL*****
