STATEMENT READ BY THE CHAIR:

The following statement was read into the record by Ivy Bell, "Welcome to the July 17, 2025, meeting of the Alachua County Development Review Committee, which is now called to order. The purpose of this Committee is to approve, approve with conditions, or deny proposed development in Alachua County in accordance with the Comprehensive Plan and the Unified Land Development Code requirements. The DRC is governed in accordance with its Rules of Procedure adopted on July 9th, 2024, by Resolution 2024-53. The Committee was established by Ordinance 05-10, known as the "Alachua County Unified Land Development Code".

The DRC has no authority to change zoning of property or to change any existing ordinances or regulations. Approval of zoning or amendments to ordinances can only be done by the Alachua County Board of County Commissioners. The DRC members are not directly involved with the detailed review of the DRC development applications. The DRC shall take final action on all items specified in the Unified Land Development Code and specifically Section 401.17, and if further action is required by the Board of County Commissioners, then the date and time of such meeting will be provided to you.

Appeals of all development orders and other applications included in the Unified Land Development Code shall be by petition for writ of certiorari filed in the Circuit Court for Alachua County within 30 days of the date of the final development decision, except as otherwise provided in Florida Statute.

When we call the item represented on the agenda, staff will provide the staff report, then the applicant will come forward and make their presentation, followed by public comments. All

persons wishing to participate and speak on an issue at the DRC meeting have the right, through the Chair, to ask questions, seek clarification of comments made and to respond to the comments or presentations of staff or other speakers; or refute or respond to any ex-parte communication. All persons who present written materials to the DRC for consideration must ensure that a copy of those materials is provided to the Clerk for inclusion in the Committee's record of proceedings and official minutes.

For individuals or entities that have properly requested to participate in a quasi-judicial public hearing as a party, we will review the requests before each quasi-judicial item is called. The County Attorney's Office will make a recommendation to the DRC regarding who should be granted party status and the DRC will consider the information provided and make a final determination as to party status for each individual or entity. Generally, a party is an individual or entity that is more directly or more substantially affected by the decision today than the member of the public at large.

Will the County Attorney please poll the Committee to declare any ex-parte communications?"

EX PARTE DISCLOSURE

The following question was read into the record by Corbin Hanson: "Has any member of the board received any written or oral communication regarding any of the items on the Development Review Committee agenda today?". There were none declared.

PARTY STATEMENT

Corbin Hanson read the party statement into the record.

Ivy Bell asked the Clerk to swear in all persons wishing to speak at today's hearing.

SWEARING IN
