	<p>Notes: Srin provided overview of the LRTP process, LRTP goal development and meeting schedule. and the needs plan. Leyi Zhang provided overview of the process for the needs assessment and scoring methodology. Srin discussed the scenario analysis. Mike E. asked if 2050 mirrored the 2045 LRTP. Srin noted there was an increased multimodal focus. Capacity projects are similar. Mike E. asked if micromobility was incorporated into the analysis. Occurring in both dedicated and general-purpose lanes. Also asked about transit box funds for implementing TDP and funding for bike plan. Noted plans must be revenue sensitive. Srin noted they are all consider in the multimodal needs. Leyi indicated that micromobility was considered in vulnerable road users. Mike E. Commented on post-covid impacts on commutes. Did resultant infill impact TAZs. Srin indicated that it did. Harrar asked about the tables and whether it indicated priority. Leyi responded that it was not purely a prioritization yet.</p> <p>Ch Steiner asked about the impact of going county-wide. Srin noted it didn't change the process but added participation and projects considered. Leyi indicated there were more agency projects identified in the needs plan. SIS projects were included before. (e.g. 75). Steiner asked about small cities. Srin indicated they did provide some projects. Steiner questioned equating economic vitality with mobility and not multimodal. Should include accessibility in activity centers and employment. Srin/Leyi – they did consider accessibility in low-income areas. The TAC recommendation to remove certain project from the E+C if not funded in 5 years for construction. And certain project that were include in the needs list were in city plan but county roads not in the county plans that would be removed.</p> <p>Brad and Srin explained the recommendation of the TAC. Escalante offered motion with addition of consideration of boxed funds. Harrar recommended substitute motion of approval of list with revisions as recommended by the TAC</p>
