Alachua County Commission

Re: Environmental Protection Advisory Committee vacancies

From:

George DeLoach
8910 NW 4th PL
Gainesville, FL 32607

I am interested in volunteering for the Alachua County Environmental Advisory Board position. While I acknowledge the county's rapid growth, I believe that it should be done in an orderly and environmentally protective way.

As the president of the Friends of Paynes Prairie Board of Directors, I work almost daily to help ensure that the park is protected and preserved for future generations. That focus caused me to look outward to the needs of Alachua County as it grows.

I have been a resident of Alachua County since 1996 and remember when Gainesville had a population of fewer than 100,000 people. Everything changes and, again, I understand that those changes have been and will be inevitable. But we need people who will keep an eye out for our environment, now and into the future, as that growth proceeds.

I have included my work history resume. I retired in 2020 after having long careers in law enforcement and sales.

Please consider my application for the Board position. My phone number is 352-281-8340.

Thank you

A handwritten signature in cursive script that reads "George DeLoach".

EXPERIENCE

Sales/Marketing

- Performed both retail and wholesale sales to a variety of consumers and businesses for over 30 years.
- I operated my own business selling automotive repair equipment to dealerships and independent repair shops with annual sales exceeding \$2M.
- As the Service Manager for Boerne Marine, I was also responsible for ordering, receiving, organizing displays, and selling retail products to our customers.
- Sold boats, outboard engines and cars to consumers and businesses.
- Established and maintained dealer networks for 3 boat manufacturers.
- Excelled at the use of consultative sales techniques, listening to the customer's needs, and then making suggestions to fill those needs, always looking for ways to up-sell the customer to satisfy his needs while optimizing profits.
- Built successful, long-term business relationships which led to increased market share in both large and small territories.
- Provided valuable service to customers beyond their expectations thus leading to a solid, loyal customer base and a steady stream of repeat business.
- Use of computer research, cold calling, and networking to generate leads.
- Tracked follow-up contacts and aggressively pursued leads thus insuring a high rate of closing.
- Formulated and made presentations to dealer/owners, business managers and CEOs.
- Created and presented sales training programs (Maverick University) to elevate the product knowledge of dealer level sales staff.
- I am known for taking ownership of my work. This starts with an impeccable reputation regarding my work ethic. I am self-motivated with a history of working with little or no supervision.

Management

- Supervised 5 employees at Boerne Marine, including scheduling work hours, workloads, and insuring each employee had the necessary tools and parts to perform their duties
- Supervised the sales department (4 employees) at PowerTech! Propellers
- Managed all outside sales for Maverick Boat Company which included the dealer network throughout the Gulf and Atlantic States, from Texas to New England, which produced over \$45M in annual sales.
- Managed, or assisted with, the product development of three brands of inshore fishing boat lines, which included all phases of product design and implementation.
- Managed and participated in the creation of print, radio and television marketing campaigns.
- Managed multiple segments of a boat production facility which included product development, production, warehousing, purchasing, logistics, dealer development, marketing and sales.

- Managed customer service/warranty activities between dealers and retail consumers.

SKILLS

- Experience operating heavy equipment such as backhoe, front end loader, skid loader, trencher and forklift.
- I am proficient with Microsoft Excel, Word, Outlook Business Contact Manager, PowerPoint, Publisher, Adobe Photoshop.
- Built a reputation of working well with fellow employees to further company goals.
- Use computer and smart phone technology to stay organized and facilitate multitasking
