MEMORANDUM

To: Theodore "TJ" White, Jr., Procurement Manager

From: Gus Olmos, P.E., Director  5/5/25

Subject: Recommendation for Award of Annual Transporting and Disposal of Hazardous Waste Contract

The Solid Waste & Resource Recovery Department has reviewed the responses to ITB 26-193-MM for the Annual Transporting and Disposal of Hazardous Waste and determined that the bids were compliant with the bid documents and instructions.

Based on our review, we recommend that the bid be awarded to Clean Harbors Environmental Services, Inc. This recommendation is based on price, responsiveness to the bid requirements (list of suitable equipment, personnel, and operational plan), industry experience, and references. Clean Harbors is the lowest bidder by an estimated \$42,000.00 based on the extended prices of the ITB. Furthermore, a review of Clean Harbors' operational plan, references, and equipment list, along with our prior work experience with them, indicates they would be the best suited for our operational needs. Clean Harbors has clients that are either similar in size and scope to Alachua County or larger and have included Alachua County BOCC in the past.

The agreement is to begin October 1, 2025, and continue through September 30, 2027. The County has the option to renew the Agreement for two (2) additional two (2) year periods at the same terms and conditions outlined in the Agreement.

Please let me know if you have any questions or need additional information.
