

Metropolitan Transportation Planning Organization
For the Gainesville and Alachua County Area

Information Item 8.2

MV/ Paratransit Discussion

Metropolitan Transportation Planning Organization

For the Gainesville and Alachua County Area

October 6, 2025

MEETING MEMORANDUM

To: Metropolitan Transportation
Planning Organization Board

From: Alison Moss, Interim Executive Director

Subject: **MV/ Paratransit Discussion**

BACKGROUND

The City of Gainesville, who has previously contracted with MV Transportation for ADA paratransit services, has chosen to bring those services in-house starting January-March 2026. The funding provided by the City of Gainesville to MV Transportation is a significant portion of MV's total County services. MV Transportation has informed County staff that these changes may affect their ability to continue effectively provide Transportation Disadvantaged and other services in the County.

This agenda item will provide transportation-related forum for the City and County to discuss continued Transportation Disadvantaged and paratransit service in Alachua County.
