County Commission Redistricting Discussion

Presenter:

Jeffrey Hays, AICP

Description:

A discussion of citizen-submitted County Commission District map options.

Recommended Action:

Review the attached maps and direct staff on whether to maintain the existing adopted map or move forward with an ordinance to adopt another map option.

Prior Board Motions:

8/12/2025 Commissioner Prizzia moved to open up a public process for citizens to submit public maps regarding voting districts and release the shape files provided by our consultant Dan Smith. Passed unanimously

10/7/2025: **Commissioner Prizzia moved** to review maps 4 & 8 and the existing adopted Commissioner District map at an upcoming Board meeting. Passed unanimously

Fiscal Note:

There is no fiscal impact associated with the presentation.

Strategic Guide:

All Other Mandatory and Discretionary Services

Background:

The Board directed staff to open a citizen submittal process to offer members of the public to submit district map options. Of the submittals that staff received from the public, the Board requested to agenda a review of maps 4 and 8 as well as the existing adopted Commissioner Districts map. Those maps are attached to this agenda item. Any ordinance to amend the County Commission Districts would need to be adopted by November 20th.
