

## Unified Land Development Code Text Amendment

---

**SUBJECT:**

A request to advertise to amend the Unified Land Development Code (ULDC) to comply with bills passed during the 2025 Florida legislative session.

**APPLICANT/AGENT:**

Alachua County Growth Management

**STAFF RECOMMENDATION:**

1. Convene as the Land Development Regulation Commission and find the amendments consistent with the Alachua County Comprehensive Plan; and
2. Reconvene as the BoCC and approve the ordinance amending the Unified Land Development Code and authorize the Chair's signature.

**SUMMARY OF PROPOSED AMENDMENT**

The 2025 Florida legislative session concluded in June 2025. The purpose of the proposed amendments is to make the ULDC consistent with new legislation related to SB 700 (Farmworker Housing) and SB 954 (Certified Recovery Residences).

## **ANALYSIS OF THE PROPOSED TEXT AMENDMENTS**

### **Comprehensive Plan Consistency**

Staff find the proposed amendments to be internally consistent with the Alachua County Comprehensive Plan as a whole, and with the following policies, as applicable:

### **HOUSING ELEMENT**

#### **GOAL 1**

TO PROMOTE SAFE, SANITARY, AND AFFORDABLE HOUSING FOR ALL CURRENT AND FUTURE ALACHUA COUNTY RESIDENTS.

#### **OBJECTIVE 1.2**

**Policy 1.2.6** Alachua County shall provide flexibility for innovative housing design for non-traditional households and emerging home-based economic activities.

**Policy 1.2.7** Expand housing diversity to provide for the use of non-traditional housing development alternatives, such as cohousing.

#### **OBJECTIVE 1.3**

**Policy 1.3.8** Coordinate with fair housing programs to provide protections for renters and to overcome discrimination and disparities in access to housing.

#### **GOAL 3**

TO ENSURE ACCESS TO HOUSING OPPORTUNITIES FOR THOSE RESIDENTS WITH SPECIALIZED HOUSING NEEDS, ALACHUA COUNTY SHALL IMPLEMENT THE FOLLOWING POLICIES:

#### **OBJECTIVE 3.1**

Alachua County shall provide access to housing opportunities for groups identified as having special needs.

**Policy 3.1.1** Alachua County shall encourage and promote the opportunity for each person to obtain housing of their choice, without regard to race, color, ancestry, sex, familial status, marital status, age, disability, housing status, religion, or national origin. Alachua County shall provide policies and programs which will help alleviate conditions resulting from discrimination. Chief among these shall be the continued enforcement of its Fair Housing Ordinance.

**Policy 3.1.2** Alachua County shall continually review its development regulations to ensure that farmworker housing needs are addressed.

#### **OBJECTIVE 3.2**

ALACHUA COUNTY SHALL ENSURE THAT THE LAND DEVELOPMENT REGULATIONS CONCERNING THE PROVISION OF HOUSING FOR THOSE WITH SPECIAL NEEDS COMPLY, AT A MINIMUM, WITH THE

STATUTORY REQUIREMENTS, AND DO NOT PRESENT BARRIERS TO THE DEVELOPMENT OF SPECIAL NEEDS HOUSING.

**Policy 3.2.1** The development regulations shall allow densities for farmworker housing which may be in excess of the maximum densities shown on the Future Land Use Map. Such farmworker housing may be permitted by a special use permit or other appropriate mechanism to allow living accommodations of multiple farm employees and their families on one parcel without regard to duration, while performing agricultural labor.

**Policy 3.2.2** Alachua County may require farmworker housing which exceeds the density permitted on the Future Land Use Map to be provided by manufactured homes which can be removed once the need for provision of farmworker housing is no longer present. Such ordinance shall ensure that all appropriate federal, state and local regulations are met especially with regard to the provision of water and wastewater facilities.

## **ULDC Analysis and Review**

### **Farmworker Housing**

The proposed amendment updates Sec. 404.19 (farmworker housing) to be consistent with new legislation that states that governmental entities may not adopt or enforce any legislation, regulation, or ordinance to inhibit the construction or installation of housing for legally verified agricultural workers on land classified as agricultural land and which is operated as a bona fide farm.

Currently, farmworker housing requires a special exception (see Sec. 404.19 of the ULDC). In November 2024, the Board of County Commissioners adopted an ordinance (2024-16) that provided specific design requirements for farmworker housing. Therefore, Sec. 404.19 must be revised to be consistent with SB 700. Additionally, the zoning use table has been revised to show farmworker housing as an accessory use in all zoning districts.

### **Certified Recovery Residences**

The proposed amendment to the Alachua County Unified Land Development Code (ULDC) are to comply with recent changes in state legislation requiring local governments to adopt specific procedures for reviewing and approving *certified recovery residences* by January 1, 2026.

Certified recovery residences are designed to provide a safe, supportive, and structured living arrangement for individuals recovering from substance use disorders. These residences play a critical role in the continuum of care by offering housing stability and peer support for long-term recovery.

To ensure compliance, a new use titled “Certified Recovery Residence” has been added to the Use Table in Chapter 404, Article II. This use is designated as a limited use within the following zoning districts: agricultural, single-family residential, multi-family residential, residential/professional, as well as within Traditional Neighborhood Developments (TND) and Transit Oriented Developments (TOD).

Additionally, Section 404.29.5 has been added under Chapter 404, Article V Group Housing to establish review procedures for certified recovery residences. This section includes a process through which applicants may request a reasonable accommodation from County regulations or policies, when necessary, to prevent discriminatory impacts and ensure equal housing opportunities for individuals with disabilities, in accordance with the Fair Housing Amendments Act of 1988 and Title II of the Americans with Disabilities Act. To support clarity and consistency, a definition of “Certified Recovery Residence” referencing Florida Statute § 397.311 has been added to Chapter 410 Definitions.

## **FISCAL IMPACT ANALYSIS**

### **Impact on the Initial Cost of Housing and on the Long Term Cost of Home Ownership**

These proposed amendments will not cause an increase to the initial cost of housing and there would be no impact on the long term cost of home ownership.

### **Fiscal Impacts to the County and County Taxpayers**

There are no costs to the County or to County taxpayers resulting from these amendments.

## **STAFF RECOMMENDATION**

Staff recommend that the Board of County Commissioners direct staff to schedule a second public hearing for adoption of amendments to the ULDC.

Staff propose amending the ULDC text, as shown with words ~~stricken~~ as deletions and words underlined as additions, as follows:

### Sec. 404.19. Farmworker housing.

Farmworker housing is allowed as an accessory use on parcels with an agricultural classification by the Alachua County Property Appraiser's office for "legally verified agricultural workers" as defined in F.S. 163.3162 and consistent with the following:

#### **a) Farmworker housing standards**

Construction or installation of housing units for legally verified agricultural workers must satisfy all of the following criteria:

1. If, for any reason, a housing site is not being used for legally verified agricultural workers for longer than 365 days, any structure used as living quarters must be removed from the housing site within 180 days after receipt of written notification from the county unless the property owner can demonstrate that use of the site for housing legally verified agricultural workers will occur within 90 days after the written notification.
2. If the property on which the housing site is located ceases to be classified as agricultural land by the Alachua County Property Appraiser.
3. If the permit authorized by the Department of Health for the housing site is revoked, all structures must be removed from the housing site within 180 days after receipt of written notification from the county unless the permit is reinstated by the Department of Health.
