Background:

GEOSurfaces is the vendor from which the Mondo World Athletics Track at the Alachua County Sports and Events Center was purchased. GeoSurfaces has proprietary knowledge of this indoor track & field system and the ability to erect to ensure it meets the World Athletics standards. This vendor has been used to erect and disassemble the track since its first delivery and provided supervision on-site when the previous management group self-performed this work.

GEOSurfaces is the only known vendor in this region that can perform this function to World Athletics specifications and maintain the certification.

This purchase is exempt from the County's competitive bidding requirements pursuant to Section 22.3-302 (27) of the Alachua County Procurement Code, Single Source procurements in accordance with the Procurement Procedures Manual; however, since the dollar amount of the purchase exceeds the purchasing authority of the Procurement Manager, this is being submitted for Board consideration and approval.
