## MEMORANDUM

**To:** Theodore "TJ" White, Jr. NIGP-CPP, CPPB, Procurement Manager  
**From:** Leira Cruz Cáliz, NIGP-CPP, CPPB, Procurement Agent III *LCC*  
**Subject:** **INTENT TO AWARD**  
**ITB 26-47-LC Annual Roadway Construction for Milling and Resurfacing**

Solicitation Deadline: 2:00 PM, Wednesday, April 30, 2025  
Solicitation Notifications View Count: 890 Vendors  
Solicitations Downloads: 37 Vendors  
Solicitations Submissions: 6 Vendors

### Vendors:

Asphalt Paving Systems, Inc.  
Zephyrhills, FL 33541

Hicks Asphalt Paving & Concrete  
Trenton, FL 32693

Pavement Technology, Inc.  
Westlake, OH 44145-1515

Preferred Materials, Inc.  
Jacksonville, FL 32258

V.E. Whitehurst & Sons, Inc.  
Williston, FL 32696

Watson Construction Company LLC.  
Newberry, FL 32669

### RECOMMENDATION:

The Board to approve the bid award to Pavement Technology, Inc., Asphalt Paving Systems, inc. Hicks Asphalt Paving & Concrete and Watson Construction, based on work mix, pricing, availability, scheduling and responsiveness.

The actual bid award is subject to the appropriate signature authority identified in the Procurement Code.

**Vendor Complaints or Grievances; Right to Protest**

Unless otherwise governed by state or Federal law, this part shall govern the protest and appeal of Procurement decisions by the County. As used in Part A of Article 9 of the Procurement Code, the term “Bidder” includes anyone that submits a response to an invitation to bid or one who makes an offer in response to a solicitation (e.g., ITB, RFP, ITN), and is not limited solely to one that submits a bid in response to an Invitation to Bid (ITB).

- (1) *Notice of Solicitations and Awards.* The County shall provide notice of all solicitations and awards by electronic posting in accordance with the procedures and Florida law.
- (2) *Solicitation Protest.* Any prospective Bidder may file a solicitation protest concerning a solicitation.
  - (a) *Basis of the Solicitation Protest:* The alleged basis for a solicitation protest shall be limited to the following:
    - i. The terms, conditions or specifications of the solicitation are in violation of, or are inconsistent with this Code, Florida Statutes, County procedures and policies, or the terms of the solicitation at issue, including but not limited to the method of evaluating, ranking or awarding of the solicitation, reserving rights of further negotiations, or modifying or amending any resulting contract; or
    - ii. The solicitation instructions are unclear or contradictory.
  - (b) *Timing and Content of the Solicitation Protest:* The solicitation protest must be in writing and must be received by the Procurement Manager, [twhite@alachuacounty.us](mailto:twhite@alachuacounty.us) by no later than the solicitation’s question submission deadline. Failure to timely file a solicitation protest shall constitute a total and complete waiver of the Bidder’s right to protest or appeal any solicitation defects, and shall bar the Bidder from subsequently raising such solicitation defects in any subsequent Award Protest, if any, or any other administrative or legal proceeding. In the event a solicitation protest is timely filed, the protesting party shall be deemed to have waived any and all solicitation defects that were not timely alleged in the protesting party’s solicitation protest, and the protesting party shall be forever barred from subsequently raising or appealing said solicitation defects in a subsequent award protest, if any, or any other administrative or legal proceeding. The solicitation protest must include, at a minimum, the following information:
    - i. The name, address, e-mail and telephone number of the protesting party;
    - ii. The solicitation number and title;
    - iii. Information sufficient to establish that the protesting party has legal standing to file the solicitation Protest because:
      1. It has a substantial interest in and is aggrieved in connection with the solicitation; and
      2. That the protesting party is responsive, in accordance with the criteria set forth in the solicitation, unless the basis for the Solicitation Protest alleges that the criteria set forth in the solicitation is defective, in which case the protesting party must demonstrate that it is responsive in accordance with the criteria that the protesting party alleges should be used;
    - iv. A detailed statement of the basis for the protest;
    - v. References to section of the Code, Florida Statutes, County policies or procedure or solicitation term that the protesting party alleges have been violated by the County or that entitles the protesting party to the relief requested;
    - vi. All supporting evidence or documents that substantiate the protesting party’s alleged basis for the protest; and
    - vii. The form of the relief requested.
  - (c) *Review and Determination of Protest:* If the Solicitation Protest is not timely, the Procurement Manager shall notify the protesting party that the Solicitation Protest is untimely and, therefore, rejected. The Procurement Manager shall consider all timely Solicitation Protests and may conduct any inquiry that the Procurement Manager deems necessary to make a determination regarding a protest. The Procurement Manager shall issue a written determination granting or denying the protest. The written determination shall contain a concise statement of the basis for the determination.

(d) *Appeal:* If the protesting party is not satisfied with the Procurement Manager's determination, the protesting party may appeal the determination to the County Manager by filing a written appeal, which sets forth the basis upon which the appeal is based, including all supporting documentation. The scope of the appeal shall be limited to the basis alleged in the Solicitation Protest. The appeal must be filed with the Procurement Manager within five business days of the date on which the Procurement Manager's written determination was sent to the protesting party. Failure to timely file an appeal shall constitute a waiver of the protesting party's rights to an appeal of the Procurement Manager's determination, and the protesting party shall be forever barred from subsequently raising or appealing said Solicitation defects in a subsequent award protest, if any, or any other administrative or legal proceeding. After considering the appeal, the County Manager must determine whether the solicitation should stand, be revised, or be cancelled, and issue a written determination and provide copies of the determination to the protesting party. The determination of the County Manager shall be final and not subject to further appeal under this code.

(3) *Award Protest.* Any Bidder who is not the intended awardee and who claims to be the rightful awardee may file an award protest. However, an award protest is not valid and shall be rejected for lack of standing if it does not demonstrate that the protesting party would be awarded the Solicitation if its protest is upheld.

(a) *Basis of the Award Protest:* The alleged basis for an Award Protest shall be limited to the following:

- i. The protesting party was incorrectly deemed non-responsive due to an incorrect assessment of fact or law;
- ii. The County failed to substantively follow the procedures or requirements specified in the solicitation documents, except for minor irregularities that were waived by the County in accordance with this Code, which resulted in a competitive disadvantage to the protesting party; and
- iii. The County made a mathematical error in evaluating the responses to the solicitation, resulting in an incorrect score and not *protesting party not being selected for award*.

(b) *Timing and Content of the Award Protest:* The Award Protest must be in writing and must be received by the Procurement Manager, [twhite@alachuacounty.us](mailto:twhite@alachuacounty.us) by no later than 3:00 PM on the third business day after the County's proposed Award decision was posted by the County. Failure to timely file an Award Protest shall constitute a total and complete waiver of the Bidder's right to protest or appeal the County's proposed Award decision in any administrative or legal proceeding. In the event an Award Protest is timely filed, the protesting party shall be deemed to have waived any and all proposed Award defects that were not timely alleged in the protesting party's Award Protest, and the protesting party shall be forever barred from subsequently raising or appealing said Award defects in any administrative or legal proceeding. The Award Protest must include, at a minimum, the following information:

- i. The name, address, e-mail and telephone number of the protesting party;
- ii. The Solicitation number and title;
- iii. Information sufficient to establish that the protesting party's response was responsive to the Solicitation;
- iv. Information sufficient to establish that the protesting party has legal standing to file the Solicitation Protest because:
  1. The protesting party submitted a response to the Solicitation or other basis for establishing legal standing;
  2. The protesting party has a substantial interest in and is aggrieved in connection with the proposed Award decision; and
  3. The protesting party, and not any other bidder, should be awarded the Solicitation if the protesting party's Award Protest is upheld.
- v. A detailed statement of the basis for the protest;
- vi. References to section of the Code, Florida Statutes, County policies or procedure or solicitation term that the protesting party alleges have been violated by the County or that entitles the protesting party to the relief requested;

- vii. All supporting evidence or documents that substantiate the protesting party's alleged basis for the protest; and
  - viii. The form of the relief requested.
- (c) *Review and Determination of Protest:* If the Award Protest is not timely, the Procurement Manager shall notify the protesting party that the Award Protests is untimely and, therefore, rejected. The Procurement Manager shall consider all timely Award Protests and may conduct any inquiry that the county Procurement Manager deems necessary to resolve the protest by mutual agreement or to make a determination regarding the protests. The Procurement Manager shall issue a written determination granting or denying each protest. The written determination shall contain a concise statement of the basis for the determination.
- (d) Appeal:
- i. If the protesting party is not satisfied with the Procurement Manager's determination, the protesting party may appeal the determination to the County Manager by filing a written appeal, which sets forth the basis upon which the appeal is based. The scope of the appeal shall be limited to the basis alleged in the award protest. The appeal must be filed with the Procurement Manager within five business days of the date on which the Procurement Manager's written determination was mailed to the protesting party. Failure to timely file an appeal shall constitute a waiver of the protesting party's rights to an appeal of the Procurement Manager's determination, and the protesting party shall be forever barred from subsequently raising or appealing said award defects in any administrative or legal proceeding.
  - ii. After reviewing the appeal, the County Manager will issue a written final determination and provide copies of the determination to the protesting party. Prior to issuing a final determination, the County Manager, in his or her discretion, may direct a hearing officer, or magistrate, to conduct an administrative hearing in connection with the protest and issue findings and recommendations to the County Manager. Prior to a hearing, if held, the Procurement Manager must file with the hearing officer the protest, any background information, and his or her written determination. The protesting party and the County shall equally share the cost of conducting any hearing, including the services of the hearing officer. If applicable, the County Manager may wait to issue a written final determination until after receipt of the findings and recommendations of the hearing officer. The determination of the County Manager shall be final and not subject to further appeal under this code.
- (4) *Burden of Proof:* Unless otherwise provide by Florida law, the burden of proof shall rest with the protesting party.
- (5) *Stay of Procurements during Protests.* In the event of a timely protest, the County shall not proceed further with the solicitation or with the award of the contract until the Procurement Manager, after consultation with the head of the using department, makes a written determination that the award of the solicitation without delay is:
- (a) Necessary to avoid an immediate and serious danger to the public health, safety, or welfare;
  - (b) Necessary to avoid or substantial reduce significant damage to County property;
  - (c) Necessary to *avoid or substantially reduce interruption of essential County Services; or;*
  - (d) Otherwise in the best interest of the public.

## MEMORANDUM

**TO:** Theodore White, Jr., Procurement Manager

**FROM:** Ramon D. Gavarrete, P.E., Public Works Director

**RE: ITB 26-47; Annual Roadway Construction for Milling & Resurfacing**

Public Works has reviewed six bid responses submitted for the above-mentioned bid and has determined that four of the bids received are in compliance with the Department's bid documents and instructions.

Public Works recommend that the bid be awarded to the four vendors: Pavement Technology, Inc.; Asphalt Paving Systems, Inc.; Hicks Asphalt Paving & Concrete; and Watson Construction Company, LLC., based on work mix, pricing, availability, scheduling, and responsiveness.

The Department recommends the initial term of the task assignment-based agreement be through September 30, 2026, with the option to renew for three additional one-year periods.

Specific questions concerning the above bid may be referred to James (Tony) Flegert at (352) 548-1218.

### MEMORANDUM

**TO:** Leira Cruz Caliz, Procurement Agent III

**FROM:** James A. Flegert, P.E., Contracts and Design Manager

**RE: ITB 26-47; Annual Roadway Construction for Milling and Resurfacing**

On July 15, 2025, Public Works submitted a bid recommendation memo to your office stating that four of the six vendors submitting bids for ITB 26-47 were recommended for contract award. The two vendors not recommended were Preferred Materials, Inc. and V. E. Whitehurst & Sons, Inc. Both vendors were found to be non-responsive.

Both vendors were determined to be non-responsive for the same reason, neither provided unit pricing for MOT items listed in the bid. This question was raised during the bid advertisement when the following question was submitted:

*Can you please confirm that bidders are not required required [sic] to bid on all bid items and that it is acceptable to enter "no bid" for items not being priced?*

To this the following was responded:

*Bidders are not required to bid on all items. However, bidders will need to bid on items necessary to complete the type of work they plan to perform. For example, if the work mix being bid on requires lane closures, the vendor will be expected to provide a unit price on MOT items. This may require a subcontractor. It is understood that not all contractors provide all services being advertised. However, some of the projects that will be completed with this contract will require a variety of work types (such as pavement markings or concrete work). So, if a contractor bidding on this contract needs a unit price for non-paving work, a unit price should be provided on the bid form, even if that price is provided to the prime contractor by a subcontractor. If a unit price is not provided at the time of bidding and a contract is awarded, then it will impact the number and types of work orders issued to that contractor.*

Any traditional milling and resurfacing project will require lane closures. Lane closures necessarily require MOT as described in the ITB. Therefore, it is not possible to provide services for traditional asphalt paving work without providing MOT. Since the two vendors above did not

# Alachua County Public Works Department

---

**Ramon D. Gavarrete, P. E.**  
**Public Works Director**

supply these unit prices, they were deemed non-responsive and not recommended for award because without MOT, the department could not issue a work order under this contract.

Both vendors were contacted during the evaluation period to determine if the cost for MOT was included in the unit cost of other items, because if it was, then our office could've recommended award. V. E. Whitehurst & Sons, Inc. was contacted on June 10 and confirmed that MOT was not included in the submitted bid. Preferred Materials, Inc. was contacted on June 11 and confirmed on June 12 that MOT was not included in the submitted bid.

One of the vendors recommended for award, Pavement Technology, Inc. (PTI), also did not provide MOT pricing. This vendor was also contacted to find out if MOT pricing was included in the bid response for other items. During this contact, the vendor indicated that they did not provide MOT pricing because the items in the bid advertisement did not reflect the type of MOT that they utilize. PTI is a company that specializes in the application of asphalt rejuvenators. This is not a traditional paving process and is a moving operation in which a rejuvenating agent is sprayed on the asphalt surface. As this is a moving operation, lane closures aren't required, which are the MOT applications described in the bid advertisement. This type of operation would be covered by Index 102-607, Mobile Operations and was not considered by department staff when assembling the bid package. This was not an omission by the vendor and was deemed a technicality as described in **Section 2.5 Acceptance/Rejection of ITB** in the invitation to bid. Further, as PTI provides a non-traditional paving service that is not in competition with other vendors, as no other vendor supplied unit pricing on asphalt rejuvenation, and rejuvenation is an important process to the success of the Transportation Capital Improvements Plan (TCIP), PTI was recommended for award because it was in the best interest of the County.

Specific questions concerning the above bid and this finding may be referred to James (Tony) Flegert at (352) 548-1218.

### Annual Roadway Construction for Milling and Resurfacing

RESPONSE DEADLINE: April 30, 2025 at 2:00 pm

Wednesday, August 20, 2025

## SOLICITATION OVERVIEW

<b>Project Title</b>	Annual Roadway Construction for Milling and Resurfacing
<b>Project ID</b>	ITB 26-47-LC
<b>Project Type</b>	Invitation To Bid
<b>Release Date</b>	March 19, 2025
<b>Due Date</b>	April 30, 2025
<b>Procurement Agent</b>	Leira Cruz Cáliz, NIGP-CPP, CPPB, CAPM
<b>Project Description</b>	The project scope is to mill and resurface select County Roads as identified by Work Order. In addition to mainline resurfacing, work may include include resurfacing or constructing paved driveways and side streets to the right of way line, installing side drains with mitered end sections, installation of Safety Edge, grading associated with the driveway construction and safety edge installation, and pavement markings.

## Introduction

### Summary

Alachua County Board of County Commissioners are requesting the submission of Bids for ITB 26-47-LC Annual Roadway Construction for Milling and Resurfacing.

The following apply to this Invitation to Bid (ITB): [Introduction](#), [Instruction to Bidders](#), [Terms and Conditions](#), [Insurance](#), [Scope of Services](#), [Attachments](#), [Sample Agreement](#), [Submittals](#), and [ITB Pricing Form](#). Specifications and supplementary documents are essential parts of the ITB and requirements occurring in one are as binding as though occurring in all.

Services, as defined herein, are to include all labor, materials, supplies and equipment in accordance with the terms, conditions, and specifications set forth within this solicitation.

EXECUTIVE SUMMARY

ITB No. ITB 26-47-LC

Annual Roadway Construction for Milling and Resurfacing

---

Bidder must be qualified and fully capable of performing the required Services while adhering to all laws, specifications, procedures, protocols, applicable guidance, and industry best practices.

The project scope is to mill and resurface select County Roads as identified by Work Order. In addition to mainline resurfacing, work may include include resurfacing or constructing paved driveways and side streets to the right of way line, installing side drains with mitered end sections, installation of Safety Edge, grading associated with the driveway construction and safety edge installation, and pavement markings.

Background

**Location:** Alachua County is located in North Central Florida. The County government seat is situated in Gainesville. Gainesville is located 70 miles southwest of Jacksonville, 129 miles southeast of Tallahassee, 140 miles northeast of Tampa - St. Petersburg and 109 miles northwest of Orlando. Alachua County has a population of over 250,000 and a regional airport. The County itself consists of a total area of 969 square miles.

**Form of Government:** Alachua County is governed by a Board of five (5) elected County Commissioners and operates under the established County Manager Charter form of government. In addition to the five County Commissioners, there are five elected Constitutional Officers: Supervisor of Elections, Sheriff, Clerk of the Court, Tax Collector, and the Property Appraiser. The Alachua County Attorney also reports to the Board.

**QUESTIONS AND ANSWERS**

**Approved, Unanswered Questions**

## Approved, Answers Provided

### 1. No subject

*Mar 19, 2025 8:51 AM*

**Question:** Can you please confirm that bidders are not required required to bid on all bid items and that it is acceptable to enter "no bid" for items not being priced?

*Mar 19, 2025 8:51 AM*

**Answered by Leira Cruz Cáliz, NIGP-CPP, CPPB:** Bidders are not required to bid on all items. However, bidders will need to bid on items necessary to complete the type of work they plan to perform. For example, if the work mix being bid on requires lane closures, the vendor will be expected to provide a unit price on MOT items. This may require a subcontractor. It is understood that not all contractors provide all services being advertised. However, some of the projects that will be completed with this contract will require a variety of work types (such as pavement markings or concrete work). So, if a contractor bidding on this contract needs a unit price for non-paving work, a unit price should be provided on the bid form, even if that price is provided to the prime contractor by a subcontractor. If a unit price is not provided at the time of bidding and a contract is awarded, then it will impact the number and types of work orders issued to that contractor.

*Mar 25, 2025 9:05 AM*

### 2. Asphalt Rejuvenation Specifications

*Mar 21, 2025 1:01 PM*

**Question:** As there is no specification for Asphalt Rejuvenation included in the bid documents, does the County intend to utilize the FDOT standard specification for Asphalt Rejuvenation?

*Mar 21, 2025 1:01 PM*

**Answered by James Flegert:** Those specifications were inadvertently omitted. They have been incorporated into the revised document.

*Apr 14, 2025 8:28 AM*

### 3. Specifications

*Mar 24, 2025 1:24 PM*

**Question:** Will you be providing the specifications for both conventional and premium micro surfacing?

*Mar 24, 2025 1:24 PM*

**Answered by James Flegert:** Those specifications were inadvertently omitted. They have been incorporated into the revised document.

*Apr 14, 2025 8:28 AM*

#### 4. Rejuvenating Scrub Seal

*Mar 25, 2025 11:10 AM*

**Question:** Can you please confirm that you will be providing specifications for Rejuvenating Scrub Seal per the ITB form where it says Scrub - Spec 335-5?

*Mar 25, 2025 11:10 AM*

**Answered by James Flegert:** Those specifications were inadvertently omitted. They have been incorporated into the revised document.

*Apr 14, 2025 8:28 AM*

#### 5. No subject

*Apr 8, 2025 10:17 AM*

**Question:** Will Mobilization, Haul & Milling cleanup be incidental to the Milling Items?

*Apr 8, 2025 10:17 AM*

**Answered by James Flegert:** Yes. With the exception of Paragraph 327-1, which is modified by the County's document, FDOT specifications apply.

*Apr 14, 2025 8:28 AM*

#### 6. No subject

*Apr 8, 2025 10:18 AM*

**Question:** For Turnout Construction it calls for OBG-1 4", What OBG will be required for the Sidestreet construction?

*Apr 8, 2025 10:18 AM*

**Answered by James Flegert:** The citation, "Turnout Construction," as , "OBG-1," is unclear as it does not appear in the typical details provided nor in the technical specifications provided. For information on pavement structures for turnouts please see Section 286 Turnout Construction.

*Apr 14, 2025 8:28 AM*

#### 7. Past Pricing

*Apr 23, 2025 8:47 AM*

**Question:** Since this is an annual bid contract it would be helpful to us to have all the previous pricing from last year. Is that something that you can email us? Or would I need to request this information from someone else?

*Apr 23, 2025 8:47 AM*

**Answered by Leira Cruz Cáliz, NIGP-CPP, CPPB:** This is the first time Alachua County is bidding these services out, so there is no historical information.

*Apr 23, 2025 8:48 AM*

## ADDENDA & NOTICES

ADDENDA ISSUED:

**Addendum #1**

*Apr 14, 2025 8:27 AM*

This addendum replaces the original technical specifications with the REVISED Technical Specifications. Also attached to this addendum for easier access.

Please use the [See What Changed](#) link to view all the changes made by this addendum.

*Attachments:*

· [SPECS 250412 Annual Roadway Construction Tech Spec revised](#)

**Addendum #2**

*Apr 14, 2025 11:12 AM*

This addendum extends solicitation deadline to April 30, 2025, and question deadline to April 20, 2025. Please use the [See What Changed](#) link to view all the changes made by this addendum.
