Strategic Guide:

Infrastructure

Background:

As the County does not have a means by which to produce its own asphalt, it is necessary to purchase asphalt to perform routine roadway maintenance activities. Activities include but are not limited to the filling of pot-holes, the repair roadway shoulders, and the repair of roadway travel lanes as required.

The Change Orders to Blanket Purchase Order 26-941 is to increase the blanket purchase order for upcoming projects in FY26. This is being paid using the sales tax infrastructure using the milling machine and laying down asphalt for bad areas of pavement.
