**Background:**

The Board of County Commissioners (BOCC) requests annual updates on accomplishments and work plans from all Alachua County Advisory Boards. This presentation on February 24 will provided these updates for the Citizen Climate Advisory Committee (CCAC) from the staff liaison and the current CCAC Chair. Created by the Board in 2020, the CCAC is appointed by the Joint Water and Climate Policy Board (JWCPB) and provides an opportunity for citizen involvement in climate change issues and concerns affecting Alachua County, City of Gainesville, and the surrounding municipalities. The committee advises the JWCPB on bold and innovative climate adaptation and mitigation strategies, policies, and target goals, reflected in the Climate Action Plan (CAP) approved in 2025. .
