Fiscal Note:

The additional needed funds will come from General Fund Reserves in a subsequent budget amendment.

Strategic Guide:

Emergency Services; Public Health, Social, and Youth Services; Transportation

Background:

At the February 10th Board meeting the County Commission authorized the County Manager to sign an amendment to an existing MV contract that would: Allow up to \$120,000.00 in additional payment; would not to exceed 120 days; MV agrees to take action necessary with the State to terminate so we can request State to procure; MV would reduce cost to the County by any amount of additional contracts obtained; and •ask MV Transport to provide historical data and current data regarding ridership, drop off distances, wait lengths, equipment needed, special assistance needed for the riders so that the County can have better data in terms of planning the long-term strategy for our transportation disadvantage service.

MV has since relayed to staff they cannot continue service under the above terms. The attached Third Amendment to the Agreement includes terms discussed with and acknowledged by MV that they can continue to provide service for six months and increases the total amount by an amount not to exceed \$240,000, with up to an additional \$40,000 paid per month.
